Sunday School every Sunday morning at 10 a. m.  
John F. Idol, Supt.  
Everybody Welcome.

### \$805.12 GONE

Wilmington, Oct 4.—Mr. Claude Murray, union ticket agent here, lost or had stolen from him this morning a sack containing \$805.12, which he was taking to the general offices of the Atlantic Coast Line to be deposited with the treasurer of the road. He had the money with him downtown and visited a barber shop, the postoffice and the Murchison National Bank and started toward the Coast Line offices before he missed the money.  
Police and county officers have been working on the case all day, but so far no clue has been found as Mr. Murray is not certain where he left the money.

**Progressives Use School Halls.**  
The action of the Chicago School Board in opening the school halls for political meetings at the request of the Progressive party is relieving wide popular approval. This is the first time Chicago public schools have been opened for other than school purposes. The experiment is to be tried out for three months and it is believed that once the rule has been established it will not be abandoned. Halls that hitherto have stood empty the greater part of the year, the trustees say, in the future will probably be the scenes of all sorts of public gatherings. The women speakers of the progressive party, who far exceed in numbers and prominence the women orators of both parties combined, are especially delighted over the innovation as giving them opportunity to appear under the best circumstances and environment.

**Auction Sale of Personal Property.**  
At my residence in Pleasant Grove Township, Tuesday, Oct. 22 1912 at 11 A. M. I will sell at public auction to the highest bidder for cash, the following described articles of personal property: One house, one carriage and harness, one buggy and harness, one mowing machine, and hay rake, farming implements, including corn planter and plows etc. Corn and feed stuff. Household and kitchen furniture including one organ and other things too numerous to mention.  
W. A. Browning.

**Puts End To Bad Habit.**  
Things never look bright to one with "the blues." Ten to one the trouble is a sluggish liver, filling the system with billious poison, that Dr. King's New Life Pills would expel. Try them. Let the joy of better feelings end "the blues." Best for stomach, liver and kidneys.  
25c. Freeman Drug Co.

**Read the Book.**  
We take pleasure in announcing that any of our readers can secure the above vest pocket book free of charge by sending 2c. for postage to D. Swift and Co., Patent Lawyers, Washington, D. C. This book contains tables showing which states each presidential candidate carried in 1908, the number of Democrats and Republicans elected by each state to Congress in 1908 and 1910, the leading events of the life of each President, from Washington to Taft. It also gives the population of each state according to the census reports of 1890, 1900 and 1910, the population of about 20 of the largest cities in each state, a calendar for 1912 and 1913 and much other useful information.

**Elon College Items.**  
The Graded School of this district, which includes the town of Elon College and some out-lying rural territory will open on Monday next, with Miss Circe Coble, of Liberty, N. C., as principal, and with Misses Nannie Baker Farmer, News Ferry, Va., and Miss Cuthbertson of Monroe, N. C., as assistants. It is very likely that a third assistant will also be necessary from the prospective attendance, which now seems to be assured to be large.  
The Graded School is to open in the building which has been used for the past four or five years for such purposes, and not in the new eight room \$6,000, brick structure, which is now in course of construction. This new building will not be ready for a month, or perhaps six weeks, yet, but as soon as it is completed the Graded School will move from the old building to the new. The new structure is a handsome one indeed, and is a matter of

local pride.  
Rev. Jas. L. Foster, who for seven years has been the general superintendent of the Christian Orphanage at this place, has resigned his position on account of failing health, and has accepted the pastorate of the Christian Church at Waverley, Va. Rev. Mr. Foster is an able minister and the Waverley people are fortunate to secure his services. His many friends here regret that he is to leave our midst.  
Mr. Calvin Jas. Felton, A. B., of Magnolia, Va., has been elected instructor in Mathematics and English in the College and entered upon his duties today. Mr. Felton graduated from Elon College with highest honor in June of 1912, and took especially high rank in English and Mathematics, his elevation to this position in the College has met with hearty approval and it is expected that he will render efficient and effective service to his Alma Mater in these departments. It was necessary to have an instructor in these branches, in view of the increased attendance at the College this year. As previously announced, many of the classes had to be divided into sections, and some of these sections Mr. Felton will teach.  
The North Carolina and Virginia Christian Conference will hold its eightieth annual session at the First Christian, of Greensboro on Tuesday after the 3rd Sunday in November. The Christian Church at this place is a member of this Conference and is entitled to three delegates. Professors W. P. Lawrence, W. A. Harper and Mr. W. T. Noah have been chosen to represent this church in this session of the Conference with Mr. J. C. Mc Adams, Mr. D. W. Brown, and Dr. G. S. Watson as alternates.  
The local church in business session on Wednesday night of this week re-elected Rev. J. C. Atkinson, D. D., pastor, and Rev. J. W. Wellons as co-pastor.

for the ensuing year. These pastors have served this church in their respective capacities for the past ten years, and their recall to their positions of responsibility shows the universal esteem in which they are held by the people here.  
The publishing house of the Southern Christian Convention will be erected on the lot adjoining the Elon Banking and Trust Co. The ground has already been broken for the foundation, and the contract let for the brick and wood work. The structure is to be completed by the first of January, for the plant will start up then to publish the Christian

And the more a woman runs after a man the more he would run after her if she didn't.  
Sun, the College publications and other work.  
This publishing house will contain on its first floor press room and offices and composing room for the publishing business, and on its second floor a town hall and dormitory rooms for College students. It will be a handsome structure; will cost \$12,000, and will add much to the business facilities of our town.  
Should the canal question be referred to the Hague? The charges of some lawyers make it doubtful whether peace is cheaper than war.

**KILL THE COUGH AND CURE THE LUNGS**  
WITH **Dr. King's New Discovery**

Car load of the famous Columbus, one and two horse, just received.

### General Line of Hardware

Harness Buggies Paints Oils Roofing

The Burlington tobacco market is now in its glory, prices higher than ever.

## COBLE-BRADSHAW CO.

**Why Edison is a Progress**  
Thomas A. Edison had a spurt of work—a hundred and forty-four card showed, out of a hundred and forty-four let down for a little while. In brief, he had strolled an abandoned Erie Railroad which runs near his laboratory to witness the trial of storage batteries on a tramway cars built for tramway. The battery cylinders about the ordinary stove water-batteries—"feeding"—taking wires of the Orange electric system enough to reduce an old line battery. He stood with his hands stuffed in his trousers pocket his big gentian-blue dreamer fixed on the and as he looked he talked to his listeners, a group of railway men, and half "Nothing sensation, but it's going to change a lot. We're shipping to batteries a day to New for the use of automobiles. Some of them?"—Edison lost their look of the and became those humorous Yankee—"a them to malefactors wealth, I suspect. Do can to make them need it in these times, people used to say why boy that three dishes in the hand don't do good as one honest do Edison counted an imagination fashioned silver cart one of those powerful fingered hand of any malefactor of gr is buying these batteries. I don't say there are we're giving him honor. "Who's your candidate campaign?" he added shifting the conversation nearest neighbor. "No." "Roosevelt?" "No." "Oh, you're one of demic fellows!" said I ing him in a friendly way know Jackson is dead ed a dry laugh. But more he had assured pressions of a dream ways does, when the a mind is whirling with fell to talking politics afternoon, indeed, seemed to engage on brain, while the controllers and current wires. He kept returned subject; and as we Jersey fields, as well car barns as he home to the laborer livered himself of the Thomas A. Edison greatest inventor following statement.  
"Of course I'm a because I'm young that is the first reason is a young man's There are a lot of people in the head after They're the ones who ed if you propose a was'n't going who boys. It's the way goes—the young people do things, and the I hope I'll always young.  
"You see, getting bottom of things, the raw, crude civilization pretty wasteful, which often comes thing doesn't it? A respect we American rawest and crudest production, our factories, our charities, our relations capital and labor, or—all wrong out of stumbled along for ing to run a new old ways, and we've to make this world. "Just look at us any, for example, many has done even she's made a start Germany's a model has just now a good an efficient ruling them a bad ruler a ruling class—that's pen at any time in—and it would all course. But have what a republic could she only went as far. No great standing responsible to the they could be changed went wrong—have what we American most efficient people. "So you can see be for the party nearest to promising going to the bottom and setting them need to say, I guess the Progressive Party
