Preaching every first Sunday at 11 a. m. and 8:00 p. m., second Sunday at 8 p. m.
Sunday School every Sunday morning at 10 a. m.
John F. Idol, Supt.
Every body Welcome.

Won't Ruin Business Says Mr. Underwood

Washington, Jan. 24.—Chairman Underwood, of the House committee on ways and means, announced emphatically at the tariff hearing today that there was no intention of cutting rates of duty so low along competitive lines as to ruin the business interests of the country. He took exceptions to intimations he attributed to Republican members that the Democratic majority of the committee purposed to make rates that would disturb business prosperity.

"I deny that there is any such intention," he said following remarks of Representative Payne, ranking Republican member of the committee.
The committee which heard testimony of many manufacturers and importers on the flax, hemp and jute schedule was not disposed to question the competitive character and luxury classification of many of the laces, embroideries and other articles in the schedule. Mr. Underwood took occasion to agree with some of them that their competitive status seemed to have sustained which is in favor of approximately the same rates on many items.

The entire schedule is one of the most profitable in the whole tariff scheme and produced last year more than \$49,000,000 revenue with duties amounting above 45 per cent ad valorem. Some of these articles will be reduced to stimulate competition and bring revenue.

The Manila export tax on manila hemp was questioned by the committee when the subject was brought up by Edwin D. Metcalf of Auburn, N. Y., a rope manufacturer. Mr. Metcalf said the duty was a relic of the Spanish regime in the Philippines and that the benefits of the refund allowed to importers in this country operate to the benefit of the American consumers. Mr. Underwood criticised it as a bad law. It was suggested that an export law any way was not in keeping with the spirit of the American constitution.

Mileage Book Tight.

Atlanta, Ga., Jan. 24.—Nine railroads operating in Georgia today obtained a temporary restraining order in the Superior Court here preventing the Georgia Railroad Commission from forcing the railroads to accept mileage book coupons from passengers in the place of tickets for which the coupons may be exchanged at the ticket offices of the companies.
Arguments to determine whether the temporary restraining order shall be made a permanent injunction will be heard by Judge W. M. Ellis, who granted the order today on February 3 the order of the Railroad Commission making it compulsory for the railroads to accept the coupons on trains.

Traveling men through their organizations, are making an effort in various Southern States to have the railroads accept the coupons on the trains in the place of tickets secured by them claiming that it is a great inconvenience to them, to be forced to exchange the coupons for tickets at the various railroad offices.

Not to Be Published Before the Morning of Saturday, Jan. 25, 1913.

Washington, Jan. 24.—President Pinley, of the Southern Railway Company, announced today that the Company will soon let contracts for the construction of double track north from Monroe, Va., the southern terminus of the Washington Divisions of the Southern Railway, to Amherst, Va. This improvement, when completed, will be materially helpful in the movement of trains on the Washington Division into and out of the Monroe terminal. Contracts will also let for the construction of double track from Twenty-seventh Street, Birmingham, Ala., to the east end of the North Birmingham Yard, which will facilitate the handling of traffic in connection with that important traffic center.

A Warning.

An Ohio man is reported to be suffering from blood poison as a result of being pecked by a hen. We noted he incident only because of the warning it conveys to some of our benighted acquaintances, if we may believe what they are insistent in telling us when they happen to "be ahead of the game" early in the evening—but never when they are behind it.—Virginia Pilot.

THE BEST PROOF

Burlington Citizens Cannot Doubt It.

Doan's Kidney Pills were used—they cured.
The story was told to Burlington residents.
Time has strengthened the evidence.
Has proven the cure permanent.
The testimony is from this locality.

The proof convincing.
A. T. Webster, Maple St., Graham, N. C., says: "I suffered severely at time from pains across the small of my back, and the kidney secretions were unnatural. Finally I got a supply of Doan's Kidney Pills and soon after I began their use, I felt much better. I am certain that Doan's Kidney Pills live up to all the claims made for them and can be relied upon to relieve kidney trouble." Statement given December 18, 1907.

Re-Endorsement.
On January 27, 1911 Mr. Webster was interviewed and he said: "I continue to think highly of Doan's Kidney Pills. I do not believe I would be alive today were it not for this remedy."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

ALABAMIAN DECLARES THAT COCAINE IS WORSE THAN HUM

Washington, Jan. 20.—Cocaine drives more persons crazy and is a greater menace to the South than liquor, according to Gov. Emmet O'Neal, of Alabama who is in Washington.

"If some way could be found to prevent the sale of cocaine to negroes in the South, there would be very few outrages committed," said Governor O'Neal, tonight.

"I do not believe that Governor Bleas speaks for any great number of people in the South, when he countenances lynch law. He may represent the views of some persons in South Carolina, but not those of the South."

Governor O'Neal asserted that eventually the South will solve the problem of the high cost of living by producing all the beef cattle necessary to supply the entire country with fresh beef.

Executive Board Meets. Improvement of Graded School. Largest Enrollment in History.

Elon College, N. C., Jan. 23, 1913.
The editors of the Phippsville College Annual, are hard at work and expect to make it a complete mirror of the College life and activities.

The Executive Board of Trustees of the College held a business session last evening in the President's office with a full attendance. It was decided to equip the East End of the first floor of the new Gymnasium and Dormitory as a Chemical and Physical Laboratory and to fit it up with every modern appliance. The scientific department has cut grown its present quarters in the Administration Building and the new arrangement was necessary. The rooms previously used as a Chemical-Laboratory will henceforth be used as a Physical Laboratory.

A movement is on foot in the town to have the local graded school turned into a practice school under the Department of Education of the College. Advocates of the movement think it holds a mutual advantage for both the College and the community and believing that a longer school term will be the ultimate result.

Dr. T. C. Amick's class in public speaking now has more than sixty members and is one of the most popular of recent enrichments of the curriculum. The class meets in the afternoon and is very enthusiastic.

The enrollment for the year has reached a total of 352 to date distributed as follows: Graduate Department, 33; Normal Department, 17; Collegiate Department, 302.

For Sale at Bargain.

125 H. P. Boiler, 120 H. P. Engine, 1 Saw-mill and saw, 1 Corn mill, 1 Planning machine and Belts for further information, Write or See C. F. Moser, Burlington, N. C. R. F. D. No. 1.

When You Want to Buy Furniture Be Sure to See Us

We have the largest stock we have ever shown, and we are in a position to save you money, in addition to giving you an immense stock from which to make your selection.

Just received the largest lot of rugs and druggets ever shipped to Alamance county at one time.

A car load of cook stoves just here. A big assortment of Ranges to select from.

A full line of heaters, comforts and blankets of all kinds.

M. B. SMITH

YOU CAN AFFORD A FORD

Yes you can no longer afford to be without one of these matchless cars. Why not connect up with the city or anywhere you want to go? The new 1913 Ford has been greatly improved in design and otherwise, and on account of the greatly increased output the price has been lowered and is now within easy reach.

\$2000 For Drowned Girl

Greensboro, Jan. 24.—Special The City of Greensboro is asked to pay to Mrs. J. R. Bell the sum of \$5,000 as the result of little Anna C. Bell on a suburban street of the city. The complaint in the civil action was filed today. The little Bell girl was on her way home from school on the day of the heavy rain of last March and attempted to cross a small stream which had been badly swollen. She was drowned in the attempt and it is alleged by the negligence of the city.

Eugene Debs Arrested.

Terre Haute, Ind., Jan. 24.—Eugene V. Debs, socialist candidate for president of the

United States was arrested here today on indictment returned by the federal court charging him with obstructing justice. He later was released on \$1,000 bond.

Charges resulted from an expose of alleged conditions in the Fort Leavenworth prison written by Debs for the Appeal to Reason. The matter was considered obscene by the federal grand jury and action was brought against the editor for sending it through the mails.

It is alleged that Debs encouraged the witnesses in this case to leave the jurisdiction of the state.

Debs brands the indictment an effort to ruin the Appeal to Reason.
