

Those who have watched the phenomenal growth of our business and drank of the cooling waters of low prices we are giving, know perfectly well the reasons for our great success. It is said there is not a house like it in the Nation doing the business we are doing in a city of 15,000 people. Last week a gentleman came from Pittsburg on purpose to learn, if possible, the cause of our great trade. After spending two days, he said to the writer he would not have missed it for an hundred dollars. He had gathered up new ideas of business success. The truth is our success has exploded the theory and practice of high prices, established beyond doubt that the law of success in merchandise is that of small profits and quick sales. That of reducing the business to Cash, of mastering with Dollars when we buy and keeping the mastery when we sell. Under-buy; Under-sell. To every visitor we extend a cordial invitation to come and see us, to go all through our House, to get prices under the law of Dollar Valuations, and to buy as it will pay you to buy.

A page is not large enough to give in detail an idea of our business. To appreciate it you must see it. We append lists of prices of a few items in the leading departments:

CLOTHING

HEN POWELL.
BAXTER YANDEL.

Our Clothing Department is and always has been a success and is now complete, with the exception of a few dozen suits and a nice lot of fine Striped and Plaid Pants, which will arrive this week. We can fit all sizes of men—the tall and slim, the short and stout the long stout and the regular shapes. The styles in both colors and cuts are very nobby and tastily conceived this season, and we are not behind in procuring them only in one respect and that is to your advantage. We were a little behind other merchants in buying our Spring Stock, and for this reason we have bought a stock 15 to 20 per cent. less than they bought earlier. Crowds have stood around our counters for the past two weeks eager to select from the Durham stock at 50 cents on the dollar until it is about all gone. True, we can't sell you the new and regular stock at 50 cents on the dollar but we can and will let you have it at a saving of at least 20 per cent. cheaper than you buy it elsewhere. It will pay you to see our business suits from \$7.50 up in all the latest patterns in Cheviots, Cassimeres, Flannels, Tibets and Serges. A \$7.70 Suit will fit as neatly and perfectly as a \$10.00 Suit. Fine Dress Suits, bound or unbound in fancy and solid worsteds, clay worsteds, broad wales, in fact all the new, nobby fabrics. All made by first class manufacturers and fit equal to made to order garments. Our stock of fine Pants is the largest and nicest we have ever had, and can't be had in town for 20 per cent. more money.

The above talk explanatory of our clothing stock is by Mr. Ben Powell, who knows our stock thoroughly and knows whereof he speaks. The tremendous increase in our clothing sales we think due to the great increase in the quantity and quality of our stock. We carry the largest and best clothing stock in the State, and sell it for less money.

W. J. HARRIGAN.

We have just added 4,000 to our Shoe stock, bought from the closing of the manufacturers season, and shall sell as we bought. The application of this rule has built our Shoe trade, as it has all our departments, up to mammoth proportions. This department often requires six salesmen to wait on our trade. We are using every effort in this department to lead the house, and under the management of the wonderful worker Harvey Hood, we shall not hesitate to say to the leaders in other departments, look out for your laurels or your departments will be behind.

Perhaps the most remarkable growth in all our great house is that of our Carpet Department. Thousands of yards of all kinds of Carpets go out to every part of the country. No unusual thing to send Carpets one to two hundred miles. They go line and low prices, with all the newest and best offered, embracing every thing in a first class stock of Carpets, contribute largely to make this what it is, the most attractive stock of Carpets in the Carolinas.

HARDWARE.

TODD FOLSOM.

Dress Goods.

JOHN DELANE.
CAPT. HAYNES.
MISS CARRIE FOLSOM.
MISS ANNIE GROSS.

We have certainly sold Challies enough to supply all this part of the Carolinas. Sateens and White Goods have gone out in very nearly as great amounts. Why they are really no limit to the sales in Gingham, Percales, Foulards, Lawn, Chambrays, &c.

We offer this week Solid Black Organdies at 18c in stripes and plaids. These are fine goods and would be cheap at 25c.

We shall continue our Challie sale at 5c per yard. Another case, lovely patterns, this week. A splendid line of Percales at 8 1/2 cents. A few pieces yet of those 30 cent Sateens at 20 cents.

The great piece sale of White Goods, in 7 to 15 yard pieces, at 5c, 10c, and 12 1/2c, has eclipsed all other interests in White Goods. These goods are really worth double the money.

Men's Hats & Valises.

JINKS HARRELL.
CHARLES SHAFER.

It is a wilderness of Staw Hats for Men, Boys and Children. Broad Brims and Narrow, all kinds of Hats. We offer the greatest array of Hats ever seen here. Through our New York house we buy direct from manufacturers. The line between Retailers and Wholesale dealers is distinctly drawn in mercantile life. Manufacturers who sell the retail trade cannot sell the jobber. The jobber to succeed must be protected so that he can sell the retail dealer. No retail merchant can buy goods as a jobber. He must have an interest directly or indirectly to reach the markets through a jobber or his right to buy at the prices named to a jobber are cut off and he can not get the jobbers prices, and when you hear a retail merchant telling of his ability to buy goods in and of himself just as a jobber buys, you set that down as a mistake. If we could not use our New York House we should have to close our business.

Notions and Stationery.

MISS KATIE NORTHEY.
