## W. C. Walters Known In Robertson Co.

Lumberton, April 24.—The report in this morning's paper from Columbus, Miss., regarding the Dunbar created some comment here. The story as told by Walters in the dispatch seem to be true.

Walter is said to have left this county about fifteen years ago, locating in Mississippi. Three or four years ago his brother, D. B. Walters and a woman, Julia Anderson by name, were indicted in this county for living as man and wife without being married.

When an officer went to arrest them Walters made his escape, but the woman and her infant were brought here and placed in jail. Being unable to capture Walters the woman was released and is said to have followed him to Georgia.

It is not known by people here who know the couple, whether or not they are still in Georgia or moved to Mississippi.

J. P. Walters, father of W. C. and D. B. Walters, now very old, resides near Barnesville, in the southern part of this county. No explanation is given as to how W. C. Walters came to have the child in his possession. A lawyer came to Barnesville this evening to investigate the matter.

## SECRETARY OF STATE BRYAN IS ON HIS WAY

Washington, April 24.—William Jennings Bryan, secretary of state, left Washington at 6:45 o'clock tonight over the Pennsylvania railroad for Sacramento, where on Monday he will begin consultations with Governor Johnson and members of the legislature in an effort to frame an anti-alien bill and law that will not be in conflict with treaty obligations of the United States with Japan.

"I go hopefully, yet with a realization of the responsibility involved," said the secretary as he left the White House after a final conference with President Wilson.

The President had explained early in the day during his conference with the newspaper men that the purpose of Mr. Bryan's visit was to take counsel with the California authorities as to the best way to avoid international difficulty. The President let it be known that he considered the attitude of the Japanese government in arguing its case proper and friendly and that there had been no note of antagonism, despite reports to the contrary, the position of the Tokio government having been one of respectful urgency that no discrimination be made against their people. Inquiries as to just what Japan would consider a discrimination brought forth the intimation from the President that, with the eligibility of Japanese to citizenship still a debatable question, it would be difficult to define just what would be construed as a discrimination.

Mr. Bryan himself declared later that he went with no specific instructions, but simply with the general idea that discrimination aimed directly at the Japanese should, if possible, be avoided.

The secretary will keep in touch with the President by telegraph, and until his arrival in Sacramento the administration is in hopes that no action will be taken in California.

## A WAY OUT

### A Residence of Burlington Shows the Way.

There's one effective way to relieve kidney backache.

Liniment and plasters may relieve it.

But they seldom reach the cause.

Backache is cause to suspect the kidneys.

Doan's Kidney Pills are for disordered kidneys.

Burlington people back them up.

Read a case of it.  
 Mrs. Sarah Andrews, Webb Ave. & Anthony St., Burlington, N. C., says: "I suffered a great deal from pains in the small of my back. I had such bad headaches at times that I could not get about. I was dizzy, too. Finally, I decided to try Doan's Kidney Pills and got some from the Freeman Drug Co. They relieved me."

### RE-ENDORSEMENT.

When Mrs. Andrews was interviewed by our representative on March 15, 1912, she said, "All I have ever said about Doan's Kidney Pills holds good. I know that they are the best of all kidney medicines."

For sale by all dealers. Price 75 cents. Foster-Wilburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

### 232 Cars Strawberries Shipped.

Wilmington, April 25.—A total of 232 cars of strawberries have been shipped from this section since the season opened some days ago. Conflicting reports come in relative to the damage by frost. The day after the big frost, Tuesday, it was stated that no damage to speak of had been sustained. Wednesday it was said that it would reach 10 per cent and yesterday there were reports that it would go beyond that. There is no doubt about the loss around Norfolk being all of 23 per cent to all trucking crops.

### He Hugged Too Hard

Passionately embracing his sweetheart on his return from China, a young French officer, of powerful build, clasped her too tightly and broke her neck. The girl was anxiously awaiting her lover on the quay, at Genoa, Italy, April 10th, and the moment the liner was moored, the equally eager officer sprang ashore and clasped her in his arms.

### Nothing at All Doing

A crusty tenant of a Scotch landlord pressing him to complete some piece of work which had long stood over, the landlord craved further delay, adding that he would give his word of honor—nay, his written bond to have the thing done before a certain day.  
 "Your word!" exclaimed the tenant. "It's well known that that will do me little good; and as for you writing nobody a read it."

### 40,000 Children At Work In Cotton Industry.

1 in 10 of all the wage-earners employed in the manufacture of cotton is under 16 years of age, according to the Bulletin of Manufactures just issued by the Census Bureau. The National Child Labor Committee points out that the textile industries are still the largest employers of children in factories; for this Bulletin based on the Census of 1910 shows 221 employers in the manufacture of cotton goods, 11,111 in livery and knitting mills, 9,912 in the woolen and felt industry, and 8,143 in silk factories. The Bulletin shows also 11,035 workers under 16 engaged in canning and preserving, and 78,951 scattered among seventy-seven other manufacturing industries.

The largest percentages of factory workers under 16 are found in the South Atlantic States and Alabama; the next largest Rhode Island and Massachusetts. It should be noted that these figures do not include the great child employing occupations such as merchantile establishments, messenger service, home-workers and street-trading.

### Thinks Be.

The reason he loves her? E'en he cannot tell.  
 But with her is Heaven, without her is Hell.  
 To us she looks stupid and ugly and old,  
 While buties about him in numbers untold!  
 Then why did he choose her?  
 The mystery is grate,  
 But lovers are lovers by curious Fate!  
 And why does she take him?  
 Sure nobody knows!  
 Her path has been crowded by lovers and beaux  
 And here—she's adoring the worst of the lot!  
 He's minus a fortune—his talk's "tommy rot."  
 His figure's atrocious—and yet she is his!  
 This loving of lovers is sure a "queer biz!"  
 But that is the way it always will be—  
 Why lovers are lovers—we others can't see;  
 But you know and I know it's only too true  
 That one who thrills me dosent often thrill you.  
 One gives me heart transports, while you she gives chill;  
 It always has been so—and "thanks be" it will.
