

Troops May Take Part.
 At a number of isolated points where militia has not yet penetrated practically a condition of anarchy exists. Reports evil of men traveling in dozens boarding trains and putting passengers through inspection. A number of persons have been severely beaten, some of them who were innocent travellers. Governor Glasscock is expected to announce

soon the sentences passed yesterday by the military commission following the trials of three men and holding up passenger trains.
 A fourth case was tried and completed today, but nothing has been made public.
 Reports are current tonight that the Federal government may take a hand in the situation.

The Federal grand jury convened today and is said to have considered the matter of holding up trains carrying mails.
 It is even rumored that Federal troops may take a hand. Two carloads of men were sent into the strike district tonight. The train bearing the alleged strike breakers was heavily guarded, a detachment of the militia being on board.

No Reason For It
You Are Shown The Way Out.
 There can be no just reason why any reader of this will continue to suffer the tortures of an aching back, the annoyance of urinary disorders, the dangers of serious kidney ills when relief is so near at hand and the most positive proof given that these ills can be cured. The following is convincing proof:
 Levi R. Tickle, Elon College, N. C., says: "For many years I was afflicted with kidney trouble, the pains in the small of my back being quite severe. My back ached intensely at night, was lame in the morning and bothered me greatly when I stooped or lifted. I tired easily, felt languid and nervous and had dizzy spells, during which my sight became badly blurred. Three or four times every night I had to get up to pass the kidney secretions and a sediment was noticeable in them. Most twenty-five pounds in weight and had had about given up all hopes of recovering when Dean's Kidney Pills were brought to my attention. In four or five days they relieved me and I have every reason to believe they will cure me in a short time. I cannot say too much in their praise."
