

TERROR, SCALES, ETC.
 There was a man. And his mirror said "sallow skin." And the scales said "losing weight." And his friends did wag their heads as he passed by. But being a prudent man he forthwith swallowed daily certain pleasant doses of Scott's Emulsion.

Then his mirror said "ruddy face." And the scales sunk beneath his weight. And his friends looked upon him with amazement.

"This is no fable—but is true history."

ENDOESSED T. H. HILL.
 (Continued from Second Page.)

challenge a comparison of it with the present reckless management of our affairs by the Democratic party.

"We arraign the leaders of the Democratic party as false to every pledge made in the last campaign.

"They promised to reduce expenses, and instead of doing so they have increased expenditures in almost every department of our State government.

"They promised to curtail rather than increase the number of offices, and instead of doing so they have increased the judge and solicitors from 12 to 16, and have made other increases by providing for the employment of clerical help that has not heretofore been deemed necessary under similar circumstances.

"They promised to reduce salaries, but instead of doing so they have increased the Governor's salary during his term of office, in violation of the constitution, and have provided many ways by which the people are today taxed far in excess of any rate they have heretofore had to pay.

"They promised to reduce taxation, and instead of doing so they have legislated so that our receipts have increased within three years in the sum of \$880,419.97.

"They promised to reduce expenditures, and instead of doing so, in three years they have increased in the sum of \$1,088,545.31.

"They promised, by affidavit and otherwise, that no white man would be disfranchised under the amendment of our constitution; but instead of observing their pledge with respect to this matter, the Democratic State chairman is now forced to admit that 18,000 white men will be denied the right to vote at the approaching election.

"We condemn them for an unwarranted effort to impeach, for purely partisan purposes, and because of their action in following precedents established by the Supreme Court of this State in a long line of decisions covering a period of more than 60 years, two of our Supreme Court justices.

"We furthermore condemn them for the enactment of legislation appropriating the money of the people for the purpose of defraying the expenses of persons indicted for the violation of laws which they had sworn to obey, and for granting amnesty to such persons from prosecution in the State courts.

"We declare that when the constitutional amendment was adopted by the people of North Carolina two years ago it passed out of the realm of politics and that if Governor Aycock, Senator Simmons and others keep faith with the people in the pledges then made, there can be no such thing as a race issue in the present campaign.

Members of the district executive committees were named as follows: First, Geo. E. Buckham; second, D. W. Patrick; Greene; third, G. W. Hunt; fourth, Claudius Dockery; Wake; fifth, W. T. O'Brien; Durham; sixth, W. D. Sutton; Bladen; seventh, W. A. Bailey; eighth, E. S. Blackburn; Wilkes; ninth, Thos. S. Rollins; Madison; tenth, J. M. Moody; Haywood. Six members of the State executive committee for the State at large were elected as follows: B. F. Mebane, Rockingham; J. T. Wilson, Mecklenburg; H. S. Harkins, Beaufort; E. C. Duncan, Carteret; W. P. Bynum, Guilford; Z. V. Walker, Davidson.

Fritchard was named as chairman of the State committee and after hearing more talk from Fritchard the convention adjourned.

Laudable Undertaking.
 Editor The News:
 Being a sojourner at the Young Women's Christian Association Home in this city, I feel called upon to commend this laudable undertaking, and to ask the News to give wider notice of it. I am convinced, after seeing here the safe Christian influence of a home that begins the day with family prayer, that Mrs. Mackay is making a home for the lady stenographers, clerks, hospital nurses, etc., that commands itself to thinking people.

Everybody knows that home influence with its restraints, comforts and encouragement to a higher and truer living for the young is too often exchanged for damaging ruinous influences at the best boarding houses, where the traveling public is entertained. Now, I feel sure that this enterprise can be made all that its worthy promoters desire, but in addition to the importance of getting people better acquainted with it, so as to secure more patronage, that it may become self-sustaining, I wish to say that there is now need for material aid. The daily needs of the home are greater than the contributions to its support, and the making-much-out-of-little power does not belong to a strong woman, much less to the frail looking lady that is bravely struggling against threatened failure. Now I believe it only needs to be brought before the people, to let them know the chance for doing a good here, to secure frequent contributions in the way of fruit and vegetables, melons, and other things that country people can afford to spare.

The lady managers would be surprised to know how very little, almost nothing, has been contributed in this line of necessities.

Another thing—country people can get a good dinner here for 25c., and they will find the sign, Young Women's Christian Association Home, on Fifth street, less than two blocks of the Square. M. G. G.

A DEEP MYSTERY.
 It is a mystery why women endure Backache, Headache, Nervousness, Sleeplessness, Melancholy, Fainting and Dizzy Spells when thousands have proved that Electric Bitters will cure such troubles. "I suffered for years with kidney trouble," writes Mrs. Phebe Cherley, of Peterson, Ia., "and a lame back pained me so I could not dress myself, but Electric Bitters wholly cured me, and, although 73 years old, I now am able to do all my household work." It overcomes Constipation, improves appetite, gives perfect health. Only 50c. at Burwell & Dunn Co.'s drug store.

A MOST GRATIFYING REVELATION.

The talking machines used flat records which were sold, in past years, in competition with the graphophones using cylindrical records, were famous for their scratch and numerous other disagreeable features. But the advantage of flat indestructible records, if they be made acceptable in quality, were long since recognized and in the hands of the Columbia Phonograph Company, pioneers and leaders in the talking machine art, this type has been perfected and the records so greatly improved that they are now a most gratifying revelation. The supply of these goods has been unequal to the demand but plans are now perfected to produce them in unlimited quantities and orders will be promptly filled.

The Disc Graphophone is made in three types, selling at \$15, \$20 and \$30. Seven-inch records 50c each, \$5 per dozen; 10-inch records, \$1 each, \$10 per dozen. The Graphophone and Columbia records were awarded the Grand Prize at the Paris Exposition of 1900.

The Columbia Phonograph Company, 110 East Baltimore street, Baltimore, headquarters for graphophones and talking machine supplies of every kind, will send you catalogue on application. 28-2t

Points About People.

Seven Hedin, the explorer, will need at least two years to put into book form the result of his recent African trip.

Mrs. J. M. Hough, wife of the station agent at Woodbine, Iowa, has invented an improvement on the mail crane for fast trains.

Lord Kelvin is said to be the wealthiest of British inventors. Fourteen of his patents cover appliances that are used on warships.

SCROFULA

I bequeath to my children Scrofula with all its attendant horrors, humiliation and suffering. This is a strange legacy to leave to posterity; a heavy burden to place upon the shoulders of the young.

This treacherous disease dwarfs the body and hinders the growth and development of the faculties, and the child born of blood poison, or scrofula-tainted parentage, is poorly equipped for life's duties.

Scrofula is a disease with numerous and varied symptoms; enlarged glands or tumors about the neck and armpits, catarrh of the head, weak eyes and dreadful skin eruptions upon different parts of the body show the presence of tubercular or scrofulous matter in the blood. This dangerous and stealthy disease trenches itself securely in the system and attacks the bones and tissues, destroys the red corpuscles of the blood, resulting in white swelling, a pallid, waxy appearance of the skin, loss of strength and a gradual wasting away of the body.

S. S. S. combines both purifying and tonic properties, and is guaranteed entirely vegetable, making it the ideal remedy in all scrofulous affections. It purifies the deteriorated blood, makes it rich and strong and a complete and permanent cure is soon effected. S. S. S. improves the digestion and assimilation of food, restores the lost properties to the blood and quickens the circulation, bringing a healthy color to the skin and vigor to the weak and emaciated body.

Write us about your case and our physicians will cheerfully advise and help you in every possible way to regain your health. Book on blood and skin diseases free.

Tutt's Pills

After eating, persons of a bilious habit will derive great benefit by taking one of these pills. If you have been **DRINKING TOO MUCH, SICK HEADACHE** they will promptly relieve the nausea, and nervousness which follows, restore the appetite and remove gloomy feelings. Elegantly sugar coated.

Take No Substitute.

Do Stars Explode?
 The appearance of a new star in the constellation Perseus, and its rapid expansion into a nebula, which has been going on for some time past, have revived among astronomers the theory that some nebulae may be formed by explosion. About 1870, Professor Bickerton, of Canterbury College, New Zealand, showed that, if two stars should graze one another, the abraded parts, if relatively small, would have so high a temperature that they would at once become nebulous, and that the nebula so formed would, under certain conditions, continue to expand until dissipated in space. The present expanding nebula has been growing at the extraordinary rate of several thousand miles a second, and is, in many ways, one of the greatest celestial wonders of the time.—"Success."

DR. MOFFETT'S TEETHINA
 (TEETHING POWDERS)

Rev. J. W. Berry (of Arkansas Methodist Conference, writes): "Enclosed find fifty cents for which please mail me two packages of 'TEETHINA.' We wonder how we have raised children without it. The other day a lady in Missouri sent us a package and it came at a most opportune time; our babe was in a serious condition; his bowels had been in bad condition for days, and nothing that we gave did any good; the second dose of 'TEETHINA' gave perfect relief and he has had no further trouble. Other members of the family have used it and every dose has been a perfect success."

BLACK SPRING, Ark., Sept. 18, 1901.
