

AN ORIENTAL PLAYHOUSE

VIEW TO A CHINESE THEATRE IN SAN FRANCISCO.

A Dense Mass of Scold Celestial... A representative of the New York...

of his fellow, and at Thackeray's selection...

A platform minus drop curtain and scenery...

among the crowd dispensing refreshments...

by slow and painful degrees we found...

lighted on the stage in the glare of the footlights...

was smoking) occupied the middle back of the stage...

loosely curtained doors through which the performers made their entries...

No women are employed in the Chinese theatre...

by men who seek to simulate the feminine traits...

to a squeaky falsetto, adopting a labored walk...

and a generous use of paint and powder...

to be in fantastic costumes of indescribable designs...

with red and white stripes and disks.

To an American the performance is a monotonous repetition...

at short intervals, apparently without reason...

orchestra burst in with a demonic crash of gongs...

of stringed instruments and shrill voices of clappers...

actors stick to the text like grim death, although their voices cannot possibly be heard...

Each male impersonator effects his exit in the part of a man...

if there is a fight in the family, in a heavy cause...

to be removed, and a deep and loyal fidelity to the cause...

and we say let us all search ourselves and find the true cause...

trouble. Christians ought to pray for those who despoil us...

and persecute them. It is none the mark of a Christian...

to abuse, vilify and tell falsehoods on a neighbor...

pleasant for brethren to dwell together in unity." love and peace.

Freezing to Death.

One winter's day, says Rev. James O'Neill in a lecture...

with the wind blowing twenty miles per hour. Presently I experienced a sharp pricking pain...

every part of my body, and in a short time the pain ceased in the lower extremities...

I congratulated myself that I was getting up so nicely...

I felt a severe shock, and realized that I had fallen off my horse to the frozen ground...

partially to my rescue, and I realized that I was freezing to death...

I attempted to move my feet and arms, but could not.

My feet seemed to be frozen to the ground, and I was unable to move...

The time occupied probably five minutes; it seemed as many weeks to me.

By next morning, when I found myself in bed with my boots on...

I did not awaken again until several days had passed...

and my boots had been taken off, and my feet were again in contact with the ground...

and my boots had been taken off, and my feet were again in contact with the ground...
