

JUDGE PRITCHARD MARRIED TODAY

This is the Ex. Senator's Fourth Venture on the Matrimonial Sea --- The Bride a Charming Woman of Carolina Ancestry.

(Special to The News.) Washington, D. C., Nov. 14.—This morning at 10 o'clock Judge J. C. Pritchard, former U. S. Senator was married to Miss Lillian Saum, in this city, at the home of the bride-elect. This is the Judge's fourth marriage. Miss Saum is a native of this city, but her mother is a North Carolinian. She is a young society woman and very pretty and popular. After the marriage the Judge and his bride left for a short visit to New York. His official duties will not permit a long absence.

A Few Minutes With The Recorder

One of the best examples of intellectual degeneracy that has come to light in many days was produced this morning in the Recorder's court in the person of Tony Davis, colored, who comes as near "knowing nothing" as any human being can approach to. The negro, as he stood before the court today, was the picture of child-like helplessness whenever he tried to get his intellectual faculties to work. Davis was charged with non-support of his wife, Mary Davis. The negro told the court that he bought a half sack of flour about two months ago for his wife and two children and that since then he had spent sixty-five cents for flour and that he bought twenty-five cents worth of bacon every Saturday and he seemed to think that he had discharged every obligation to his family in this providing. Davis said further that he had worked for a man at fifty cents a day for four days and that he had received \$1.50 but he did not know whether this was the right amount due him for the work or not. His wife turned to the court that Davis has burned up a tub and the straw in the mattress at their home for fuel and that he sat about the house asleep a good part of the time; that he slept until he got tired sleeping and then got up. Davis seemed so contented with the course of things that it was almost pitiable to see his condition. The Recorder wisely decided to give the negro a chance to work and accordingly allowed him the space of one week to get work and furnish his wife with a pair of shoes and other necessary articles. The negro took it all

Thousands Have Kidney Trouble and Don't Know It.

Fill a bottle or common glass with your water and let it stand twenty-four hours; a sediment or settling indicates an unhealthy condition of the kidneys; if it stains your linen it is evidence of kidney trouble; too frequent desire to pass it or pain in the back is also convincing proof that the kidneys and bladder are out of order.

What to Do. There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in 50c. and \$1. sizes. You may have a sample bottle of this wonderful discovery and a book that tells more about it, both sent absolutely free by mail. Address Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this general offer in this paper. Don't make any mistake but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

with the utmost satisfaction and apparent indifference. He was one of the best specimens of the stupidity of ignorance that has turned up in the court in many a day. Great Francis and John Anderson, both colored, were before the court for an affray and were bound over under a bond of \$25 each. The two negroes had fallen out it appeared over a girl and had then "mixed." There were several other cases in which the defendants were discharged.

THE CZAR IS FOR PEACE.

A Complete Understanding Reached With Germany and France. (By Associated Press.) St. Petersburg, Nov. 14.—There is much satisfaction here over the result of the Czar's visit abroad. It is believed that a complete understanding was reached with Germany and France regarding the near and far east, making for peace and rendering Russia's rear secure in the event of future hostilities with Japan. While the danger of hostilities is considered over for the present despite the warlike tone of the Eastern dispatches, it is realized that the settlement is merely patch work.
