Theodore Roosevelt.

For Vice President:

Hiram W. Johnson.

OUR PLATFORM:

THE PEOPLE SHALL RULE.

OUR WATCHWORD:

SQUARE DEAL TO EVERY MAN.

And a woman was the cause
of it all.

And still they are joining the
Progressive party.

The People do Rule.

Gilmore and Morehead Town-
ships in Guilford County voted
\$200,000.00 for our new railway.
They did better than Alamance.

With all the misrepresenta-
tions by the enemy the people
took stock in the Greensboro,
Northern & Atlantic Railroad to
the amount of \$85,000.00.

The New York American nar-
ran up the white flag by saying
the solid west will give its elect-
oral vote to Roosevelt and John-
son. And tonight as well have
added the old East.

Well, We drop you trust bust-
er and boss destroyer the report
that you took only soup when the
Tammany Bosses wine and din-
ed you, and that you hid your
face so the camera man couldn't
get that beautiful mug of yours
on the same card with the Tam-
many Leaders. Sounds very pa-
thetic indeed. Really you have
got no kick coming for you are
for local option and so is Tam-
many, and in fact those drinks
should have suited your thirst.

Progressive First To File Petition.

TRENTON, N. J., Sept. 5.—
George D. Chenoweth, of Wood-
bury, a prominent Camden county
Progressive, yesterday filed
with the secretary of state his
petition as a Bull Moose candi-
date for congress from the first
congressional district. Mr.
Chenoweth is his own campaign
manager.

Mr. Couch of Durham spent
Sunday in town the guest of
Miss Cal Boland.

Home Training.

We are not publishing a church
newspaper, but it is always in
order to do or say anything that
will help mankind. We wish
that all the fathers and mothers
of our town could have heard the
sermon last Sunday morning at
the Presbyterian church of our
town, not for its eloquence or or-
atory, but for its force from the
life of Eli in his acts of omission
in properly rearing his own chil-
dren. It's a sad picture to be-
hold, our moral life, when it be-
comes necessary for our Sunday
Schools and our day schools have
to give the training to the boys
and girls of our town that should
be given at home. But it's no
wonder that children are not
trained at home, when we see
the number of lads that are
on the streets every night. Re-
store home life and home train-
ing and the Sunday School will
be without employment. Train
the children at home and you
will assist the graded school
teachers in their daily task.

Train your children at home,
instead of letting the street
loafer train them for us and you
will have nothing to regret in
mature years.

The home-trained boy or girl never
brings down sorrow or disgrace
on the heads of their parents in
after years. "Honor thy father
and thy mother that the days
may be long in the land which
the Lord thy God giveth thee."

Waller Injunction.

Well boys, we are still doing
business in the same old way, in
the same place, and under the
same organization, and we dis-
close no secret when we say to
you that we are going to keep
going, for there is no just cause
why we should not contrive.

Last Monday night was the
time to hear the prayers of the
petitioner for a restraining order
for the Dispatch, but the peti-
tioner prayed the second time,
and his prayer was that he
might have two weeks more
time in which to secure more
prayers with which to rebut the
acts and facts of the State Dis-
patch Publishing Co.

We rather appreciate Mr. Waller's
kindness in making the re-
vocation of the Dispatch nation-
wide. This novel proceeding
has been a current topic with all
the large eastern dailies. In fact,
it's added subscribers to our list,
and stronger friends to our band.
The only thing that shows low
and exceedingly common is a
number of statements that the
Complainant has given out that
are absolutely false.

We note one case of in-
suing stock and paying it away.
This is untrue of the full width
of the whole cloth.

We rather love criticism and
opposition, but let us have it
from the hands of clean men and
not from the hands of corrupt
dealers.

We await with confidence the
final result of the issue.

Hazing—Barbarism.

The saddest story in North
Carolina's college life was writ-
ten last Friday morning, when
Freshman "Billy" Rand met his
death at the hands of a number
of newly initiated Sopomores.

The men and women of our
state who have never attended
the University, can not full real-
ize the real significance of this
avert act. The average layman
rose up at once and condemned
the college authorities and said
if the faculty and president had
done their duty, there would have
been no hazing allowed. Dr.
Venerable, the President, the
faculty and the advanced classes
of the student body have labor-
ed diligently to blot out this relic
of the dark ages, but have in part
failed, and the authorities of the
University will appreciate your
assistance in removing this com-
mon college evil. In fact if the
proper training was given at
home, it would not be necessary
for the University or other in-

stitution to take steps to erad-
icate this college evil, because the
youth of our state would be above
such silly conduct. Hazing is
not the conduct of a mature
college man, but rather the wild
and thoughtless act of a fellow
not educated to his environment.

The price is very great and the
sacrifice is beyond the under-
standing of men, but we believe
that to remove this stain of error
forever from our college life,
that innocent Billy Rand should
bear the burden. Our heart is
bowed in grief to-day with every
other college man in the saddest
hour of our Alma Mater's history.

Let us join hands and hearts
with the parents of our state in
a betterhome life and training
that will place the morals of our
sons above that demonstrated at
Chapel Hill last Friday morning
before the king of Right had
come to bless the long deluded
day.
