Variety in the S. S. Programs.
L. W. Holt, Pres.

Glorious News.

come from Dr. J. T. Curtiss, Dwight, Kan. He writes: "I not only have cured bad cases of eczema in my patients with Electric Bitters, but also cured myself by them of the same disease. I feel sure they will benefit any case of eczema." This shows what thousands have proved, that Electric Bitters is a most effective blood purifier. Its an excellent remedy for eczema, tetter, salt rheum, ulcers, boils and running sores. (It stimulates liver, kidneys and bowels, expels poisons, helps digestion, builds up the strength. Price 50 cents. Satisfaction guaranteed by Freeman Drug Co.

Leon Sanders Out For Roosevelt And Straus.

New York, Sept. 15.—Justice Leon Sanders, of the Municipal Court, long prominent in Democratic politics on the East Side, has left his party to become a Progressive. In making this announcement yesterday he predicted that Roosevelt and Straus would carry the East Side at the coming election and said that thousands of his people who had previously lost interest in politics would come out this year and vote the Progressive ticket.
"Roosevelt's personality, Mr. Straus's popularity and the magnificent platform upon which they stand will sweep the East Side," said the judge. "There are thousands on the East Side who have not voted for years because of their disgust with machine politics. Some of them have gone over to the socialists, but this fall they will vote the Progressive ticket, realizing that the principles of the Progressive party are opposed to the political boss. Most especially is there enthusiasm for the new party and the new ideas among the young men of the East Side, and it is to them and their votes that we are looking for a victory in the fall."
"I believe," continued "that Mr. Straus is an ideal candidate and that his nomination establishes a standard for executives that has never before been attained and if he is elected he will give us the cleanest administration that this state has ever had. He is a statesman, diplomat and public spirited citizen and I have no doubt of his election."
Justice Sanders recently returned from Europe, where as president of the Hebrew Sheltering and Immigrant Aid society, he was interested in forming with Israel Zangwill, Lord Rothschild, Dr. James Simon, of Berlin and J. L. Greenberg, the editor of the Jewish Chronicle, the international board that will attempt to regulate and send to the right places Jewish immigrants. He said that he was particularly impressed with the old age funds in Germany and is enthusiastic over the idea. He began then, he says, to consider joining the Progressives and recently made up his mind to cast his political fortunes with them, though his Democratic friends warned him that he is sacrificing his chances for judge a higher court.

The worst feature of the vacation season are the jokes they print about it.

An Appeal to Louisianians.

The American people are the verge of a great national election, spelling defeat and death of the Republican party and assuring stability of the national progressive party, headed by Col. Theodore Roosevelt the man who fostered it.
Roosevelt is without doubt the best man to occupy the president's chair, to receive the highest honors within the power of the American people to give.
With Roosevelt again our president, at the helm of our great ship of state, to guide our nation's destinies, we will ride through the storms of the future in safety.
The solemn duty of selecting a President of this country is the most responsible task of the American citizen and should the people fail in the proper selection of a leader, bringing occasion for a lack of confidence and feeling of unrest throughout the commercial sphere, and its accompaniment prevailing demoralizing conditions throughout our domain, together with business stagnation and multitudes of the unemployed, clamoring, begging, busuching, increasing with every succeeding moment the bread lines of the country, then that remorse attacks the vitals of our manhood, awakening this slumbering feeling of responsibility to its full height of study.
We should not forget the president is a representative of the people by the people and for the people as well as a defender exercising a powerful influence for good or evil upon our daily existence and is responsible in a great measure for the happiness, health welfare and inforcements of any man, woman and child in the United States.
Then why should the sons of Louisiana hesitate? Why should the sons of the son of the south linger, rallying to the support of an enemy?
I have always voted as a regular democrat, but the principles of the party I have found wanting. A tariff for Revenue only to run this great government on an economical bases, how ridiculous it does sound, and after fifty years of effect, have succeeded in electing one man Grover Cleveland and how fresh in the minds of the people is the remembrance of the awful panic during this democratic regime.
Fellow citizens why support a party inimical to your interests? Would you invite an enemy to dine at your table?
Then why vote for the party whose very principles are antagonistic to our industries.
Seven months ago, sugar one of our foremost industries was cut off and the history of that fight made while a great portion of Louisiana was inundated due to high waters of the Mississippi, is known from Canada to the Gulf of Mexico, from the Atlantic to the Pacific Oceans.
I ask you my friends which was our enemy.
Did not Louisiana appeal to the Republican to prevent this midnight stroke?
Was this not very undemocratic on the part of Louisiana?
And fellow citizen was it not the Republican who saved us from our false friends; saved our foremost industry; prevented the passing of FREE SUGAR BILL, saving many thousands from pauperism.
I have written the abovenot in support of the Republican party but to show that the Republican party preferable to the Democratic party.
To protect our industries, our representatives vote for Republican measures, thereby gaining their support. Louisiana's representatives are Democrats in name only. Two white parties for Louisiana are now assured, the national progressive party the Democratic party and let me say to you my friends, the Progressive may not show a majority on November 5th, but Louisiana will give Colonel Roosevelt a large vote, a great deal larger than the Republican will pole as I concede them five votes, and at the most.
My vote I will cast for Colonel Roosevelt and every effort within my power will be made to convince my friends that the Col is the best candidate to support.
Yours truly,
E. Weidig.

For Sale Cheap.

A good 6 h. p. gasoline engine, wood saw, Ohio cutting machine No. 11, 2 good belts, all in good running order. Will exchange for stock, or second handed saw mill. Apply to F. L. Spoon, or Phone Snow Camp 611, Harts-horn, N. C.

For Register of Deeds

I hereby announced my candidacy for the office of register of deeds of Alamance County, subject to the action of the democratic convention to be held on the 7th day of September, 1912.
H. D. Lambeth.

Read the Book.

We take pleasure in announcing that any of our readers can secure the above vest pocket book free of charge by sending 2c. for postage to D. Swift and Co., Patent Lawyers, Washington, D. C. This book contains tables showing which states each presidential candidate carried in 1908, the number of Democrats and Republicans elected by each state to Congress in 1908 and 1910, the leading events of the life of each President, from Washington to Taft. It also gives the population of each state according to the census reports of 1890, 1900 and 1010, the population of about 20 of the largest cities in each state, a calendar for 1912 and 1913 and much other useful information.

Caught in a Rain.

Douglasville, Tex.—"Five years ago I was caught in the rain at the wrong time," writes Edna Rutherford, of Douglasville, "and from that time, was taken with dumb chills and fevers, and suffered more than I can tell. I tried everything that I thought would help, and had four doctors, but got no relief. I took Cardui, the woman's tonic. Now, I feel better than in many months." Cardui does one thing and does it well. That's the secret of its 50 years of success. Try Cardui.

Terrible Picture of Suffering

Clinton, Ky.—Mrs. M. C. Mc Elroy, in a letter from Clinton, writes: "For six years, I was a sufferer from female troubles. I could not eat, and could not stand on my feet, without suffering great pain. I had lost hope. After using Cardui a week, I began to improve. Now I feel better than in six years." Fifty years of success in actual practice, is positive proof, furnished by those who have used it, that Cardui can always be relied on for relieving female weakness and disease. Try Cardui, today, now!

Spit, Quit, Fit.

Hines, Ala.—In a letter from this place, Mrs. Eula Mae Bradley says: "I used to spit up all I ate. I was tired and sleepy all the time. My head ached, and I could hardly drag around. Since taking Cardui, this has entirely quit, and now I feel quite fit." Mrs. Bradley suffered from nervous indigestion. Cardui builds up the nervous system, and strengthens the womanly constitution. That's why Cardui helped Mrs. Bradley and why it will help you. Try it.

Report of the Water Power Commission

City's water supply

Burlington, N. C. Sept. 1912.—To the Hon. Board of Aldermen, of Burlington.

We, the Water and Power Commission of the City of Burlington, advise your body of the status of the City's water supply.

As you are aware the water supply has been depending upon a well which has been beginning to run dry. At the time the number of consumers was limited and the course had ample water and as the number of consumers increased our well began to run dry and we were able to arrange for a well at Bellevue Mills Co. for their deep well, and at our one air compressor efficient to pump both wells is the City's and Bellevue well, however, but more recently and the failure of the City one air compressor unable to supply sufficient water to both wells, in consequence this we have been unable to obtain the loan of a compressor from the Elmira this has now been installed, working this compressor direct on the Bellevue well, which we think is about 100 gallons per minute, but the use of this well only on Sunday and so will hold up, the cost to being \$18.00 per week.

You are doubtless aware the Sydnor, Pump and have a contract with the deep well, and they here at work on a well about April 1st, the power house, and at a depth of about 100 feet and not finding any water it was thought by the Commission and the contractor to discontinue work at the Your Committee with driller spent some time in deciding on another location a lot situated on Tarp near Ireland which about one fourth of an acre was purchased from Mr. Anthony, at a cost of \$100.00. This location another well was once started and after about sixty-six feet the contractor was compelled to abandon the well on a striking some drifting material. He then began on a third well on said lot at a distance removed was thought far enough to come, the difficulties in the previous well on however he has already the same drift formation this time is only twenty feet deep.

At this point we wish your attention to the location attacked by the Sydnor and well Co. to Mr. E. J. of this Committee. We confess that we have no confidence whatever in the well, we will take care of our other words we figure to mean an expenditure of Five Thousand dollars to get a well of about 100 feet depth, and as we have spent this amount no assurance that the well will produce more than thirty-five to forty gallons per minute, and will give the results which we expect.

You will remember the beginning of the installation of our water system the Engineer and Water and Power Committee advised that the best water supply in any nature, and that manner in which a pump and reliable supply obtained for the city was building an auxiliary plant at some suitable place on the Haw River, However, Engineer in his specifications estimated the cost of necessary pipe line, pumping and filter plant to be about \$100,000. The time there was a deal of prejudice against water from Haw River, citizens preferring to take a deep well proposition fact coupled with the fact that the City had already warranted our well in using the deep well city's water supply. Your committee has given this view it as a very serious A large number of our
