Entered as second-class matter May 20, 1908, at the post office at Burlington, North Carolina, under the Act of Congress of March 3, 1879.

Wednesday, Nov. 27, 1912.

## President-Elect Wilson, Governor-Elect Craig And Democratic Inconsistency.

"I believe with the Democratic platform that private monopoly is indefensible and intolerable, and if I become President of the United States I will do everything in my power to destroy monopoly. I cannot see how anyone can oppose privilege and at the same time favor a protective tariff for protection is the prolific mother of all privilege."

The above quotation will be recognized as the much advertised utterance of Dr. Woodrow Wilson on the tariff and monopoly. It will be remembered also that the "News and Observer" carried this quotation in its most conspicuous editorial column for several weeks before the election; and it was heralded forth through out the state as genuine orthodox Democratic doctrine fresh from headquarters. But now gentle reader, behold the declarations of our Governor-elect on November the 16th, just eleven days after the election, and contrast his enunciations with those of the "man higher up" in the same party. Mr. Craig expressed his views on tariff and trusts in the following words:

"You cannot destroy these great industrial enterprises—these monopolies. I would not disturb the equilibrium of business. I would not impede the march of progress. I would not nary a single note in the grand symphony of the music of industry. I do not believe that the abolition of the tariff would destroy the trusts."

Now Mr. Democrat, whom would you believe, Dr. Wilson or Mr. Craig? You voted for both of them. One says he is going to do all he can to destroy the trusts; the other says he does not want to destroy them. One says the tariff is the mother of all privilege, the other says the abolition of the tariff will not destroy the trusts. These opinions are diametrically opposed to each other. They go to show the confusion of counsel and the Babel of tongues in the Democratic Party; and we may look for this confusion to become worse confounded as the days go by.

Nobody knows what it takes to make a Democrat anyway. Some Democrats do not want protective tariff while others want it and vote for it whenever the chance comes to them. Some are against the trusts and others are in favor of the trusts. Some clamored loudly for a special session of Congress and opposed it with equal energy. They are divided—hopelessly divided—on these and many other questions, and they seem to be together in only one particular and that is the pursuit of office. Lust for office is the one fraud cohesive force that holds the party as nearly together as it is. Democrats have branded Republicans

and Progressives as office-seekers, and they tried to make the people believe that theirs was a loftier type of patriotism; but the Democratic pie-counter is today being fairly stamped by office seekers. Some Democrats have even followed the office-hunger craze so far as to advertise in newspapers for appointive offices. Dr. Wilson has fled to the island of the sea to get rid of office-seekers and Speaker Champ Clark has had to employ four extra stenographers in order to answer questions for office. But, after all, what meaning has the word consistency among Democrats?

### \$300000.00 For Roads.

During the last lovely days of August we promised some of our good friends in Newlin Township that we had a plan whereby every main road could be graded and sand clayed to the various county lines. We were to give this plan to a country through the Dispatch but the campaign crushed to the desk with other work, consequently the road issue is left for late hour for our consideration.

We are told by the Supt. of Roads of Guilford County that the grading and completion of Sand Clay roads does not exceed \$1500.00 a mile—costing from one-half to two thirds less than Macadam finish and as equally durable. Stone road properly built is good for wagons and buggies but will not stand the always hurrying auto, that is a road destroyer.

One hundred miles of Sand Clay road will make the following connections: The Union Ridge and Hopedale McCray road with the Caswell line; the Haw River and Mebane roads with Orange line; the Swepsonville and Hawfields Saxaphaw with Orange Saxaphaw and Loy Shop road with Chatham, Alamance extend through Patterson township and extend Battleground road to Guilford line; Old Stage road to Guilford line by way of Boone Station; Ossipee road to Guilford and a road from the Murray Club House by Geo. Garrisons to Caswell line.

Our plan to make it possible to do this is to issue \$300,000.00 of 50 yr. 5 per cent (non taxable) Alamance Bonds in denominations of \$100, \$500, \$1000, and \$2, building of these roads to citizens of Alamance and pay them in bonds. Of course afterwards the bonds may be sold to outside parties, but that makes no difference. It is folly and a waste of money to build roads as we have been doing. There are hundreds of men in our county who would be glad to work three or four months thus saving several hundred in bonds that could be used at any Bank or Trust Co. as security.

Get some local make the survey and see the grade work is made and let the grade be put under the supervision of the road Supt. The \$300,000,000 issue will enable the county to built at least 175 miles and give employment to many in our county on a jeuirid of five years and learn our people to buy bonds. And not go to New York for a smoke of the board but make a local Trust Co Trustee.

The Charlotte Observer, a very consistant Democratic organ under the title, "The Tariff at our Home Doors." used the following wise language. It sounds like a paragraph from the Editorial page of the Protective Tariff League Bulletin. Read it carefully, and after you have read it, be your own Judge whether it is the doctrine of a Tariff for Revenue only, or a Protective Tariff or advocating Free Trade for the necessities of life.

It has been stated that the mountain people cannot supply this city with cabbage on account of the competition of Holland in Europe. The Dutch are exporting ship loads of cabbage which are delivered in New York and shipped out over a large part of this country. These Dutch cab-

edge, it is said can be bought so cheaply here, as to destroy competition by our home growers. Our mountain people can raise as good or better cabbage, but the extra cost of living as an American lives, makes it impossible for the American in the mountains, or in Mecklenburg County, for that matter, to compete. Looking to the betterment of the American people and having in view the utilization of our resources in the view of soil, what would seem to be needed is a tariff of about 35 cents or 40 a hundred on imported cabbage. Our farmers have to pay their part of the expense of conducting the Government. The Hollander has noting of this to pay whatever, but comes into our market to get the benefit of our Government of our better standards of living and of our markets near the seashore to shut out the producer in the mountain country. A reasonable would seem to equalize the advantage pretty well all around. We should not let the Hollanders dump their product on this market without even helping to pay taxes.

Do you really think that any of this sounds at all like any of the Doctor's theory of the tariff, and how do you think it fits William Jenning, Champ Clark, or the South's Oscar.

### What Texans Admire

is hearty, vigorous life, according to Hugh Tallman, of San Antonio. "We find," he writes, "that Dr. King's New Life Pills surely put new life and energy into a person. Wife and I believe they are the best made." Excellent for stomach, liver or kidney troubles. 25 cts at Freeman Drug Co.

### Church Announcement.

Processional, Hymn 193—"Come ye thankful people come, "G. J. Elvey.

Chant, "O praise the Lord," G. F. Elvey.

To Deum in F.—Simper. Jubilate.—Smith.

Hymn 192.—Praise to God, immortal praise, "Kacher.

Hymn after sermon.—Y 196—Our father's God, "American adapted by Cary Offortary anthem, "O Lord how manifold," Recessional Hymn, 459 "Overship the King," Croft.

### Government May Take Hand In

Coal Strike  
 Charleston, W. Va., 20.—Occasional rifle fire directed from the hillside into the West Virginia coal districts now under martial law today kept the militia anxious. There few developments of importance. Tonight none of those concerned in the militia movements today are optimistic.

### LIST OF UNCLAIMED LETTERS

Remaining in Post Office at Burlington, N. C., Nov. 23, 1912.

GENTLEMEN:  
 Lew Awakin, R. E. Brown, O. M. Marledale, Tom Pennington, Dr. W. H. Rogers, L. J. Rackley, D. R. Thomasons, J. A. Ward.

### O. F. Crowson Takes Charge of News.

Mr. O. F. Crowson who recently sold his interest in the Durham Daily Sun has bought an interest in the Burlington News and took charge of this paper.

We are glad to have brother Crowson come back to our town and help us to advertise Burlington.

Rev. R. M. Andrews who has been Editor has accepted work as pastor of one of the Methodist Churches of Greensboro and will move to that city.

### Death Of Spencer Thomas.

Rev. Spencer Thomas colored was born in Wake County near Raleigh 72 years ago, and has been a resident of this city for 54 years having been engaged in the tinnery and copper business for more than 40 years being the senior member of the firm S Thomas & Son. He was an excellent preacher having served three churches for more than 35 years. He died Nov. 20th after a short illness.

The Oyster supper of the Front Street Methodist Church given last Thursday night was quite a success. More than \$10.00 dollars was realized.

A bit of excitement was created last Friday night by the fire alarm which was turned in by parties who thought Col. J. H. Holt's house was on fire but fortunately were mistaken.

Saturday night the chimney of Mr. C. B. Ellis caught fire and an alarm was sent in, the firemen responded but no damage was done.

Gospel Meeting this week at the Christian Church. Rev. A. B. Kendall the pastor is doing the preaching, these services will continue for several nights.

The State Dispatch has recently purchased part of machinery from Mr. E. E. Workman within a few days will be prepared to do any and all kinds of job work.

**Queen Quality Shoes**

\$3.50 to \$5.00

There's more style, fit, and comfort condensed in a single pair of these shoes than in all the millions of clumsy wooden clogs worn in the Japanese Empire. Just remember America leads the world in shoe-making, and America's leading woman's shoe is "Queen Quality".
