OUR TICKET.

For President:
William Howard Taft.
For Vice President:
James S. Sherman.

We are told Vermont is suffering from frost. How funny.

That the farmers will vote solidly for Taft can be depended upon.

The Democratic leaders can readily see they have nothing to hope for from Wilson.

If you spend your vacation at Sea Girt you better carry some scrip lest you might not be welcome.

Things appear rather on the quiet with the Bull moose, wonder if he has been liked? We suppose he is grooming.

The past record of Taft has been weighed in the balance and found far weightier than the utterance of any of his opponents.

A vote for Wilson means free trade and no market for the farmer. Who is foolish enough to take a chance? Certainly not a farmer.

The man of Rochester who was chasing a bee when he fell down and killed himself might have been governed by the moral, never look for a chance to be stung twice.

We are told that the English press is solid for Wilson. Well, we reckon so. This would mean the bankruptcy of our manufacturers and England would soon flood our markets with goods with very little or no tariff. They are only working politics.

Those Vacation Days.

Those vacation days are usually the most pleasant days in the world and justly they should be. We look forward for many months to the time of their arrival. We live in anxiety looking forward to the good time we are going to have. An ideal way to spend their most pleasantly is camping. This gives the body the much needed outdoor air. Houses are good places for rough cold and rainy weather but living in the outdoors is by far better during the delightful summer.

If we American people living in this fast age would remain in the fresh air more we would have less of the many dreaded diseases.

To overflowing house Mrs. Bell, marten of the nazareth orphan home of Crescent N. C. and fifteen of the orphans presented an exercise at the Reformed Church Sunday night which is seldom excelled. The entire program being rendered without a word from Mrs. Bell who remained at the organ.

Invariably of One Opinion

As our subscribers and friends call in our office from day to day to renew their subscription and speak of the present political situation we find them invariably of one opinion. "Before the nomination", says one brother, and this speaks the sentiment of the majority, "I was for Roosevelt but now I expect to support the nominee of the Republican party." This brother goes on to say, "I have always been a true and tried Republican and expect to stick to the principals for which this party stands.

By weighing public opinion carefully we find the majority of the people are satisfied. Why then make a change?

If it requires a place of quietude and three or four days for Governor Wilson to write his speech accepting the nomination wonder where he will go when he gets into the thickest of the thickest of the fight.

As things Move

(From The Yellow Jacket)
Of course the world do move. Once men put a rock in one end of the sack and the corn in the other when they went to mill. They rode in ox carts to Church and plowed with a wooden plow. And we do things different now. And so it must be in politics. The ox cart, the wooden plow and the rock in the sack of politics have all got to go or we will all go to the devil in a hand cart.

Fun and Fancy.

The Democratic mule. Once thought to be a fool. But loaded down with wisdom new. He lifted up his tail And forced a mighty wail From Teddy, Taft and Tariff, too.

The Democratic mule. Once thought to be a fool. Yet when his donkey's trumpet blew, He humped himself in style And licked them half a mile— King Teddy, Taft and Tariff, too.

The Democratic mule. Once thought to be a fool. With Wilson brave and always true, He'll break the tariff wall, And laugh to see the fall Of Teddy, Taft and Tariff, too.

The Democratic mule. Once thought to be a fool. Now sagely says, "The fight renews, And I shall fill the chair, The presidential chair, Of Teddy, Taft and Tariff, too." —E. S. D. in Columbia State.

Actress Is Found Tied And Gagged

New York, July 17.—Ethel Conrad, the actress, who with Lillian Graham, achieved much publicity a short time ago by shooting Millionaire W. E. D. Stokes in the legs, was found early this morning lying bound with a clothes line and gagged with a handkerchief in a vacant lot on 181st street. She was discovered in a semi-conscious condition and a bottle, which had contained chloroform, close to hand, lent color to her statement that she had been drugged by a "dark man with a black mustache," whom she had noticed watching her closely in a subway train.

A peculiar feature of the girl's story is the fact that while she claims to have been placed in the vacant lot by her assailant between 1 and 2 o'clock in the morning, she did not get drenched in the heavy rain which fell at intervals between midnight and 4 o'clock, when she was found. An examination by the physicians at the Washington Heights hospital to which the young woman was taken revealed no trace of physical violence. They put the case down as one of hysteria. Miss Conrad gave her address in such a vague way that the police had considerable difficulty in notifying her mother of her strange experience. Her friend, Miss Graham, who called at the hospital early in the day, had no comment to make other than "isn't it terrible."

It was only a year ago that Lillian Graham met with an adventure on her own account. She vanished and later reappeared at Poughkeepsie. A stranger

had put a bag over her head and kidnaped her, she said.

Sad Accident At Asheville.

Asheville, July 18.—Parke Shuford son of Alderman W. E. Shuford, aged twelve accidentally shot and killed himself just before dark, while gunning for pigeons with a neighbor boy in latters. He sat on a wagon with his rifle on his knee waiting, it is supposed he saw some pigeons coming, jumped down and touched the trigger with his toe. The bullet a .32 caliber, entered under the chin and came out at the base of the brain and he lived about 10 minutes, unconscious.

A Question of Names.

(From The Youth's Companion)

In some of the country districts of Ireland it is not an uncommon thing to see carts with the owners' names chalked on to save the expense of painting. Practical jokers delight in rubbing out these signs to annoy the owners.

A constabulary sergeant one day accosted a countryman whose name had been thus wiped out unknown to him.

"Is this your cart my good man?"

"Of course it is!" was the reply. "Do you see anything the matter with it?"

"I observe," said the pompous policeman, "that your name is obliterated."

"Then ye're wrong," quoth the countryman, who had never come across the long word before, "for me name's O'Flaherty and I don't care who knows it."

The Two-thirds Rule.

(From The Concord Tribune.)

Before the Baltimore convention there was much talk among Democrats in regard to abrogating the two-thirds rule at national conventions, but since Wilson was nominated after Champ Clark had received a majority makes the majority feel that a mistake was avoided. The Democrats have been the gainers both by the two-thirds rule in their own convention and the absence of it in the Republican convention. If the two-thirds rule had been in force in Chicago, neither Taft nor Roosevelt would have been nominated. No doubt Governor Hadley would have been the nominee, a much more formidable man than the President or the Colonel. If a majority would have nominated at Baltimore, Champ Clark would have been chosen, and the party would have been seriously handicapped.

We should learn to have noble desires to order to have no need for sublime resolutions.—Schiller.

The fight will be strictly between Col. Roosevelt and Mr. Wilson. The chances are Mr. Taft will not get a single electoral vote. In that event its easy to see that Col. Roosevelt will be the next president of the United States.—News Dispatch.
