THE TIME TO MAKE A WILL

Is when the faculties are unimpaired by time or the ravages of disease.
 It requires expert knowledge of the dictates of the law to properly execute a will, and unless all the little technicalities are carefully observed, your will may prove to be as worthless as the paper it is written on.
 And, as you can change your will as often as you desire, or destroy it entirely, why should you hesitate? You have all to gain and nothing to lose.
 Come in and talk with us about it; the benefit of our eighteen years experience in this line is at your disposal, and remember this, it will cost you absolutely nothing, when you appoint us as your Executor, to have your will drawn properly and safely kept.
 It will be time well spent to investigate this matter whether your worldly goods amount to much or little, and we shall be glad to take time and explain anything about it that you do not understand.

Come in and talk it over with us.

Women Arrested

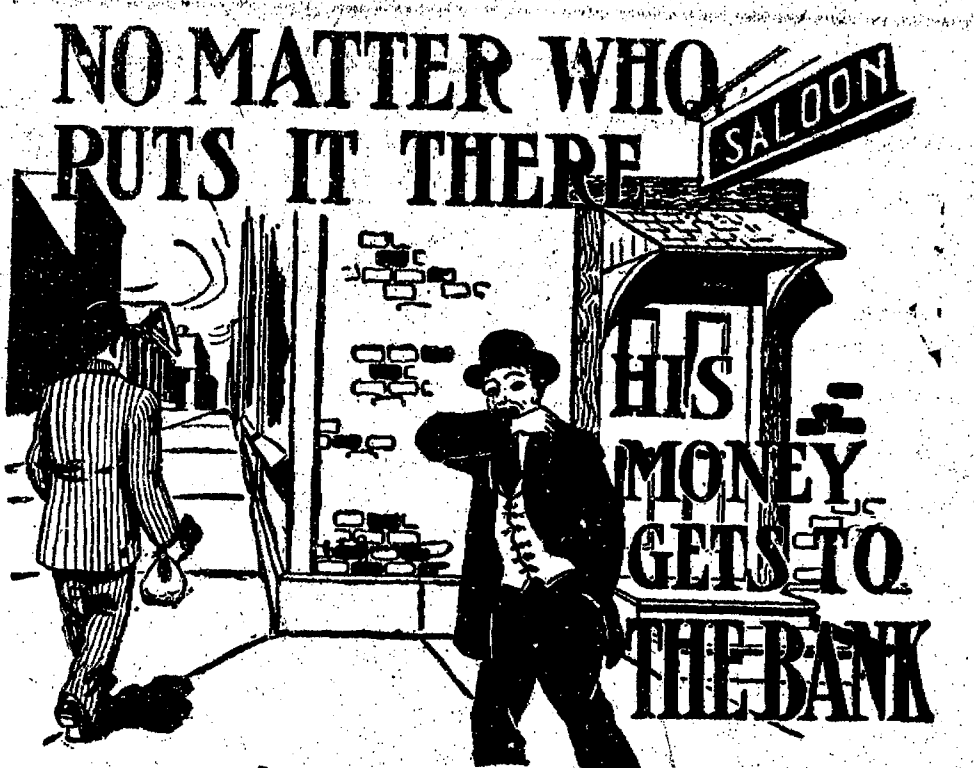

Atlanta, Ga., May 24—Two women were arrested here today and were later jointly indicted with three men previously arrested for larceny, in connection with the theft of \$30,000 worth of jewelry here last April. The diamonds and other gems were taken from two trunks, belonging to Sol and Harry Gilsey of Cincinnati, as they were being transported from a local hotel to a railway station.
 The women are Mrs. Ida Wrenn and her sister, Mrs. Morris, both of whom later made \$500 bonds. The men under arrest are: George Kaul, George Wrenn and Carl Rhoddy.
 About \$27,000 worth of the jewelry has been recovered.

Wilson Issues Address To New Jersey Voters

Trenton, N. J., May 24—Governor Woodrow Wilson has issued an "Address to the Voters of New Jersey", explaining why he did not take the stump to ask for their votes at the coming primaries and attacking his opponents, who organized against him and placed on the primary ticket a full set of "uninstructed" delegates to the National convention. Governor Wilson is the only candidate for the Democratic Presidential nomination openly seeking votes at the State primaries. He says nothing he could say upon the platform could alter, for better or worse, his record, which he states is well known. He says: "It would be unbecoming in me to commend it to you, or seek to give it color by my own exposition of it."
 Post—"Do you think the day will ever come when there will be no coal left on earth?" Parker—"Well, it won't be our cook's fault if it doesn't."—Life.
 Judge—"Why didn't you stop beating him when he cried, 'Enough!'" Sambo—"W'y, ye see, sah, dat niggah is sich a liah ye can't nevah believe 'im,"—Judge.
