### Save Farm Labor Make it Produce More

With practically the same labor, horses, mules, wagons and implements, you can produce bigger crops from the same, or less acreage. It takes no more work to raise 60 to 90 bushels of corn, or one and a helf to two bales of cotton, to the acre than it takes to make ordinary yields. It is not necessary to plant a larger acreage to get a bigger yield. Simply work and cultivate the same amount of land more thoroughly. You can produce bigger crops of

Here is the machine which will do everything that any typewriter has ever done; which will write straightaway or tabulate, in one or many columns; which will do any tabular work, however intricate, with the speed of ordinary writing; Which will write and add, and add when it writes, in one column

adding is done;

Which is a complete billing, tabulating, adding and subtracting machine-all in one:

Which is also a complete auditing machine-accurate itself and exacting accuracy from those who use it, which will detect errors and prevent errors as well;

Which establishes a new standard of time and labor saving in every variety of combined writing and adding work.

Washington, May 2.-Election for President of Mexico will be conducted October 26 by the Huerta Government, according to advices to the Mexican Embassy here today. The report said the date was agreed upon at a conference between Provi-sional President Huerta, General Felix Diza, the Cabinet and re-presentatives of all parties in both houses of Congress.

General Diaz is expected to be the leading candidate for the presidency. Many people believe, however, that General Huerta also will enter the race and it suggested that Francisco de la Barra, Minister for Foreign Affairs in the Provisional Goverment, also might be a candidate. Probably no adherent of the

Liberal party, of which the late President Madero was leader will enter the race unless in the meantime peace has been restor-

ed. In the event of peace, it is regarded here as almost certain that Dr. Elmilio Gomez, who claimed to have been elected at the general convention at San Luis Potosi, a year ago, will become a candidate.
