NEW ORLEANS COTTON

NEW ORLEANS, Aug. 26.—Futures opened at a decline of 5 to 7 points on good weather and crop reports over Sunday. Cables were about as expected. The market was dult in the early trading and business was chiefly of an evening-up nature. Scalpers generally took the short side because they were impressed with bearish comment concerning the demand for spot cotton and the extent of offerings of new crop grades. At the end of the first half-hour of business prices were 5 to 6 points under Satur-

At a level 7 points down on all the trading months, the market became steady and started to react on buying, which appeared to come mainly from shorts. Absence of rains in Texas and the forecast of fair weather all over the western half of the belt stimulated the buying. The market made no great display of buying, however, and was held down by reports from spot people that Texas was offering the new crop very freely at concessions. At noon prices were 2 to 3 points under Saturday's close. This was the highest of the

BRIEFS

The latest date set for the hearing of the will of the late Thomas M. Shaw in the probate court before Clerk of Court C. C. Moore is Thursday morning at 16 o'clock. If the witnesses are all present it will doubtless be heard.

The many friends of Mr. J. M. Davis will learn with pleasure that he is slowly gaining his strength after an illness of six weeks at the home of his daughter.

TAKING A CHANCE" AT THE PERNCESS TODAY

WALL STREET

NEW YORK, Aug. 26,-The coppers,

Coppers were the strong feature of the first hour, railers showing a tendency to decline with Canadan Pacific losing considerably more than its initial gains.

The financial community's pessimistic mood as shown in the early movement of stocks today was attributed to events at Washington.

Pacifics and other railway shares of primary importance were distinctly heavy, Canadian Pacific falling more than 3 points from its initial gain of 114. The coppers did not display any marked strength. Bonds were irregular.

The market's tone improved after midday, but business grew dull on the rally. The market failed to awaken from its stagnant state of the early afternoon.

LONDON, Aug. 26.—American securities opened steady and about unchanged today. The early trading was limited, and most of the list eased off. At noon prices ranged from % above to % below Saturday night's closing.

CHICAGO GRAIN AND PROVISIONS

CHICAGO, Aug. 26.—Predictions of fair, col weather in the Northwest encouraged wheat sellers. Opening prices were unchanged to ¼ to ¾c higher. September started at 94% to 94%, a gain of % to 1/4 to 1/4 to 1/4c, but reacted to 94. Wheat lapsed on reports of threshing conditions. Closed steady with September % to %c net lower at 93%-

Light offerings furnished only temporary strength to corn. September opened unchanged to 16c up at 721/4 to 72%, touched 72% and then sold back to

Corn dropped on increased rural of-ferings. Closed steady at 72% for September, a net gain of %.
Oats followed corn. September started a shade off at 321/4, rallied to 32% and

later declined to 321/4. Firmness at the yards advanced provisions. First sales ranged from 21/2

W. J. BURNS INVESTIGATING

NEW ORLEANS, Aug. 26 .- Following the publication in a local newspaper of an article stating that Detective William J. Burns, at the instance of several citizens, is making an investigation of municipal conditions in New Orleans, which have been productive of sensational revelations. Mayer Behrman today requested Judge Chreiten of the criminal district court to convene a special session of the grand jury and order an independent investigation. It is said the investigation by Burns

has brought to light conditions almost as startling as those which existed in Atlantic City, Detroit, and other cities Burns has been called upon to expose graft and corruption. "I demand facts, not rumors or hints," asserted Mayor Behrman. "If there is any corruption in the police or any other department of the city government, I want the public to

know it and so far as I am concerned, I pledge the people that no man whatever his position, will be shielded from prosecution and, if guilty, punishment."

22,000,000,000 CALLS OVER TELEPHONES DURING 1911

BOSTON, Aug. 26 .- According figures compiled by the American Telephone and Telegraph Company, there were 22,000,000,000 telephone calls throughout the world during the year 1911. Of this total the United 000,000, or 66 per cent.

The average earning per telephone is Pennsylbania and New Jersey.

First Butterfly Farm.

RED BANK, N. J., Aug. 26 .- Business men from New York are to establish here the first butterfly farm in the world, specializing in specimens of highly decoratve appearance, The product of the farm is to be sold to society women who will thus be enabled to satisfy their whim for having butterflies flying about their conservatories and parlors.
