## ELECTION RIOT IS STARTED BY BURNING FLAG.

Franklin Headquarters Banner Fired by Rocket of Republican Paraders on Broad St.—Bricks Hit Women.

Following the announcement that Thomas B. Smith had been elected Mayor and the big Republican parades which followed a fierce riot started last night in front of the Franklin party headquarters on South Broad Street. The combatants were disgruntled Franklin party men and celebrators from the Twenty-sixth Ward, who are affiliated with the Republican party. The Twenty-sixth Ward men were marching north on South Broad Street hundreds strong. Massed in front of the Franklin party headquarters were thousands of Porter men.

As the paraders passed they yelled and cheered in derision and burned red fire and shot rockets. One of the rockets flashed into an American flag which was hanging from the second-story window of the Franklin party building. The flag blazed up and instantly a hoarse roar of rage rose from the throats of the Porter men. They dashed into the street, seized the red fire sticks and belabored the Republican marchers with them. The Republicans, being fewer in number, fled north on Broad Street, but quickly reformed and charged back. They were armed with brooms, denouncing a "clean sweep." As they charged into the ranks of the Franklin party men they laid about them with the brooms, hitting every head in sight. Bricks were thrown through Franklin headquarters windows. There were hundreds of women in the crowd and they were jostled, knocked down and some of them tread upon. The men yelled and cursed and rolled on the pavement. *Philadelphia Press.*

## FRIENDSHIP ITEMS.

Prof. and Mrs. E. V. Patterson spent Saturday at town.

A large crowd attended the funeral of Mr. Alson Momy at Mt. Pleasant Sunday.

A party of people from Burlington and near Greensboro spent Sunday at Dr. Isley's.

Misses Swannie Isley and Ivy Overman were pleasant visitors at J. P. Isley's Sunday.

Everybody is looking for the Fair to be the largest in its history. Remember the day, Saturday, November 13. Come one, come all.

There will also be a contest in declamation and recitation on Saturday night, November 13th. This contest will be held by the Literary Society of Friendship High School and promises to be one of the best and closest contests ever held at Friendship.

## REPUBLICANS MAKE SWEEP IN NEW JERSEY, THE PRESIDENT'S HOME.

Increase Their Majorities in Both Branches of the Legislature.

Trenton, Nov. 2.—Republicans tightened their grip on President Wilson's home State today, when they elected a Legislature which will have increased Republican majorities in both branches.

Six senators were elected in as many counties and an entirely new House of Assembly of sixty members.

In the Senate last year there were eleven Republicans and ten Democrats, while the House was composed of thirty-eight Republicans and twenty-two Democrats.

## STATE SUNDAY SCHOOL CONVENTION.

The State Sunday School Convention which meets in annual session, November 22 to 24, in Salisbury, undoubtedly has the best bill of fare ever offered at a State Convention, judging from a little prospectus sent out from headquarters by the program committee.

The topics to be discussed are not only fresh and timely for Sunday School people, but are such as to be of vital interest to leaders of thought and of activity in other lines. The convention will, it is true, magnify the Sunday Schools place in aiding the individual to develop a full-orbed life here and now and its place in making the community and society what they should be in order to develop a high order of Christian civilization but it will go further and treat Sunday School propaganda in its relation to the various agencies which are vying together to produce such a social order as will help every one to find and do his best.

The speakers which have been secured to discuss the various subjects and to lead conferences are specialists in their lines and it would not be too much to say that some of them are masters.

The social side of the convention has been handsomely provided for in the plan to have all the delegates lunch together on Tuesday and Wednesday in a large dining hall near the convention center. This plan will also work good to the host and hostesses by enabling them to attend the session and would alone justify the trip to Salisbury.

The Religious Educational Pageant to be given by the Salisbury people is altogether new for a State Convention and would alone justify the trip to Salisbury.

Reduced rates over all railroads from all points in the State have been granted on the certificate plan.

Schools would do well to begin to elect delegates next Sunday and it would aid the local committee if they would send their names in advance to Frank R. Brown, Salisbury, N. C., Chairman of the Committee on Entertainment.

## ENGLAND'S 'FRAUDICAT' NAVY.

Herr von Wiegand, the German-American correspondent, sends us straight news. He has been over to see the German fleet, somewhere around the Kiel canal, and he tells us that admirals, captains and men have been impatiently waiting for the British fleet to "come out." Everybody asks "will the English fleet ever come out" and everybody, says Herr Wiegand, is spoiling for a fight.

The Herr correspondent gives us the impression that the German fleet would wipe the waves with the John Bull navy if the said navy wasn't afraid to leave its hiding place. Still, we can't quite get over the fact that for some reason or other no ship of an enemy of England sails the sea, anywhere on earth.

But of course we Americans are all such mutts that we can't see through a window, according to the American-born correspondents who write pieces from Germany for us to read. From the way Wiegand and the rest of them write, the folks in Germany must think you can put anything over on an American newspaper reader.—Durham Sun.

Some of us who thought Germany would not last three months do not now know exactly what to think of it.

## LARGE AUDIENCE HEARS DR. STALEY.

Opening Session of Christian Conference Successful—Address of Welcome—Auto Ride for Delegates Today.

Last night's session of the Eastern Virginia Christian Conference drew a large crowd to the Third Christian church in Park Place, where the meetings are being held. The session last night was taken up with a sermon by Rev. W. W. Staley, D. D., of Suffolk, one of the oldest ministers in point of service in the church. He has been pastor of his present church 33 years. Dr. Staley's subject was "Where and How to Find Jesus." He used the story of Christ's first visit to Jerusalem where he was lost by his parents and later found in the temple conversing with the learned doctors as an analogy to the Christian's religious progress today. Christ's parents, thinking of home and its duties after their visit to the temple, forgot their Lord and went off without Him. They thought of Him before they arrived, went back for Him, were overcome with delight at finding Him and went back home with permanent rejoicing in their hearts.

This, he thought, was analogous to the position of the Christian in the church, who is very religious while there, but who forgets his Lord when the cares of daily life press upon him. The true Christian finds his Lord and grows in grace until the end.

Speaking of the wonder of the Jewish doctors in the temple at the precocity of the young boy, Jesus, Dr. Staley remarked that intellectuality is always amazed when it comes into contact with genuine Christianity. One of the dangers of Christianity, he asserted, is intellectuality that is not imbued with the heart-throb of Christian belief.

## Real Religion in The Home.

Dr. Staley admitted that it was a difficult thing to have real religion in the home because of the practical everyday worries that come in connection with the workaday world. He urged that men must get the habit of holding fast to Jesus and as a consequence their spiritual strength would overcome the daily difficulties.

## CHRISTIAN ENDEAVOR SOCIAL.

The regular monthly business meeting of the Christian Endeavor Society of the Christian Church was held at the home of Mr. and Mrs. S. A. Horne, Monday night.

It being the regular time for the election of officers the following were elected: President—Mrs. A. B. Kendall; Vice-President—Miss Sadie V. Fonville; Secretary—Mrs. Maude Patsch; Financial Secretary—Miss Sibyl Shelton; Treasurer—Miss Vera Strader; Organist—Miss Ollie Hall.

After the business meeting the social committee took charge. The time was delightfully spent playing bobble, rook and fortune-telling.

The room was beautifully decorated with autumn leaves, jack-o'-lanterns and cut flowers. The guests were met at the door by spooks, who added much gaiety to the evening.

Delightful refreshments in two courses were served. Everyone enjoyed the evening very much.

Brother Bryan is in Ohio, swatting the Demon Rum hip and thigh and the opinion is expressed that they are going to make the Demon run. Brother Bryan is a man of peace, but when he makes war he makes war—and he always goes in prepared.

## CHRISTIAN CHURCH BANQUET.

The members of the Christian Church held their annual banquet in the new Isley building Tuesday evening. About two hundred and seventy-five were present.

The hall was beautifully decorated with potted plants and cut flowers. A splendid menu was served.

The guests were delightfully entertained by a musical program, rendered by Mr. Betts of the Elon College Music Faculty, Miss McAdams, of the graded school Faculty and Miss Henrie Malone.

The latter part of the evening was given over to business, at which time reports from the different organizations of the church were read, which showed that the church work was moving along nicely.

The committee on the building campaign is busy soliciting funds for the new church. The annual banquets have proven a successful means of drawing the members into closer fellowship and are much enjoyed by all.

## LETTER FROM CHAPEL HILL.

Chapel Hill, N. C., Nov. 4.—Rally Day at Chapel Hill was a great success. Over one thousand persons from all parts of Orange county flocked into town early in the morning, bringing with them exhibits of all kinds and descriptions. The residents of Chapel Hill and the University faculty body united in giving the visitors a rousing welcome.

The size of the crowd, the number and variety of the exhibits and the interest shown by the country people in the exhibition—these, in the opinion of the promoter of the Rally Day plan, Prof. M. C. S. Noble, were the significant features of the day. But the day was also significant in another way—it marked the abandonment of an old custom. Hitherto, the Memorial Hall has been opened to the public but twice a year—on University Day and at commencement. Today it was used as a place to exhibit Orange county products. And these products included not only farm products, such as corn on ear, potatoes, fruit, and the like, but it also included samples of fancy cooking, fancy needle work, school exhibits and antique pieces of crockery, metal and wood.

The Rally Day exercises were opened by an automobile parade, the machines for the occasion being furnished by the citizens of Chapel Hill. This was followed by an entertainment given by several University students. At 12 o'clock dinner was served on the greens below the chapel. The farmers' wives produced great, heaping baskets of chicken, sandwiches, cakes, pies and tarts; and the ladies of the town also contributed to this supply.

After dinner moving pictures were shown free of charge. These pictures dealt largely with the various aspects of rural life and were furnished by the Department of Agriculture. At 2:30 P. M., prizes were presented to the winners in the exhibit contest.

Following this was a singing contest by the various rural Sunday Schools. The day closed with a series of athletic contests.

## MERCURY 90, FINGER FROZEN.

Baby Sticks His Hand in Brine From Ice Cream Freezer

Freezing one's hand when the mercury is hovering up around 90 in the shade is rather rare; nevertheless, that is what 3-year-old Sherman Dodson did. His father is a nice cream manufacturer, and Sherman had often seen men about the plant remove the plug from the tub containing a big freezer and let the brine run out. So he thought he would try it.

When he attempted to return the plug he could not find the hole, and the brine poured over his hand until it froze the tiny member. The fingers were swollen to twice their normal size, but the doctor says he will be all right in a few days.

## DESERVED THE MONEY.

Nurse Gets \$10,000 Because She Has a Good Disposition.

(Duluth Herald)

A San Francisco woman of means, who died a few days ago, left \$10,000 to a young woman who had nursed her for five weeks but who otherwise as a complete stranger to her.

In making this legacy, the testator accompanied it with this explanation and tribute: "I make this bequest because she was always so cheerful; I never saw her display impatience or bad temper."

That seems to make the disposition of this nurse a ten-thousand dollar disposition; but in fact that underestimates its value. Had it been a hundred thousand or a million, still the bequest would not be overpayment. There is no way of measuring in dollars the value of a cheerful soul.

Maybe if such bequests as this were commoner the world would be a more cheerful place, and sunny dispositions would be more frequently met with. Perhaps if a fixed rate of sunny souls were made, in such a form that everybody who goes through life scattering sunshine by the way would be assured of a comfortable bequest, there wouldn't be anything near so many grouches.
