Burlington, N. C., Sept. 5.—Very celebrate was the reception given last night from nine to twelve by Mr. and Mrs. John R. Foster at their home on Davis street in honor of Mr. and Mrs. Alonzo C. Hall who have just returned home from a week's bridal trip to Boston, New York and other northern points.

For the occasion the spacious porch, halls and parlor were decorated in pink and white roses and potted plants. The guests were met at the door by Misses Susie Stafford and Bessie McPherson and carried to the cloak rooms. Misses Beulah Foster then presented them to the receiving line, which consisted of Mr. and Mrs. Foster, Mr. and Mrs. Hall and Miss Mary Foster and Mrs. Holt.

Large Crowd Attended Double Header At Piedmont Park Saturday.

The Alamance All Star tackled a rather large proposition when they attempted to play select players from Winston, Durham and Greensboro. The Leaguers outclassed the home team, however the boys did themselves credit and made a number of excellent plays. Meadows in the first and Evans in the second did good pitching for the home team, but in many instances were lightly backed up by the fielders.

Lee Meadows one of the leading pitchers of the Durham Bulls pitched both games and allowed but very few hits that would count, however, the home team made a number of double baggers and some did excellent stick work. Whitted and Meadows were the batting stars of the afternoon for the visitors.

The game was well attended. The score was ten to two in the first game and five to nothing in the second in favor of Durham, Greensboro and Winston Salem.

Farmers Of This Section!

Beware of purchasing unquaranteed seed or "feed oats that are good enough for seed." Sometimes such seed will germinate but we frequently find a lot in which not one seed in a pound will come up, and, not infrequently, every seed is dead.

Get a written guarantee that the oats are all right for seed and are sold for seeding purposes, otherwise pay only the price of feed oats and give them to your mule.

Send us a sample of your seed oats and seed wheat right away and let us germinate it for you for nothing and tell you before you sow it just how much of it will come up so you can tell beforehand how much to sow for a good stand. There is too little profit in the growing of small grain in this State to take any risk of getting a poor stand. When you seed your sample of wheat or oats—address "The North Carolina Seed Laboratory—Raleigh, N. C."

Burlington a Tobacco Center Three Large Ware Houses This Year.

The Ware house men, merchants and citizens of Burlington and Alamance County are alike resolved to make Burlington the chief center for the sale of tobacco this season. With three large and commodious ware houses operated by men of years of experience this will be an easy proposition and all that is needed is co-operation and this is assured.

The Farmers Ware house with Messrs. B. M. Walker and R. T. Kernode as proprietors has already opened and extends a most cordial invitation to the farmers to bring a load of tobacco and see how well it will sell. Both of these gentlemen have had vast experience in raising buying and selling tobacco and certainly no warehouse men understand the business better. Messrs. Robt. Allred and John Baynes who have many friends in the county will be associated with them.

The Brick Warehouse opened last week. Messrs. Thornburg and Guthrie have charge. Mr. Thornburg was one of the first warehouse men to open a market at this place and has made many friends. Mr. B. O. Guthrie is well known through the county and will be pleased to see his friends on the market.

Mr. Morgan's new Warehouse has just been completed and is an excellent building located on Davis street, well lighted, ventilated and built by the plans of Mr. Morgan who is an exceptionally fine tobacco salesman. Morgan's warehouse will be open September 17th. Mr. Will Leath who has been in South Carolina has returned and will be with Mr. Morgan again.

One thing that will especially interest the farmer and his pocket book is the fact that the Burlington tobacco market has grown to be such a large one that all the large tobacco dealers have repre-

sentatives on the market. This insures the seller the best possible price for the weed.

We have always believed Burlington to be the best town in the state and feel sure no town its size will sell more tobacco the present season.

Burlington Graded School has Splendid Opening.

The Burlington Graded School with Rev. P. H. Fleming, President and Prof. J. P. Walker as principal of the Grammar School had a fine opening Monday. New life was added the streets of the town Monday and glad vacation days appeared to have been lost sight. Seven hundred and ninety-nine students enrolled in the white school, the various grades being very badly congested one grade having 110 another 62 another 59 and so on which was more by far than could be conveniently accommodated. The old union church is being spoken of as a probable place for the higher grades while other arrangements are being discussed and a final decision has not been reached by the board. Among those present at the opening Monday was a number of visitors some having been former students, several members of the board. President Smith of the Aycock Graded School at Haw River. Rev. T. A. Sikes of the Front Street Methodist Church conducted the opening exercises. The patrons and board feel very proud to have such an excellent hand of teachers twenty strong at the lead of this great educational march. Many of the number having taught before in our midst and are very favorably remembered and much liked by students and parents. The music department feels especially proud to have Miss Benbow of Greensboro as its instructor. That we have had such a splendid opening and with our compulsory school law, there appears nothing lacking but constant perseverance.

No Health Officer On Account of Law Finances.

Graham, N. C., Sept. 8.—The Board of County Commissioners of Alamance County met in the Court house on the above date as per adjournment of Sept. 1st at ten o'clock A. M. with the following members present. Geo. T. Williamson, Chairman, W. H. Turrentine, Chas. H. Roney, Chas. F. Cates, W. H. Ogleman. The following business was transacted.

Upon motion duly made and seconded: Be it resolved by this Board that while we are heartily in sympathy with the movement of employing a Superintendent of Health for his full time and would be glad to vote for it; but considering the financial condition of the county and the urgent need of a new jail building which will cost the county several thousand dollars we feel that it would not be wise to bring this expense on the county at this time and therefore we cannot pay a superintendent for his full time at the present time.

The motion put and carried.

Embroidery Club Receive Pleasant Surprise.

Miss Mable Isley was the charming hostess to the members of the Embroidery Club who met at her home Friday evening. The hall and parlor were profusely decorated for the occasion. Those present were suddenly but very pleasantly surprised when the announcement of the approaching wedding of Miss Isley was made and November the 5th herald as the date.

The hostess of the occasion was gowned in a handsome lace robe over white messaline. Miss Lola Lasley served as punch dispenser. Two courses of refreshments were served, consisting of salad and sandwiches, interspersed with ices. After these delightful delicacies little Elizabeth and Randolph Isley sister and cousin of the hostess appeared bearing red crepe papers beautifully arranged with a bow of ribbon which were presented to each of the guests who received them with

great anticipation and found the names Mr. Sam Gantt of Beaumont, Cal. and Miss Mabel Isley, November, 5, 1913. Showers of congratulations were heaped on the hostess and many regrets that she should be separated from the Embroidery Club.

Elon's Great Opening. New Teachers Popular. Fine Prospects In Athletics.

Elon College opened last week with the largest enrollment in its history. The freshman class contains 116 members and a larger per cent than usual of the old students have returned. The enrollment for the year bids fair to exceed by a large majority the high water mark of 359 for last year. Already predictions are being made of a 400 enrollment for the year—a most phenomenal growth for an institution just entering its 24th session.

The New West Dormitory, erected during the past session, are both popular with the student body.

Miss Bessie Uaquart, Dean of Women, is delighting the young women in new post and so is Dr. W. P. Lawrence, as Dean of Men.

Dr. E. E. Randolph, as head of the German and French Depts is very popular on the hill. Dr. Randolph, was here three years ago, going to Erskine College, from which he now returns to Elon.

The other six additional members of the Faculty are busy in respective departments. Dr. J. U. Newman, College Dean, is back from his vacation spent in Northfield, Mass. and Dr. W. C. Wicker from an extensive tour of Europe. Coach Doak and Athletic Director Miller are confident that Elon's basketball, tennis, track, and baseball teams this year will be the best yet.
