

THE STATE DISPATCH

Published Every Wednesday... The State Dispatch Publishing Company... James E. Foust, Secretary and Business Manager.

Entered as second-class matter May 20, 1908, at the post office at Burlington, North Carolina, under the Act of Congress of March 3, 1879.

Wednesday, Mar. 20, 1922.

According to all reports the old Dominion will soon have the Allen gangue housed.

If Taft is nominated and Wilson should be elected, I think you so will be popular.

If you desire Republican prosperity and plenty be sure to pay your poll tax before or on May 1st, otherwise you can not vote.

The Union Republican says: "The North Pole and the South Pole having been captured, the only thing now left is a dash for the November polls."

In New York a woman aged sixty, is suing a youth of nineteen for breach of promise. He should be made to marry her and then she should be immediately arrested for kidnapping.

Does prohibition pay, is a question which is being asked over and over every day. And it should be answered, if the officers of the law are energetic and fearless in performing their duty.

Its the ripping brooklet that makes the noise while the gigantic stream moves on with force and power. So it is with the Underwood boosters as compared with the Taft or Roosevelt forces.

The New York Herald, which has become recognized for the accuracy of its political forecasts now predicts the nomination of Taft and says that Roosevelt has no chance. This conclusion appears to be based on the fact that the support which Roosevelt is getting from malcontents and political outsiders in the Republican party.

The riot and killing in Carroll County Virginia has a peculiar significance because the victims were officers of the court. The tragedy indicates an element of citizenship which regard neither the spirit of the law nor the prompting of their own inward feeling. Crime is a heinous and desperate thing and if prompted by whiskey is what we might determine crazy crime.

We Wonder Where the Money Goes.

The Board of County Commissioners met in adjourned session Monday, March 11th and borrowed \$15,000.00 to take care of some outstanding notes now due and to meet the necessary expenses of the county. We wonder if the county is not collecting enough to meet its necessary expenses. We are surprised that our so-called good government, Democratic Government, if you please, should necessitate the borrow of money to meet the current expense of the county. We wonder where the money goes?

Origin of Dawg Song The Duag Song which has been going the rounds of the papers

has been traced back to Germany for its origin. It being a cradle song of the Fifteenth century. The German for the first verse of the song is: Jedesmal ich in's Dorfchen komm' Stossen die Jungens mein, Hund herum. Mir ist's egal was sonst sie thun Sie dürfen nicht stossen mein Hund herum! The English translation being: Every time I come into the little village, The boys knock my dog around. It's all the same to me what else they do; They must not knock my dog around. We are told the child-like Ozark mountaineer hums for his own delectation a lay made for the German child. This was doubtless sung to the children by German born parents, as we use "Rock a bye baby."

Taft Roll Growing.

Of the delegates chosen this week, 32 additional instructed Taft delegates help cinch the President's renomination. Fourteen delegates were instructed for Mr. Roosevelt, bringing his total strength to 15. Senator Cummins has two, President Taft now has 133, scattered through 14 of the commonwealths of the Union, of which number, despite ludicrously extravagant claims to the contrary, only 12 are involved in threatened contests.

Senator Cummins was able to hold one district in Iowa, while President Taft received instructed delegates from two. Popular primaries were held in Indiana, and Senator Dixon's strongest argument was demolished by overwhelming Taft victories in the Indiana districts. The week also witnessed the solidification of the Virginia delegation, which will go to Chicago to press the renomination of Mr. Taft.

In Missouri, eight counties in the Fourteenth district have already elected 89 Taft delegates to the district convention, which will be composed of 174 delegates. Galloway county chose a solid Taft delegation to the Ninth district convention. Jasper county has endorsed the President for renomination.

In Kansas, where Governor Stubbs is leading the opposition, the state committee endorsed the President by a vote of 45 to 14, and similar endorsements came from the committees of the First, Third and Seventh districts.

Colorado contributed through the action of the Denver city committee, 421 of its 422 members supporting the resolutions endorsing Mr. Taft for renomination. Pueblo county chose a solid Taft delegation to the state convention.

The Tennessee state convention, which renominated Gov. Ben W. Hooper, endorsed the President for renomination. In the Seventh Kentucky district the committee, with one dissenting vote, took similar action. Michigan counties are steadily falling in line, the Bay and Iron county delegations to the state convention being instructed for Taft.

One of the gratifying developments of the week has been the unanimity of sentiment evidenced by the business men of the country. Following the action of the Union League Club, of Philadelphia, whose membership, by a vote of 1,112 to 133 endorsed President Taft, business men of Pittsburgh effected a Taft organization; the Union League Club, of New York, went on record in opposition to the third term movement, and business organization in other large cities throughout the country are taking action in line with this sentiment. Organizations composed of men of German birth or descent are following the lead of the Social Turner Society of St. Louis, in declaring against a third term for any American president, and the action of the railroad men at Columbus, in declaring for Mr. Taft indicates that organized labor recognizes Mr. Taft's persistent and successful interest in its behalf.

L. W. Holt, President.

Roosevelt Believes Stubbs Wide Awake.

Oyster Bay, N. Y., March 14. Colonel Roosevelt assumed a look of innocent surprise when asked tonight if he had heard that Governor Stubbs, of Kansas, had protested, by telegraph, to President Taft, against the use of Federal patronage in the Kansas primaries. The ex-President exclaimed: "Did Governor Stubbs send such a telegram? Well, the Governor is wide awake, anyhow."

The former President spent tonight in conference with George Rublee, a New York lawyer and Dean Lewis, of the University of Pennsylvania law school, both of whom are active in the Roosevelt move. He put the finishing touches upon the speech he is to make in New York next Wednesday night on the right of the people to rule. From all that can be learned, the colonel's speech is to be a comprehensive attack upon his adversaries.

The colonel wound up his jury duty at Mineola today, when he was excused by Justice Putman. As the colonel was leaving the court the clerk told him he had \$38.70 coming to him for jury service a mileage. "I haven't any mileage owing me," replied the colonel, with a smile. "I came here in my automobile." Just the same the clerk will send the colonel an order on the county for the full amount.

Two Kinds of Girls

Deliver us from the modern girl if she is the kind that is always seen on the streets who, if turned loose in a kitchen, would not know the difference between a skillet and a sauce-pan, who knows not the difference between "saltrising" and any other kind of bread. Woe unto the man who is so unfortunate as to get one of these "creatures" for a helpmate. For should the cook fail to turn up—a most likely happening—any one of these frosty mornings, he must go breakfastless to his work or else suffer the pangs and horrors of indigestion caused either by his wife's leaden biscuits or the fare from some downtown restaurant. Give us the old fashioned sunbonnet girl who knows how to prepare a meal which shall really satisfy the inner man.—Gastonia Gazette
