Iowa Central moved up 2% and the preferred 4 points on the announcement that a new traffic alliance was in pros-

> week in the stock market was halted today. Owing probably to the fact that the more urgent short covering had been completed the demand diminished and during the morning the market was heavy. The bear parties did not attempt a renewal of selling on a large scale and trading was more listless than had been the case for several weeks. Heaviness in Baltimore & Ohio was ascribed to selling by Berlin. An outbreak of weakness shortly before noon in some of the Gould stocks frustrated attempts to rally prices but the list did not recede below its previous low point. Missouri Pacific went off 11/2 to 391/2 placing it within 1/4 of 11/2 lowest figures of the year.

> Bonds were heavy. Prices were virtually unchanged between 12 and 1 o'clock, speculation being so quiet that even the expert room traders were unable to scalp fractional profits. The list hovered around the low fig sureof the morning. International Harvester displayed sudden weakness and sagged 24.

Losses were extended into the latter part of the day, the decline bringing Union Pacific and U. S. Steel within the range of 1 point recessions. Baltimore & Ohio, Missouri Pacific and Northern Pacific ruled about 2 points below yesterday's closing.

NEW YORK, sept. 1.—The cotton market opened steady at an advance of 1 to tures opened steady at an advance of 2 to 5 points on a continuation of yesterday's to 3 points. In the early trading buying movement which had the encourmarket was steady on a higher market in Liverpool than due and increased apot sales there, on better news regarding the foreign political situation and on the report that exporters who are short of high grades of spots for September ship-ment are finding it difficult to cover. The weather map was taxorable as little ain was shown in the cotton region but the forecast promised showers everywhere except in Texas. At the end of the first half hour of business prices were seven points over yesterday's close.

On the advance the scalping longs took profits and bears put out fresh short lines. This selling put prices 1 to a points under yesterday's close. The letter writer gave a detailed account of the tragedy as he claims to have withoused it. He said in part. "I was in the pine woods on the right hand side of the Midlothian turnpiles as you so out from Richmond, and I saw a light. As I walked closer to the road I saw an automobile standing almost in the middle of the road facing toward Richmond, and there were two people in it-a man and woman. They were both sitting in the front seat.

Couple Were Quarrelling. "They were quarreling. I could hear them talking loud, so I did not show myself, but waited behind a tree about 10 feet from the edge of the road in the thick pine woods to hear what they said.

Woman Was Pleading.

"The woman was pleading with the man. She was saying that she wanted her love back again, and she did not want the man to be cruel to her. The man answered roughly,

"At one time I heard him say, 'I am tired of all this, I am going to end this.' Then I heard the woman say, 'How are you going to end it?' The man said something I could not hear, but I heard him say 'I'll show you I'm going to end it.' He got out of the machine and walk across the opposite side of the road from where I was and then after he had been there a minute he came back with something in his hand. I could not see what it was in the dark. The woman was standing in the machine in front of the left hand seat in the front part of the automobile when the man came back. Both had been sitting in the front seat before he went away to the side of the road.

Knocked Her From Machine. "Just when the man came back I heard the woman scream once. Then the man who was standing in the road swung what he had in his hand and hit the woman on the right side of the face. She fell from the machine to the road, and she did not make a round.

Saw Shot Fired. For a minute the man stood look ing at her, and then I heard him say, 'Damn you, you're not dead yet. I'll fix you.' Then he up with a gun, which was what he had hit the woman with, and he shot her where November-December 6.111/2 she lay in the road by the front seat December-January 6.10% of the automobile. I did not see where January-February 6.101/2 he shot her. I saw him throw the February-March 6.12 ne shot her. I saw him throw the March-April 6.13½ gun somewhere and he began to lift April-May 6.141/2 his wife's body in the front seat of May-June 6.151/2 the automobile, and I came out from the trees.

Threatened to Have Him Killed. "I told him yes I had seen it. 'D-n you, what the h-l are you going to do about it?' he said. I didn't say anything. Then he began to threaten me. He said he was rich and had lots of friends in Richmond, and if I told on him he would have me killed somehow. He said nobody would believe my story if I appeared in court against him anyway, and I had better get out. He said he would give me some money and a suit of clothes if I

train to this place." Last night, before Mr. Wendenburg's startling announcement, it was expected that the final argument by counsel would be begun this morning and concluded to-night.

To Prepare For Argument. Judge Watson expected immediately upon the convening of court and the delivery of instructions to the jury to ask for an agreement as to the time to be used by each side for argument.

The trings of light on Trade and Tryon freets have been lighted on only one two occasions during the past lear. No extra lights have been

ifferent business houses. It has been deplored that the streets are not better lighted, but the executive board with its extra appro-Priation of something like \$7,000 over and above the expense of maintaining the present lighting system, will Probably act on the proposition as

soon as they deem it advisable. In the meantime with a closer inspection of the present arc lights all wer the city and the renewal of parts and tests of current and candle powt, it is believed some improvement
