The Caucasian

A Durham dispatch states that Sen. J. S. Carr favors woman suffrage and a dog law. The suffragettes are usually glad of any aid but will hardly appreciate having the two recommendations joined together.

Woodrow Wilson may be like that but it is a safe wager that Archibald does not. There were 13 counts against Archibald in the year '13 and on the 18th day the Senate voted that Archibald was guilty.

William Allen White, a noted writer says that Woodrow Wilson will put the Democracy "down and out". Wilson may serve a good purpose after all.

Walker Thanks Friends.

C. Walker of the northern part of the County who was some weeks ago in a run-down condition desires to thank his friends for the kindness and during his illness. He is glad to report that he is now out and trust he will be fully recovered.

Death of Mrs. E. M. Coble.

Mrs. E. M. Coble at Haw River, N. C. had passed the seventieth mile post in life. The death angel bid her leave the church militant and enter the Church Triumphant in glory. She will be missed in the home where as wife and mother and was really loved.

The revolving years may bring to them some case of sorrow but no compensation for the bereavement which they have experienced.

Out of this home she contributed so much light and joy. Our friend and mother has passed to the untied experiences of the unseen world there to learn the lesson of unimpaired being we leave her in the presence of the glorious savior whom she loved so devotedly and served so faithfully and before whom we too shall stand at no distant day.

From early womanhood to the day of her death, it was her cherish and avowed purpose to do the will of her savior, though her lips are sealed in death. She still speaks to us in the abiding of her life. She will be greatly missed in our town where she was universally esteemed as friend and mother.

It is a happy thought however that we sometimes come to an occasion like this where no doubts nor anxiety exist as felt.

We bow with reverence and humility before the awful blow that Providence delivered upon the sorrowing family. We seek to look beyond the darkness of the clouds that lower upon us, and have faith to believe that beyond them shines the light of the Father of us all who doeth all things well. In these few words we have sought as it were to place a flower on the grave of Mrs. E. M. Coble her life work how worthily done the whole town bears witness that days were full of usefulness and crowned with honor her last victory was her best it was the victory of the christian faith. As she bade her family fare well and with courage turned to meet the great destroyer it was with the calm confidence in a new life remembered by the years. Her death was the crowning trump of a christian life. In life she made no enemies her upright walk in the path of duty left much bitterness of spirit there was nothing to cloud her eyes as she gazed upon the eternal shores whither she was drifting. We can of our departed friend she lives in that ether and brighter sphere. With these hopes of our departed friend and mother we commend her soul to God, commit her body to mother earth and her spirit to Godly life for the initiation of those left behind she leaves a husband three sons and two daughters to mourn their loss. She was tenderly laid away by loving hands at Mt. Pleasant in Guilford County. Rev. G. L. Curry conducted the funeral services thus another mother has gone to the other side. May the Lord be to the aged husband and children is the prayer of their friends.

R. J. Mebane Receives Injuries.

Mr. R. J. Mebane who was painting the Fair Ground school house last Wednesday fell and received painful injuries breaking his ankle, bruising his wrist and receiving several painful cuts.

To the Patrons of the Burlington Post Office by a Petitioner for Post Master.

The Lesson of Nov. 5th, 1912.

Popular Electoral
Wilson vote 6,156,748 451
Taft " 3,376,422 8
Roosevelt " 3,923,140 72

These above figures show what happened—they are full of meaning. It means that the people run the Baltimore Convention—nominated and elected Wilson. It means that the Interest nominated and defeated Taft at the Chicago Convention.

That Enigma of Politics Theodore Roosevelt saw at a glance the entire movement and loudly did he call for the people. Splendid did they respond with 3,923,140 votes.

This means that the people are in politics, got what they wanted, and can get what they want. It does not mean that the Democrats have been commissioned to run the government with a High Hand. Note that the votes of Taft and Roosevelt added only leave the South to Democrats. I am more interested in holding what the people gained on Nov. 5th, 1912, than I am in being POST MASTER. Let those in private life that want NO OFFICE but loves his county and believes his Party, watch how the vacancies are filled for the next four years the methods used, the means employed. Let the people stay in politics, hold to what they have.

Do your own thinking.
Name your POST MASTER.

Union Dinner

One barrel of oil has been used in oiling school house floors, and also some has been taken from barrel number two. It requires from two to four gallons to each room.

The Bethany school gave a play last Friday night. A large crowd was present to enjoy the evening. The play was a school of former days, and was largely given to recitation and essays.

The McCray School has purchased some steel frame desks. The steel desks are free from the frequent breaking that is common to the cast desks.

Ossipee gave a box party last Saturday night and cleared several dollars. The schools to give box parties next Saturday night, that have reported to the office, are Shoffners and Shallow-Ford.

The Fairground School House is receiving a fresh coat of white paint. The house with this color contrasted with its evergreen black ground of pines farrest shows to good effect.

Legislature Wants to Hear Speeches

Raleigh, N. C., Jan. 20.—In the House to-day a resolution presented by Justice of Guilford was adopted 63 to 27 inviting Woodrow Wilson, Senator La Follette and W. J. Bryn to address the North Carolina legislature on governmental reforms, especially initiative and referendum.

If N. C. is making wonderful strides along educational lines the educational progress in the other states must be simply marvelous, as we don't seem to be getting away from the foot.

R. F. D. No. 8.

Mrs. W. A. Lewis is on the sick list this week. Hope its nothing serious.

J. W. Somers's family are having a seizure of measles. Hope they will get through without any bad effects.

We stopped for dinner with G. W. Barker last Saturday. He killed hogs lately and we were hunting some liver pudding and we found it.

Some one please ask Uncle Jerry Huffins how he likes liver pudding. They say he is a "powerful big fool" about liver pudding.

Ben Simpson is on a painting job at Mebane.

Thanks to Mrs. G. W. Barker, Mrs. Phebe Somers and Mrs. A. F. Isley for nice sausage and to Mrs. C. R. Kernodle for the "wherewith" to make some nice "turn over" pies.

J. F. Phillips has moved on No. 8. Glad to have him.

As news is scarce I will give you a letter that was written by a carrier to his congressman.

My dear sir:— I seat myself with pen in hand to write you a few lines to let you know that you have played the devil with me, I am a star route mail carrier from McIntyre to Irvington and took the contract to carry the mail three times a day, a distance of three and one half miles, for \$19.00 a year. Then express company was doing a doing a pretty good business, and I got 10c for each express, and ten cents and a drink for each jug. You fixed the law so I couldn't carry the jug, and now you have fixed up a thing called the "Possum Post" and the express company don't handle any more small packages nor do I handle any more dimes.

When I made the contract I could carry the mail in a cart and Texas pony and haul the express on the side, now the express has shrunk and this Possum Post business has swelled so I have to get a mule and a wagon.

The "Possum Post" seems to be a success and it is convenient.

A lady on No. 8. ordered a package from Chicago last Wed. mailed the order at 2 p. m. and today Monday at 2 p. m. she had the goods. The package weighed 1-2 lbs, the postage was 38c, the express charges would have been 1.00 and she would have had to drive 9 miles and back for the package. SEE.

Burial taking place at Trolinger Grave Yard at Haw River. Miss McAdams had a good deal of property which she willed to Mr. C. L. Harder with whom she lived and, other relatives.

National Corn Exposition.

Columbia, S. C., Jan. 18, 1913. —A complete presentation of the farmer's cooperative societies of the western states, will be an interesting educational feature of the Iowa State exhibit at the Fifth National Corn Exposition, which opens here the 27th of this month. The exhibit will show the methods by which these societies conduct their affairs, and especial emphasis will be laid on the cooperative grain elevator organizations. A model grain elevator will be demonstrated in actual operation, and the exhibit will be supplemented by a series of lectures giving full knowledge of the various phases of these cooperative societies.

The development of these farmer's cooperative societies in Iowa has proceeded to a greater extent, probably, than in any other State in the Union, and it is especially fitting that such an exhibit should come from this State. The exhibit has been prepared under the direction of the agricultural extension department of the Iowa State College, at Ames. It will be demonstrated by Messrs. C. G. Messrole and H. F. Atwood, both of whom are thoroughly familiar with the operation of these elevators and

the conduct of the cooperative societies.

This Iowa exhibit is an illustration of one fundamental purpose of the National Corn Exposition —to emphasize and explain the valuable results which have been achieved by individual farmers and farmer's organizations in various sections, in their efforts to facilitate the handling and systematize the distribution and marketing of the products, of the farm, making this process more satisfactory and less expensive to the producer.

More Trouble Feared Between The Factions.

Morganton, N. C., Jan. 19.—Dr. Hennessee, who was shot four times and cut several times in the fight at Glen Alpine late yesterday afternoon, and after all hopes as to his living through the night, rallied early this morning and was taken to Dr. Long's at Statesville, where an attempt will be made to remove the bullets. Several gashes are cut in his abdomen and piercing his lung, and his face and scalp are badly lacerated from being beat with a rock. Late reports this evening say that his condition continues grave and recovery is exceedingly doubtful. Latest reports from Grace hospital as to the condition of Gorman Pitts, who was shot and cut several, state that his wounds are more dangerous than first reported. Ervin Pitts, a brother to Gorman, who was stabbed several times in the back and shot once by Dr. Hennessee, is also in a very grave condition. Attending physicians say that blood poison is expected at any moment, and if so there is no hope at all. Abe Pitts, who was cut in several places, and Policeman Bennett, who was shot in the side with a load of buckshot, have splendid chances for recovery.

It seems that the parties had a falling out years ago and a few days ago renewed it, and yesterday when they met had some words and threats followed. Dr. Hennessee went and returned with three pistols and a surgeon's knife. After stabbing Ervin several times in the back he opened fire on Gorman, who quickly fired back a round of five shots, four taking effect in Hennessee's body and the fifth grazed his shoulder. The fight then continued for fully fifteen minutes with knives and rocks, and as a result several that stopped the fight are badly cut.

Much excitement prevailed on the streets last night and early this morning and in the vicinity where it happened, as they look for a new outbreak among their relatives.

Princeton Students Will Attend.

Princeton, N. J., Jan. 16.—When President-elect Wilson arrives in the railroad station at Washington on the night of March 3 he will be greeted with a Princeton "locomotive" cheer issuing from the Princeton students, according to plans for attending the inaugural ceremonies being made by the Princeton University Woodrow Wilson Club. Active preparation for the trip will be started here tomorrow, when those in charge of the arrangements will be started a canvass to ascertain just how many students will attend the inaugural ceremonies. It is expected this number will reach a thousand.
