DON'T DELAY

Some Burlington People Have Learned That Neglect is Dangerous.

The slightest symptom of kidney trouble is far too serious to be overlooked. It's the small, neglected troubles that lead to serious kidney ailments. That pain in the "small" of your back; that urinary irregularity; those headaches and dizzy spells; that weak, weary, worn-out feeling, may be nature's warning of coming dropsy or fatal Bright's disease. Why risk your life by neglecting these symptoms? Reach the cause of the trouble while there is yet time—begin treating your kidneys at once with a tried and proven remedy. No need to experiment—Doan's Kidney Pills have been curing kidney trouble for over 50 years. Doan's Kidney Pills are used and recommended throughout the civilized world. Convincing testimony follows:
T. C. Bradshaw, Mill St., Graham, N. C., says: "I cannot say too much in praise of Doan's Kidney Pills, and I strongly urge anyone suffering from kidney trouble to at least give this remedy a fair trial. I had pains in my back for nearly two years and nothing was of permanent benefit until Doan's Kidney Pills were tried. They helped me from the first and before long I was completely rid of backache. My cure has proven permanent."
For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

\$100 REWARD, \$100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure! Send for list of testimonials.

Fifteen Horses Stabbed.

Chicago, June 7.—Fifteen horses stabled in the barn of the E. E. Walsh Transfer company were cut and stabbed by unidentified men early today. One horse died from its wounds and another was injured so severely it was shot.
The police attributed the outrage to the warfare between the International Teamsters' union and the Chicago Teamsters' union, rival organizations of teamsters.

It goes without saying that on this occasion of the coming of wit and festivity an expression of hearty fellowship by those who have heretofore been separated at heart; and at the I wish to express my appreciation of the special courtesy extended to me by the Phi Kappa Phi Literary Society in its me to be present and share the joys of this banquet. I appreciate this privilege, not only on the occasion, but also in the of the exhilarating circumstances of the occasion, but also in the of the hallowed association connected with the beginning happy occasion of including a banquet as a feature of the University Commencement; was my good fortune to be present at the first of these banquets in the spring of 1904 at the thrilling plea of the late Mr. Molver for the education of the girls of North Carolina. I am sure that those of us who have heard his speech can never forget its substance or the eloquence with which it was delivered.
Since we younger Alumni do not possess the sweep of years, we cannot hope to have the same memories of school days upon the lapse of years and the of circumstances have their peculiar charm; but hope that our verbal outpourings, though they fail to inspire or even amuse, will be free from any positive that is permanent and able.
I am but repeating what I say that every of this institution is a trust as such is bound by the obligations of an implicit promise which prescribed must devote his life to the ment of the highest proficiency for all the people that is true and beautiful. That, as I understand the controlling ideal of this University, it is based upon found recognition of the of the common man as a "asset of a democracy." I believe it to be the highest the University man to the rights, protect the and promote the efficient average man. The task at first glance to be simple and easy enough, but its performance under the of modern life really much of the stuff of which and martyrs are made. who today stands unflinchingly for equality of opportunity and a fair chance for all as did the man of Gal have thrown about him of the fascinations and alternatives of the temptations; and in the to the last of these tasks may be said to consist of a national course. In when so many in high selling their most precious right for a mess of pottage, violating the most sacred of public and private rights, and by the great mass and by people are placing up honesty a premium which it ever yielded before. preme demand of our the plain, old-fashioned homespun honesty of four pecks to the bushel and to the yard everywhere, without fear or ward or the hope of the people are looking man who spurns all dishonesty, whether it stealing from the cashier or corrupting the elector sake of public office, for the restraint of trading on the result of game; and it is the privilege of the University man, in the interest of public virtue, to do all in his power to protect society from its blight.
To the University I wish to follow the path that invests these days with the New South presence.
