Mrs. Woodrow Wilson And Social Welfare Movement

Washington, Nov. 2.—Mrs. Woodrow Wilson has accepted the position of honorary vice chairman of the woman's department of the National Civic Federation, whose chief work in the District of Columbia has been to improve the conditions under which government employees work. In associating herself with this work Mrs. Wilson informed Miss Maud Wetmore, National chairman of the woman's department of organization that she was acting not as the president's wife, but as a woman whose heart was in the social welfare movement.

Mrs. Wilson already has been identified prominently with the effort to rid the city of ailey swans. She also recently toured the Government Printing Office and visited the mail bag repair establishment of postoffice, pointing out the need of sanitary precautions in handling the bags.

Some Rain and Snow May Come This Week.

Washington, Nov. 2.—Clear skies and moderate temperatures are promised by the weather bureau to practically the entire country for the next few days.

"With the exception of a little rain and snow early in the week over the extreme northwest, and the middle and southern districts from the Rocky Mountains westward," said the weekly bulletin tonight, "generally fair weather will prevail over the country until the middle of the week, when another disturbance will appear over the far northwest, bringing with it some rain and snow that will probably extend eastward over the Missouri and upper Mississippi valleys and the greater portion of the lake region by the end of the week mostly as rain.

"In the Atlantic and gulf states the Ohio valley and the southwest fair weather will continue and fair weather is also indicated in the northwest and extreme west after the middle of the week.

Whitsett.

A very large crowd attended the Halloween exercises last Friday evening. Ghosts, spooks, and witches were on every side. Two of the witches gave short talks explaining the various customs of the Halloween season, the origin of the custom &c. All the witches joined in a Halloween song that was never equalled before for creepy effect. Grinning pumpkins stood on convenient tables in corners, and Black Cat and Owl lanterns swung from every convenient point. The band was on hand and had caught the spirit of the occasion and translated it into some most unusual music for the occasion. Halloween of 1913 will not soon be forgotten.

The lumber has been placed upon the grounds, and the carpenters will begin work this week upon the Presbyterian manse. Work will be rushed and it is and it is hoped to have it ready by the close of the year.

C. W. Carriek a graduate of two years ago is making a fine record at Wake Forest College. He is poet for his class and a member of the student council. H. J. Langston another Whitsett student is manager of the track team at Wake Forest this year. Students have entered school in the past week from Stokes and Jones counties.

The protracted services held here in the M. E. Church closed on Thursday night. The preaching was done by Rev. W. S. Hales and Rev. R. E. Redding. Good crowds attended all the services.

Ira. P. DeLoache a former student was married on Oct. 27th to Miss Nellie Swope daughter of Col. W. S. Swope of Dallas, Texas. They will reside in Dallas, Texas.

Mr. Thos. L. Fitzgerald of Linwood, Davidson county are preparing to move here within a few weeks. They have purchased a home here and will make this their future home.

The Sunday evening lectures continue to attract large crowds for each occasion. The different speakers and their different topics keep up interest.

Attacked by Negro.

Spartanburg, S. C., Nov. 1.—Word was received here today of a mysterious attack made on Guerry Sherbert, a farmer living near Inman, by an unidentified negro, whose motive is supposed to have been robbery.

Mr. Sherbert had attended a meeting at Center Point Church and had just returned home and was taking horse out of the harness when he had the encounter. The assailant slipped up by stealth and before Mr. Sherbert was aware of his approach made a wicked lunge at him with a knife or razor.

Mr. Sherbert backed off and reached to his hip pocket for his revolver. The negro who was silent, pressed his closely slashing at him.

Mr. Sherbert attempted to shoot the negro but the latter grasped his arm and threw it up into the air as the pistol went off. The negro then started to run and was 15 or 20 feet away before Mr. Sherbert fired again. In the darkness the negro escaped.

Serious Auto Accidents.

Raleigh, Oct. 30.—Master Thomas Nelson, the seven-year old son of Prof. Thomas Nelson, of the textile department of the A. and M. College had his skull fractured this afternoon by being run over by an automobile occupied by negroes coming from the negro fair. The driver was a negro. The boy's condition is very serious.

Walte White, a well known negro, was run down by an automobile of the Raleigh Motor Car Company and had both legs broken and other severe injuries. This car was also driven by a negro and was carrying negroes to their state fair.

Snowstorm in Strike Zone.

Trinidad, Col., Nov. 3.—Continued activity by union leaders in an effort to collect all arms and ammunition in possession of the strikes, or an immediate orderly to the state troops to surround and search the tents at Ludlow was the ultimatum delivered by Adjutant General Chase to John R. Lawson, of the United Mine Workers of America today.

Lawson turned over a few more guns today but stated he was experiencing much difficulty in including the miners to surrender the weapons.

A driving snowstorm kept militiamen strikers and mine guards in their tents today.

Alumni Active For Elon Preparations For Thanksgiving Inter-Scholastic Declamers' Contest.

The Elon College Alumni in Business Session last June passed a resolution calling upon the Alumni of the College to raise a fund of \$26,000 to pay for the Men's Gymnasium erected during the College year 1912-1913. A committee was appointed to adopt a plan to raise these funds consisting of Rev. W. T. Walters, Winchester, Va., Rev. A. T. Banks, Henderson, N. C., and D. R. Fonville, Esq., Burlington, N. C., from the Alumni Association and of Dr. P. H. Fleming, Burlington, N. C., Mr. K. E. Johnson, Cardenas, N. C., and President Harper of the College from the Board of Trustees. The Class of 1913 were the first subscribers to this fund, every one of them giving liberally. The classes are now all of them very active after their roster of members and the movement seems assured of speedy success. The Alumni have previously shown their deep concern in Alma Mater by enowing the Alumni scholarships and in contributing to the \$50,000 Special Fund of two years ago.

Jessie Wilson's Fiance Visiting White House.

Washington, Oct. 31.—Francis Bowes Sayre, who is to marry Miss Jessie Woodrow Wilson, the President's second daughter, is a guest at the White House for a few days. The young couple took a long ride to-day in one of the White House motors and to-night attended the theater.

It is expected that before Mr. Sayre leaves final plans for the wedding, on November 25, will be arranged. Except for work on the invitation list, there has been no apparent preparation for the event thus far. Expert penmen, whose script resembles the engraved style of the body of the invitations have been employed and are filling in the names of the guest and addressing envelopes. The number on the guest list has not been announced.

Miss Margaret Wilson left Washington this morning for a visit of several days in New York and Philadelphia. Miss Lucie Smith and Miss Mary Smith, of New Orleans, arrived in Washington this afternoon for a visit of several days at the White House. They are relatives and were also guests at Windsor this summer.
