FOR PUBLIC WEAL

(Continued from Page Three.)

will make it impossible for patents to be suppressed or used against the public welfare in the interests of injurious monopolies.

We pledge our party to secure to the Interstate Commission, the power to value the physical property of railroads. In order that the power of the commission to protect the people may not be impaired or destroyed, we demand the abolition of the commerce court.

We believe there exists imperative need for prompt legislative for the improvement of our national currency system. We believe the present method of issuing notes through private agencies is harmful and unscientific. The issue of currency is fundamentally a government function and the system should have as basic principles soundness and elasticity. The control should be lodged with the government and should be protected from domination or manipulation by Wall Street or any special interests.

We are opposed to the so-called Aldrich Currency Bill because its provisions would place our currency and credit system in private hands, not subject to effective public control.

The time has come when the federal government should cooperate with manufacturers and products in extending our foreign commerce. To this end we demand adequate appropriations by Congress, and the appointment of diplomatic and consular officer solely with a view to the special fitness and worth and not in consideration of political expediency.

It is imperative to the welfare of our people that we enlarge and extend our foreign commerce. We are pre-eminently fitted to the this because, as people, we have developed high skill in the art of manufacturing; our business men are strong executives, strong organizers. In every way possible our federal government should cooperate in this important matter.

Anyone who has had opportunity to study and observe first hand Germany's course in this respect must realize that their policy of co-operation between government and business has in comparatively few years made them a leading competitor for the commerce of the world.

It should be remembered that they are doing this on a national scale and with large units of business, while the Democrats would have us believe that we should do it with small units of business, which would be controlled not by the national government, but by forty-nine conflicting state sovereignties. Such a policy is utterly out of keeping with the progress of the times and gives our great commercial rivals in Europe—hungry for international markets—golden opportunities of which they are rapidly taking advantage.

The natural resources of the Nation must be promptly developed and numerous used to supply the people's needs, but we cannot safely allow them to be wasted, exploited, monopolized, so controlled against the general good. We heartily favor the policy of conservation and we pledge our party to protect the national forests without hindering their legitimate use the benefit of all the people. Agricultural lands in the national forests are should remain open to the genuine settler. Conservation will not retard legitimate development. The honest settler must receive his patent promptly without hindrance, rules or delay.

We believe that the remaining forests, coal and oil lands, water power and other natural resources still in state or national control (except agricultural lands) are more likely to be wisely conserved and utilized for the general welfare if held in the public hands. In order that consumers and producers, managers and workmen, now and hereafter, need not pay toll to private monopolies of power and raw material, we demand that such resources shall be retained by the state or Nation and opened to immediate use under laws which will encourage development and make to the people a moderate return for benefits conferred.

In particular, we pledge our party to require reasonable compensation to the public for water power rights hereafter granted by the public. We pledge legislation to lease the public razing lands under equitable provisions now pending which will increase the production of food for the people and thoroughly safeguard

the rights of the actual home-maker. National resources whose conservation is necessary for the national welfare should be owned or controlled by the Nation. (continued next week)

The Negro and the Progressive Party.

To the Editor of The North American:

No doubt the southern negro delegates to the Progressive convention will feel greatly embarrassed at Colonel Roosevelt's actions in barring them from the convention, for the simple reason that they have always been loyal Roosevelt supporters.

The negro very often makes a mistake when he so readily reaches the conclusion that such steps were taken just because he was a negro.

If the negro delegates or any fair-minded, intelligent negro would stop and review the colonel's attitude toward the negro in the past, his continual fight to see that every man gets justice, then we would feel quite different toward the stand he has taken in regard to the negro and the Progressive party.

The southern negro so often makes a mistake when he enters politics. You can hear of him voicing the sentiment of the negro race, when, in reality, it is his individual idea he is expressing for his own political interest.

For an honest-thinking negro it is quite plain for him to realize the advantage in Colonel Roosevelt's present ruling. Thousands of southern negroes have, no doubt, voted for the colonel and will very likely do so again.

Shocking Sounds

In the earth sometimes heard before a terrible earthquake, that warn of the coming peril. Nature's warnings are kind. That dull pain or ache in the back warns you the kidneys need attention if you would escape those dangerous maladies, Dropsy, Diabetes or Bright's disease. Take Electric Bitters at once and see backache fly and all your best feelings return. "My son received great benefit from their use for kidney and bladder trouble," writes Peter Bondy, South Rockwood, Mich. "It is certainly a great kidney medicine." Try it. 50 cents at Freeman Drug Co.

FOUND!

A certain amount of money. If the owner will call at the law offices of E. S. W. Dameron and furnish proper evidence of the amount and character of the money, same will be returned, less the expense of this advertisement.

Almost Lost His Life.

S. A. Stid, of Mason, Mich., will never forget his terrible exposure to a merciless storm. "It gave me a dreadful cold," he writes, "that caused severe pains in my chest, so it was hard for me to breathe. A neighbor gave me several doses of Dr. King's New Discovery which brought great relief. The doctor said I was on the verge of pneumonia, but to continue with the Discovery. I did so and two bottles completely cured me." Use only this quick, safe, reliable medicine for coughs, colds, or any throat or lung trouble. Price 50c and \$1.00. Trial bottle free. Guaranteed by Freeman Drug Co.

Made in five styles and illustrated and described in Stevens Shotgun Catalog. Have your Dealer show you a Stevens Repeater. I. STEVENS ARMS & TOOL COMPANY, P. O. Box 5094, CHICOPEE FALLS, MASS.

Organizing in Louisiana

New Orleans, La., Aug. 14.—Leaders of the Progressive party here expect to have their state organization completed by the time Colonel Roosevelt arrives in New Orleans, probably about September 20. Arrangements were made yesterday for a convention here the first week in September to select members of the state central committee.

Read the Book.

We take pleasure in announcing that any of our readers can secure the above vest pocket book free of charge by sending 2c. for postage to D. Swift and Co., Patent Lawyers, Washington, D. C. This book contains tables showing which states each presidential candidate carried in 1908, the number of Democrats and Republicans elected by each state to Congress in 1908 and 1910, the leading events of the life of each President, from Washington to Taft. It also gives the population of each state according to the census reports of 1890, 1900 and 1910, the population of about 20 of the largest cities in each state, a calendar for 1912 and 1913 and much other useful information.

Caught in a Rain.

Douglasville, Tex. — "Five years ago I was caught in the rain at the wrong time," writes Edna Rutherford, of Douglasville, "and from that time, was taken with dumb chills and fevers, and suffered more than I can tell. I tried everything that I thought would help, and had four doctors, but got no relief. I took Cardui, the woman's tonic. Now, I feel better than in many months." Cardui does one thing and does it well. That's the secret of its 50 years of success. Try Cardui.

Terrible Picture of Suffering

Clinton, Ky.—Mrs. M. C. Mc Elroy, in a letter from Clinton, writes: "For six years, I was a sufferer from female troubles. I could not eat, and could not stand on my feet, without suffering great pain. I had lost hope. After using Cardui a week, I began to improve. Now I feel better than in six years." Fifty years of success in actual practice, is positive proof, furnished by those who have used it, that Cardui can always be relied on for relieving female weakness and disease. Try Cardui, today, now!

Spit, Quill, Fit.

Hines, Ala.—In a letter from this place, Mrs. Eula Mae Bradley says: "I used to spit up all I ate. I was tired and sleepy all the time. My head ached, and I could hardly drag around. Since taking Cardui, this has entirely quit, and now I feel quite fit." Mrs. Bradley suffered from nervous indigestion. Cardui builds up the nervous system, and strengthens the womanly constitution. That's why Cardui helped Mrs. Bradley and why it will help you. Try it.
