LOCAL AND GENERAL.

The Fair is over.

Coalition is a success in the Cape Fear section.

O'Hara's friends say he will certainly be elected to Congress.

Good crops throughout the State and all are happy over the abundant harvests.

President Arthur favors Coalition in North Carolina. Let us make it a success throughout the State.

Our absence from the city this week causes news to be scarce and our paper late. Please excuse us.

Mr. J. T. Schenck has been an active politician in this county for many years. His appointment is a recognition of the colored man.

If the promise made by the Liberal leaders are not complied with; if the colored men have not a fuller recognition, something is going to "drap."

We regret to say so, but our young men are fighting among themselves. They say a man must live in our city a term of years before he is eligible to appointment. Be careful what you say.

"When rogues fall out honest men get their dues." Now the Democrats are falling out and we think the day of justice and fair dealing for the Negro is dawning. Let us look to that end.

J. F. K. SIMPSON.

This young man is one of Biddle's last graduates, and we do not think we say too much when we say he is one of Biddle's best. He opened school in Fayetteville last Monday, and we are glad to say with a good number. While Fayetteville has some good English scholars, we congratulate the young men of the town upon having in their midst such a

fine scholar and gentleman to remain with them. We say to them and the general public that Mr. Simpson is one of the best scribes in the State, and we think might be prevailed upon to give instruction in penmanship as well as any of the languages or sciences.

As we are well known in Fayetteville, and know Mr. S. well, we do not hesitate to recommend Mr. S. to the good people of our old home.

THE FAIR.

Successful Exhibition.

The Industrial Fair was formally opened on Tuesday last, in Raleigh, by Mr. McGehee on account of the absence of Gov. Jarvis.

The exhibitions in the different halls were excellent, especially in the Floral Hall. Our colored ladies have done credit to themselves and the race generally. So far as exhibits are concerned the fair was a grand success. The crowd was not very large until Thursday, when, though the weather was very unfavorable, there was a very large number out. The rain on Wednesday prevented a large attendance that day.

Rev. Jos. C. Price was the orator, as Prof. R. T. Greener failed to come. We need not say he made an able and interesting speech, though he had only a few hours to prepare.

There were more intelligent looking colored people, more pretty women—as John Williamson said—than we ever saw at once before.

N. W. Harlee, chief marshal, acquitted himself excellently both upon the streets and in introducing the speakers. One grand thing our fair does is to bring our intellect and beauty together once a year. The fair was a grand success.

The Colored Fair.

Raleigh News and Observer of Thursday.

Yesterday, despite the rain, the procession, escorted Gov. T. J. Jarvis and Gen. W. B. Cox, went out to the grounds of the North Carolina Industrial Association on time. After the usual preliminaries, the speaking was held in the large hall.

Gov. Jarvis, the first speaker, began by saying he had opened the fair three years ago, with hope, mingled with doubt. He feared that they might get weary in well doing. This doubt had given way and the future was bright for the association. He said that his feelings towards the colored people were very kind. Since they had obtained their freedom not one of them had ever spoken an unkind word to him. He did not want to talk politics, but intended to speak plainly. "The negro had spent too much time in politics. It was the duty of every good citizen to take an interest in the affairs of the State, but it should be the first concern of the negro to get land and build himself up, material and moral education being the great lever of improvement. He had urged everywhere to the utmost of his power the importance of education. After all, he concluded, do what we will for you, the matter rests with you. Work, accumulate property, live upright lives, and you become good citizens, and will be and will be elevated."

Gen. Cox next spoke. He said that the better class of white men in North Carolina were friendly to the negro. It gave him great pleasure, when questioned by gentlemen from other States as to the condition of the negroes in this State, to say that they were doing well and the most kindly relations existed between the races. How could it be otherwise, they had been raised together. He paid a feeling tribute to his old nurse. Said while in Congress he had striven to pass the educational bills, and with many compliments to the exhibition, closed.

Secretary John H. Williamson thanked Gen. Cox and Gov. Jarvis and Mr. McGehee for their remarks. In traveling over the State he had been impressed with the kind feelings of the better class of white people towards them. He endorsed fully the remarks of the Governor that the negro himself particularly, had been too much in politics, and thought there was a change here.

A New Piano Factory.

HORACE WATERS & Co., 826 Broadway, New York, have recently leased the five-story brick building, corner of Broome and East streets, near Grand street Ferry. This will greatly extend their facilities for the manufacture of Square and Upright Pianos, and enable them to make all their own cases, keys, and other work that piano manufacturers generally have done outside. The case-making department occupies the entire second floor of the building, and is complete in all its appointments; it is crowded with busy workmen, and piled full of work in the process of manufacture. There is a large yard adjoining the building with stacks of all kinds of lumber. The extensive varnishing and polishing department occupies the fourth floor, front, the finishing and regulating is done on the third floor, and other parts of the building are used for storing materials, etc.

The pianos turned out are claimed to be very superior instruments, the cases are all of full rosewood veneers, not partly imitation. Strauss Brothers' actions are used exclusively and only the best ivory keys.—American Art Journal, June 24, 1882.

LONDON, Oct. 10.—An Alexandria dispatch to the Daily Telegraph says the arrival of cotton from September first to date have been 2,000 cantars against 11,000 for the same period of last year.

The Duke of Argyle has removed all liquor places from his estates.

Counsel is still refused to Arabi Pasha, and he is meantime undergoing a series of private examinations.

It has been decided in Madrid that Prince James shall be proclaimed the head of the Spanish legitimist party.

Father Sheehy, of Dublin, has been presented by his parishioners with a testimonial valued at \$2,500.

At Cincinnati Wednesday Henry Kemme, a carpenter, fell from St. Xavier's church spire, 60 feet, to the stone floor, and was killed.

In a political quarrel at the Soldier's Home at Dayton, Ohio, Tuesday night, August Mencke stabbed John Dean. In another political debate a saloon-keeper was fatally stabbed.

A fire at Suncook, N. H., on Tuesday night destroyed the Methodist church and parsonage and several other buildings. Mrs. Joseph Dumars was killed by a falling chimney. Total loss, \$30,000.

The Ballou House, at North Adams, Mass., was burned Wednesday. Some of the boarders and servants who were sleeping in the top story narrowly escaped with their lives. The fire was the work of an incendiary.

Anthony Baccacoe, a Cincinnati policeman, on being refused a drink on Tuesday, quarreled with Doller, the saloon-keeper, and fired two shots at him, killing him. The policeman, when arrested, was too drunk to give any account of the shooting.

A stage company in Camden, N. J., ran its coaches over the track of the Camden Street Railway, and this was regarded as an infringement by the directors. A suit for damages was brought three years ago, which resulted Wednesday in a verdict of five cents for the railway company.

Daniel Camp, a painter, died at Pine Bluff, Arkansas, Wednesday, from eating by mistake a watermelon which he had poisoned for some thieves who had visited his melon patch. Three of his children who had partaken of the melon are likely to die.

Gen. Montero, who is at Arequipa, has declared his intention of continuing the war unless Chili grants reasonable terms to Peru. A battle occurred between the Monteneros and a detachment of Chilians 25 miles from Lima, in which the former were defeated with a loss of two officers and 25 men.

Narrow Escape from Sudden Death. Laurinburg Enterprise

On Saturday last while Watt Stewart, son of Mrs. Sarah Stewart, and Jack Chapman, two small boys, were playing at Mr. Parker's Mills, near the depot, Jack ran to the revolving shaft and placed his hands upon it. His example was followed by Watt, who placed his hands on the top of Jack's, instead of on the shaft, which tightened the grip of the latter, and as quick as thought both boys were hurled over and around the shaft with tremendous force, and had made one or two revolutions before the machinery could be stopped, which was done as soon as possible by a colored employee, who witnessed the accident by throwing off the belt. The boys fell and each one sustained a broken arm and severe bruises about the hips. Had it not been for the prompt action of the colored man in throwing off the belt and thus stopping the shaft, both the little fellows would no doubt have been killed.

ANNOUNCEMENTS.

For Coroner.

The friends of Mr. J. A. McLure hereby announce him as the People's candidate for the office of Coroner of Mecklenburg county, at the ensuing election.

CHARLOTTE, N. C., Aug. 1st, '82.
 The propriety of running a colored man for some of our County offices has been discussed very frequently amongst the leaders of our race, and surely, representing the voting element of the Republican party as we do, we are entitled to some of the offices bestowed by the suffrage of the people. I am one of those who think it high time that the colored people should be rewarded for their devotion to their party, and acting upon this reasoning, and the solicitation of many friends, I announce myself as a candidate for the office of Constable, in Charlotte Township.

Respectfully,
S. J. CALDWELL.

To the Republicans of Mecklenburg Co.,
GREETING:

FELLOW-REPUBLICANS:—Appreciating the responsible trust reposed in me by electing me chairman of your Executive Committee, in all confidence I bespeak the cordial support of every Republican in old Mecklenburg.

Your State and county is once more engaged in a fierce battle for human rights and civil liberty. On the 7th of November the voters of North Carolina are to decide whether the Bourbons or the Liberals are to rule the State. The action of our State and County Conventions have bound every true Republican to march in this campaign under the broad banners of Liberalism.

Let me as your chairman, personally appeal to every Republican in our grand old county, to forget the past and allow no personal preference nor revengeful feeling prevent you from battling against your old enemy.

I beg you to listen to no deceptive arguments of our wily foe; that it is only a choice between democrats. Remember the candidates on the Liberal ticket are pledged to restore your stolen rights, viz: the election of your magistrates, county commissioners, school committeemen, etc., and to give you a free election and a fair count. The candidates on the other side are the representatives of the party that has deprived you of your rights and stole your votes.

Finally, let the watchword be, Organize-to-day! See that every man registers! Work, work, work! Go to the polls on the 7th of November determined to vote the Liberal ticket, and when the sun goes down victory will perch on the allied banners of Liberalism, and our old proscribing, intolerant, rights-defying enemy will be hurled from power, our good old State and grand old county redeemed from Bourbonic rule. Respectfully,
J. W. BROWN,
 Chm'n County Ex. Com.
