## TRUSTS AGAINST HIM

If Mr. Roosevelt Goes Further He'll Find a Thorny Path.

Representative Pou Says The Democrats Have a Good Opening To Win in The Fall Elections.

(Baltimore Sun.)

Washington, Aug. 26.-Representative Edward W. Pou, of North Carolina, was in Washington today, fresh from a campaigning tour of the State of Maine.

Mr. Pou says that President Roosevelt's announced intention to pursue the trusts has aroused antagonism to his nomination two years hence, and that, unless he informs the big industrial combinations that he hopes for no legislation unfavorable to the trusts, he will lose the support of a powerful element of the party which has heretofore befriended him.

"However honest the President may be," said Mr. Pou to a correspondent of the Sun today, "I do not believe his party will allow him to take any effective action against the trusts. Whenever he succeeds in convincing his own party that he is in earnest it will be difficult for him to secure the nomination two years from now. That means that he will do nothing. It is a fact also that in the event that he forces anti-trust legislation many contributions to the Republican campaign fund will be lost to the party. The Republican party in such an event would be 1,000,000 votes short of a majority, and upon the issue of tariff revision the Democrats would sweep the country in old-time Democratic fashion.

"The question as to whether we carry the next House is not of very great importance," continued Mr. Pou, "but tariff reform and economy in the public expense are the issues upon which the party can elect the next President. I find that the main issue in the North is along the line of tariff revision, and sentiment is very strong in favor of reducing the duty upon articles manufactured in this country, which are cheaper abroad than they are at

Mr. Pou says he believes that a large Democratic vote will be polled in Maine next month, notwithstanding the fact that it is an off year for elections. He is not very sanguine of Democratic victory in any of the Maine Congressional districts. He says, however, that if the Democratic vote is larger than usual the effect will be great throughout the country in encouraging Democratic voters.

#### GIRL WOMEN.

The general standard of measurement for womanhood is "grown-up-ness." When a girl is emancipated from school and arrives at the dignity of trailing skirts and elaborate hair dressing she is

looked upon as a young woman. But nature knows nothing of such standards. When the womanly function is established womanhood is attained according to her standards, and there is need of womanly care and caution. It is girlish ignorance or neglect at this critical time which often results in long years of after misery.

tional derangement in young girls should promptly have them begin the use of Dr. Pierce's Favorite Prescription. It establishes regularity, tranquilizes the nerves and tones

up the whole system. "My troubles started during my girlhood," writes Miss Flora I. Greer, of 107 Howe Street, Akron, O., "but did not prove serious until 1893.
From that time I did not see a well day. I suffered at every monthly period with terrible headache, irritation of the spine and pains in my heels. I had soreness through my hips and ovaries all the time and constant backache. One doctor would tell me one thing ailed me, another would say something altogether different, but they only relieved me. I then wrote you and followed your advice. I took five bottles of Dr. Pierce's Favorite Prescription, four of 'Golden Medical Discovery' and five vials of 'Pellets.' Have not had a single symptom of my old trouble so far. Heyward and Ansel Will Run Over for Governor. (Columbia State.)

Practically all the vote in the State in the several races has been accounted for up to early this morning. A total vote of 82,626 is reported in the race for governor. The returns from about 10 counties are as yet only partial and PARTY FAR FROM UNITED there is probably a total of 10,000 or more votes outstanding. In some of the minor races no returns are in from Hampton, Aiken, or Cherokee.

On the face of the returns it appears that Latimer and Evans will surely make the second race for the senate and that Heyward and Ansel will run over for governor. Talbert is third man but Ansel is leading him nearly 2,000 votes, Jim Tillman is still in fourth place and is almost certain to

stay there. For lieutenant governor Sloan leads out handsomely and will run over with Gary. For secretary of state Wilson leads with several thousands to spare, and will make the second race with Gantt. Gunter is almost certainly nominated for attorney general, leading

Stevenson nearly 4,000 votes. For comptroller general Walker and Jones will be in the second race, and it will be a close one. McMahan is probably renominated for superintendent of education, but his lead is only about 1,600 votes. Frost comes out of the race for adjutant general over 6,00 votes ahead of Boyd, with whom he will run over. Boyd Evans leads the race for railroad commissioner, and will run over with either Caughman or Mobley, who are very close. Wilborn

is badly beaten.

"It gives me great pleasure to testify to the merits of Paine's Celery Compound. I can candidly and honestly say it is the best medicine in the world. Two years ago I was suffering from indigestion and nervousness, and was so run down that I in West Albany, N. Y. could hardly walk without help. I used two bottles of Paine's Celery Compound and got better almost from the first dose, and have had no use
