

# THE STATE DISPATCH.

A PROGRESSIVE NEWSPAPER DEVOTED TO THE UPBUILDING OF AMERICAN HOMES AND AMERICAN INDUSTRIES.

BURLINGTON, N. C., JULY 9, 1913.

## Desecrated Flag.

Washington, July.—Two incidents involving desecration of national flags which marked celebratory Friday are expected to be the subject of complaint from the state department though nothing has been heard from them.

The affair from Winnipeg, involving the trampling of the American flag at a British parade probably cannot be made the basis of an official protest for the reason that international law does not guarantee protection to the flag of a foreign country except where they float over consulates.

In the Tucson, Ariz. incident, however, where the flag over the Mexican consulate was torn by the state department probably will feel obliged to request the local authorities to make every effort to the Mexican consulate that can be done without recognition of the government which appears to be the great apprehension of the state department at this juncture.

## Many People Visit Burlington July 4th.

July the 4th many people visited Burlington and the Piedmont Park. The prizes which were offered were given to Master Ralph Carroll of near Elmira who won the \$15.00 holding the lucky number which was secured by the purchase of street car tickets, about \$17.00 worth of tickets having been sold, this amount to be given to the Daughters of the Confederacy to assist in the erection of a monument at Graham. Mr. J. L. McKinney of the northern part of the county received the \$5.00 prize offered to the person purchasing the largest bill of goods from our local merchants. The purchase being made from Holt & May and the amount being \$101.00. Dr. J. L. Kernodle received the prize for the largest amount of money deposited. The deposit having been made with The Alamance Loan and Trust Co. Mrs. J. G. Pritchett received the prize offered to the girl making the largest deposit. Miss Nannie Ray received the prize offered to the girl making the largest deposit. The deposit having been placed with the First National Bank. The total amount of deposits during the one hour which the banks agreed to remain open amounted to \$12,000. Mr. E. M. Quinn received the prize offered to the person buying the largest number of street car tickets the amount paid for these tickets being \$8.00. The evening and the night was spent by most of the people at the park. Two base ball games were played during the day between Saxapahaw, in the morning the score was two to three in favor of Burlington. The game being very close was played with very few errors and was considered by all spectators an excellent game. The real game of the day was pulled off in the afternoon when these two same teams with the exception of a few recruits met on the same diamond. The game was called at four o'clock and was played before a grand stand filled with enthusiastic spectators. Both games were umpired by Mr. Menifee of Graham. In the afternoon what might be considered the best game of the season played at the Piedmont Park was pulled off. For ten innings both teams tussled for the victory which hung in the balance and not until the last half of the tenth was either successful in scoring. At this time Burlington succeeded in crossing the home plate and thus untied the scoreless game. The game was errorless only a few slight fumbles being made.

Many of the visitors visited Langes show which was on exhibition at the park. The good behavior of the day might especially be noticed as only a few disorderly conducts were noticed.

## Longest English Word.

However, it might interest your readers to know the longest name in any civilized tongue in the world. It's the name of a little town in North Wales. It is Llanfairpwllgwyngyllgogerychwyrandrobwlludulaisiiliogoch. On an address it is usually written Llanfair, P. G., for short. Its meaning is to the effect: St. Mary's Church by the white pool nearby the black whirlpool by St. Tello's Church near the red cave.—W. H. T. in Philadelphia Press.

## Progress in Education Two extra Supervisors for Alamance County, County Board in Session.

The County Board of Education met in regular session in Graham, N. C. last Monday. This meeting is not only a regular quarterly meeting but it is the meeting to take account of things of the past scholastic year ending June and to make plans for the coming year and session. The records show a prosperous year. Many advances have been made in various departments of the work—70 graduates from the Public Schools, Good Houses built many houses painted, complete school Directory issued, and other improvements. But even larger things are planned. Through the invitation of the Supt., Mr. L. C. Broden of the State Dept of Education was present and offered to co-operate with the County Board of Education by giving from the Peabody School fund money to employ a Rural supervisor for the White Schools. After hearing Mr. Broden's proposition, the County Board of Education readily accepted his offer. Following this the Supt., reported that he had secured means from the Jeans fund to employ a colored supervisor of the colored schools of the county. So as soon as they can be secured the county will enter upon the work with two special supervisors. These supervisors will endeavor to build up the schools and communities in every possible way by working with the teachers students and the people of the community. Better school equipments are to be provided, more beautiful grounds to be laid out, more thorough and practical work is to be done. This is a long step forward in the educational work of the county.

## With The City Fathers.

The Board of Aldermen met Monday night in regular session. Messrs. Coble and Young applied for license to conduct a bowling alley in the building where the Express office is now located. The application was tabled.

A motion was passed that the first side walks that are built by the city be on Webb avenue and be built to the Chinese laundry. Mr. King moved that the first proposition of the Southern Bell telephone be accepted. Motion carried. Work will begin in the near future on this newly proposed Common Battery System. The contract specifying that that the work on this new system shall be completed within 18 months.

Messrs. B. R. Sellars and Fletcher Williams representing the school board were present and explained the congested situation which exists at the Graded School at the present time. These gentlemen stated that the new law would mean that 250 or 300 more students would attend school during the ensuing year which would necessitate more room. The committee asked that 10 percent more of the tax money be given. Which would mean about \$2,440.00 to the school during the year. The board asked that the finance committee meet with the school board and decide as to what they think the best plan to relieve the present situation.

Messrs. W. W. Brown, J. E. Carrigan and Rodger Gant were present representing the owners of automobiles, and asked that the street between Holt-Cates and S. A. Thomy's corner be repaired, and also that the street near the Presbyterian church be repaired, and that the street car track be arranged so that wagons and automobiles can pass over. The board agreed to have these places fixed.

The sanitary police was present and handed in his resignation. After accepting the resignation of the police the board voted to abolish the officer when in reality there was no officer. What certain members of the board wanted was to give the police the duties which are now under the discharge of the sanitary police. This proposition failed and applications were in order for the position of sanitary policeman. Messrs Geo. Cook and Jackson Isley made application Mr. Isley receiving the place.

The board adjourned.
