Prevention of Consumption.

Consumption is a preventable disease. Then why not prevent it? Every case is contracted by means of germs from some other consumptive. If you get consider it a monument to some other consumptive's ignorance, carelessness, or negligence. If you give, or make others liable to consumption, you are guilty of criminal negligence and deserve to be punished.

Consumption would be extinct in less than five years if all consumptives would exercise the proper precautions. This may mean you. Thousands of people in our State have consumption and do not know it. Many of them go about spitting, coughing, and sneezing in a careless manner, making their friends and associates most liable to the disease. Many others who may not have the disease are equally guilty of such filthy habits. Does this mean you?

Don't Spit! Oh, you say, that is an old saw. So it is, but it is the ounce of prevention which any one can easily supply. Ninety-five per cent of the spitting is an insanitary practice confined largely to the men. To be sure, it is filthy and dangerous to swallow mucus and phlegm coughed up. It is far better to rid the system of this secretion than to allow any part of it to enter the stomach. But, if spit you must, even this can be done in such a manner as to reduce the danger to a minimum. At home, spit only in the fire or in a spittoon. Keep water in the spittoon. Empty it daily and scald it out with boiling water. An excellent precaution is to add a half tablet of mercuric bichloride to the water in the spittoon when it is returned for use. Carbolic acid or calcium hypochlorite are also good, but they emit slight odors. Disinfectants injure brass spittoons. In public, never spit on the sidewalk or where it may come in contact with the skirts or clothes of others, or become dried stirred up as dust. Spit in the water in the gutters or in sewer inlets. Spit in the sunlight, as bright sunlight will kill the germs of consumption before they can become dry and float off as dust. Sneeze, cough, or spit in a handkerchief or, better still, use a paper napkin and burn after using. Consumptives should use spit-cups.

Whenever you see a careless spitter, consider him as a man dangerous to society and an enemy to mankind. Avoid him, and beware that others cannot so regard you.

Stopped Those Pains

Timberville, Miss.—Miss Gertrude Götlin of Timberville writes: "I did not know anything could stop these womanly pains, from which I suffered for two years, until I tried Cardui. I had been troubled with various female ailments, but they were cured in a little while, thanks to Cardui." Cardui is especially adapted for use by ailing women. It relieves headache, backache, dragging feeling, irregularly, nervousness, misery and womanly weakness. It is safe. It is reliable. It does the work. Will you try it? Please do.

CONGRESS MAY NOT END BEFORE AUGUST

Washington, Jan. 17.—Both Democratic and Republican leaders in the House of Representatives are agreed that there is little likelihood of Congress adjourning before August. It was said this probability was largely influenced by the Democrats in choosing Baltimore as the National Convention city. The Republicans will have a more awkward situation to deal with in their coming convention in Chicago, with Congress in session. Congress being in session during a National Convention period has not existed since 1892.

CHILDREN'S BUREAU APPROVED

Washington, Jan. 17.—The creation of a children's bureau in the department of commerce and labor recommended in a bill introduced by Representative Peters, of Massachusetts, was unanimously approved by the house committee on labor today. Senator Borah, of Idaho, is pressing for the same action in the senate. It is estimated that the bureau would cost \$30,000 a year.

NEW YORK HAS ANOTHER BIG BLAZE

New York, Jan. 17.—The Terminal Storage Company's seven story warehouse, occupying a full city block, near the North River Water front, containing merchandise valued at more than ten million dollars, was swept by fire this morning. The fire was discovered about midnight. It was not under control until 6:45 o'clock. The loss is estimated at one and one quarter million dollars. The structure's contents consisted mostly of goods awaiting delivery to New York department stores and was most inflammable nature.

WILSON SOUNDED OWN DEATH KNELL

Omaha, Neb., Jan. 18.—A statewide meeting of Nebraska Democrats was today called by Mayor Dahlman to confer on presidential possibilities. The meeting is a result of yesterday's conference regarding Colonel George Harvey's editorial in Harper's Weekly on the candidacy of Governor Woodrow Wilson and the statement of Colonel Henry Watterson, which Mr. Dahlman declares have made the nomination and election of Governor Wilson an impossibility.

The date is not announced, but Mayor Dahlman said it would take place in about two weeks. It will be held in the interest of no candidate and is called, Mr. Dahlman says, for the purpose of learning the purpose of Democrats in this State. Mayor Dahlman formerly was National committeeman.

The call set forth that the object of the meeting is "to talk matters over and take such action as will benefit the party and will prevent acrimonious dissensions which can only injure the candidate who eventually is nominated."

"Without the support of such men as are now turning their backs upon Governor Wilson," continues the statement, "no Democrat can hope to be elected President of this country, and with the elimination of Wilson as a possibility, there must of necessity be a realignment of those Democrats who once supported his candidacy."

Caught In a Rain.

Douglasville, Tex. — "Five years ago I was caught in the rain at the wrong time," writes Edna Rutherford, of Douglasville, "and from that time, was taker with dumb chills and fevers, and suffered more than I can tell. I tried everything that I thought would help, and had four doctors, but got no relief. I took Cardui, the woman's tonic. Now, I feel better than in many months." Cardui does one thing and does it well. That's the secret of its 50 years of success. Try Cardui.

Paint Lick Sick Lady

Paint Lick, Ky.—Mrs. Mary Freeman, of this place, says: "Before I commenced to take Cardui, I suffered so much from womanly trouble, I was so weak that I was down on my back nearly all the time. Cardui has done me more good than any medicine I ever took in my life." You need not be afraid to take Cardui. It is no new experiment. Composed of gentle-acting, herb ingredients, it has been found to safely relieve headache, backache and similar female troubles. Try it for your troubles.

To Lonesome Women!

Women living on farms and in rural districts haven't time to seek and enjoy social pleasures. Distances are too great—the work is too urgent. Women grow lonesome and listless when robbed of these pleasures.

The Rural Telephone

solves the problem. It enables women to talk with neighbors and friends and keep alive to the news of the day. Our free booklet tells how you can have a telephone in your home at small cost. Women living in the country should write for it. Address
