

RECORDER DEALS WITH BLIND TIGERS

A Number Were Sent Up to the Higher Court this Morning. A Bad Negro From Lancaster, S. C., is in the Clutches of the Law. Other Cases this Morning.

Recorder Shannonhouse is still piling up whiskey cases to be tried at the present term of criminal court. At his court this morning offenders were "sent up" on this charge under bonds aggregating more than \$600.

The Recorder had a busy time of it this morning and yet the usual large Monday morning docket was cleared with unusual rapidity. In the absence of Attorney Cameron Morrison, representing the Law and Order League in the prosecution of whiskey cases, his associate, Mr. Paul C. Whitlock, was there in his capacity.

The first case was that of Jim Clarke who, it will be recalled, came near putting John Durin out of business one night last week. Clarke was apprehended a few nights after the deadly assault and placed in jail to await trial this morning. The evidence against Clarke was convincing. The razor, the weapon he handled so recklessly upon the person of Durin, was found in the yard where the rucas took place and it was identified as his property. Other convincing evidence was introduced and Clarke was sent to jail in default of a \$100 bond.

Walter Johnston, the negro who was arrested a few nights ago as an escaped convict, was turned over to county officials. He was taken to the jail.

Jim Black was fined \$5 and the costs for indulging in too much drink.

Cleve Queen was fined \$5 and the cost for a too liberal use of profane words.

Alfred Palmer and Ernest Twitty, two negro youths, were fined \$3 and the costs for an affray.

John Ballard, a negro, who has been working at the Central Hotel, was arrested a few days ago as a fugitive from justice and this morning the Court ordered that he be turned over to Sheriff Hunter, of Lancaster, S. C., where he is wanted on the charge of larceny and several other crimes.

Sheriff Hunter arrived in the city this morning and will take his prisoner to Lancaster this evening. In the meantime, the authorities here have worked up a case against him and have instructed Sheriff Hunter to "handle him with care" and notify them as soon as his term on the roads there expires.

The whiskey cases tried this morning are the following: J. T. Traywick, bound over to Superior Court in the sum of \$100; Henry Robinson, \$200; John Barnes, \$200, and John Key, \$100.

MUSIC AT THE CLUB.

Delightful Innovation Will Be Introduced at the Manufacturers' Club.

There will be music at the Southern Manufacturers' Club every evening from 8 to 9 o'clock. Arrangements have been made with Mr. D. Amatt Richardson to furnish music every evening at this time and he will have to assist him Mr. Von Lawrenz, piano, and Mr. Louis Baker, cornet.

It goes without saying that the club members will greatly enjoy and appreciate the high class music that will be furnished by this splendid trio. Each of them are musicians of the first class and it would be difficult to find a better combination. They will play together this evening for the first time.

Funeral of Grace Blakeney.

The funeral of little Grace Blakeney, the 15-month-old daughter of Mr. and Mrs. J. A. Blakeney, who died at their home in Providence township yesterday morning took place from Providence church this afternoon. She had been ill about two weeks and her death came as a great shock to the parents whose tender care and fondness watched over the little one every moment of her brief life.

ITS MERIT IS PROVED

RECORD OF A GREAT MEDICINE

A Prominent Cincinnati Woman Tells How Lydia E. Pinkham's Vegetable Compound Completely Cured Her.

The great good Lydia E. Pinkham's Vegetable Compound is doing among the women of America is attracting the attention of many of our leading scientists, and thinking people generally.

Mrs. Sara Wilson

The following letter is only one of many thousands which are on file in the Pinkham office, and go to prove beyond question that Lydia E. Pinkham's Vegetable Compound must be a remedy of great merit, otherwise it could not produce such marvelous results among sick and ailing women.

Dear Mrs. Pinkham:— "About nine months ago I was a great sufferer with female trouble, which caused me severe pain, extreme nervousness and frequent headaches, from which the doctor failed to relieve me. I tried Lydia E. Pinkham's Vegetable Compound, and within a short time felt better, and after taking five bottles of it was entirely cured. I therefore heartily recommend your Compound as a splendid female tonic. It makes the monthly periods regular and without pain, and when many doctors fail to help you. I am pleased to recommend it to all suffering women."— Mrs. Sara Wilson, 31 East 3d Street, Cincinnati, Ohio.

If you have suppressed or painful periods, weakness of the stomach, indigestion, bloating, pelvic catarrh, nervous prostration, dizziness, faintness, "don't-care" and "want-to-be-left-alone" feeling, excitability, backache or the blues, these are sure indications of female weakness, or some derangement of the organs. In such cases there is one tried and true remedy—Lydia E. Pinkham's Vegetable Compound.

CHILDREN BURNED.

Two Little Girls Suffer Greatly Because Of Burns.

The six-year-old daughter of Mr. and Mrs. W. L. Long, of Coburn's store, was badly burned Saturday. A little sister of the child who attempted to extinguish the flames was painfully burned about the hands and arms.

The children were in the yard playing about a trash pile that was burning. The dress of the little child caught and burned rapidly. Her little sister who was nearby, realizing the danger, rushed to the child's side and bravely fought the flames. The child was horribly burned and it is feared that death will result. The brave little one who ran to the rescue of her sister, has suffered greatly from the burns she received.

A MONTH'S MEDICINE FOR 25c.

Every bottle of Dr. Howard's Specific for the cure of constipation and dyspepsia contains sixty doses of a remedy that is pleasant and easy to take. Used according to directions, this is sufficient for a month's treatment. Bought on R. H. Jordan & Co.'s special half-price offer of a regular-sized 50 cent bottle at half price, you get a month's supply of the best medicine in the world for only 25 cents.

Another reason why you should use Dr. Howard's Specific, or at least try it, if suffering with constipation, dyspepsia or liver trouble, is the fact that druggists R. Leonard & Co. sell you a bottle under their personal guarantee to refund the money if the specific does not cure.

Many lives are lost by treating the sick for the wrong disease. If you have any of the following symptoms, Dr. Howard's Specific will cure you: Loss of Appetite, Sick Headache, Distress in Stomach, Sour Stomach, Great Mental Depression, Belching of Gas, Bloating of Stomach, Heartburn, Tired, Stupid Feeling, Lack of Energy, Specks before the Eyes, Constipation, Gnauling in the Stomach, Choking Feeling, Pains in the Side and Chest, Stomach Cough, Dull Pains in the Head, Coated Tongue, Melancholy Forebodings, Loss of Sleep, Bad Dreams.

There are hundreds of people in Charlotte who are praising this remarkable remedy for restoring them to health. Many of them thought their case incurable, but as Druggists R. Leonard & Co. told them that Dr. Howard's Specific would cost them nothing if it did not help (they to be the judge), they decided to use it and are today in the best of health.

Remains taken to Virginia.

The body of Mrs. Ella D. Ross was taken to Southern Va., last night for burial. The death of Mrs. Ross occurred at St. Peter's Hospital yesterday morning about 1 o'clock after an illness of about three weeks. Her home was at Villa Heights. She was about 35 years old and is survived by her husband, mother and four children.

Ensnaring Victims

Steps Should be Taken at Once to Prevent Further Trouble. Here in Charlotte, as in other cities and towns, dyspepsia or stomach troubles are ensnaring victims in a most insidious way.

Use Mi-o-na now and soothe the irritated walls of the stomach and strengthen the gastric follicles so that they will pour out their daily supply of digestive materials with regularity. Then the headaches, sleeplessness, specks before the eyes, poor appetite, tired feelings and nervousness will disappear and you can eat what you want at any time you like.

Just one little tablet, out of a 50 cent box before meals, for a few days, and you will soon regain perfect health and strength, and have no fear of indigestion or stomach troubles. Ask Woodall & Sheppard to show you the guarantee under which they sell this remedy.

If not convenient to obtain Mi-o-na of Woodall & Sheppard or some other retailer it will be sent by mail postage prepaid on receipt of price.

DR. HARDIN SAYS WE NEED REVIVAL

Speaking Particularly of his Own Denomination. He Said there is Great Need of a Religious Awakening Among the Members of the Presbyterian Churches.

At the installation services at Tenth Avenue Church last night, Dr. Martin D. Hardin preached the sermon and he took occasion to remind the Presbyterians of Charlotte that they, as a Christian people, were not living up to their religious duties.

Dr. Hardin took as his text a part of the second verse of the third chapter of Habakkuk, "O, Lord revive thy work in the midst of the years." Dr. Hardin said in part:

"In thinking of a subject which would be appropriate for a sermon on this occasion it has seemed to me eminently proper that we consider the present needs of a revival in the churches of our city. We have assembled here tonight the representatives of most of our Presbyterian congregations. We have met to install the new pastor of this church and there is, I know, one desire and prayer in the hearts of all present that this union of pastor and people may be fruitful of vast good, not only to this congregation, but to the whole community.

"How can we better help on this consummation than by striving to make this meeting the beginning of a united movement among our Presbyterian congregations which will awaken in all our churches a new sense of the reality of Christ's revelations—a new sense of the love of God. A new sense of the danger and the hideousness of sin—a new sense of the joy of Christian service; a new sense of our obligations as soul winners for God?"

"I know I but voice the feeling of many here present when I say that as I look at the life of our churches I am filled with a profound conviction that they are in need of nothing so much as a genuine, heart-searching revival of true religion which shall put an end to many of the dangerous symptoms of indifference now manifest.

"Pride goeth before a fall." I think I have been a member of this community long enough to show my love for it, and long enough not to be misunderstood when I make a plain, outspoken criticism and the criticism I would make is this, that I have never seen a community which was better satisfied with its religious state than this one. I have never seen a community where there was more of the feeling that 'we be Abraham's children and were never in bondage to any man.

"The fact that the forms of religion are respected, and to a large degree observed, has filled many of us with religious pride. Especially is this true of people of our own denomination. Our forefathers established this county and community. They were good men and true. We have inherited religious aristocracy and control from them.

"Now, I do not mean to say that there is not a legitimate and proper pride for a sense of pride and gratitude over their labors. But when the sense of what our fathers were and what we have done becomes so important that it acts as an opiate to prevent effort instead of a stimulus sending us on our way for higher things. Our congregations need to be humbled before the things they have not done. Our people will not feel this wholesome humility until under the spirit's inspiration they are made to see what among us might be done.

"In Charlotte we have five regularly organized Presbyterian churches, with a total membership of 2,608, and during the past year only 140 members have been added to these churches on profession of faith. These figures show that it took 19-2 to secure one new member, and in some of our churches it took fifty to secure one. It is simply appalling for us to be thus asleep at our post of duty while souls are slipping away. We are thus letting opportunities pass unused that we can never have again.

"Nothing is impossible with God, but it is His plan to work through human instrumentality in saving the world, and if this work is to be done, we cannot have God's love and grace in our hearts without wanting to share them with others. This should be our chief concern.

"We need a pentecostal blessing. We need it ever and anon. But before it will come we must engage in believing, agonizing heart-searching power. In this way we can secure this glorious awakening in our lives.

"God is ready and willing to give us this blessing. Will we ask Him; dare we ask Him for it in faith?"

Neither Here nor There. German shipping companies know a thing or two. In addition to the subsidies which they get from the German Government, they also help to develop the commerce of other countries and get subsidies for that, too, too.

The latest turn of this kind is with Chile. The Chilean Government, having practically no merchant marine of its own, is willing to devote several million marks yearly to increase its foreign trade and its coasting trade. The money is to be given in subsidies. Consequently, new combinations and organizations are at present active in German shipping.

The only difficulty about our doing the same kind of thing is that we haven't the ships to do it with. It is disheartening to patriotic Americans to see our next door business going into foreign hands for want of ocean carrying vessels flying our flag.—New York Sun.

It Is Wrong

To Suffer From a Germ Disease, When Liquozone is Free.

In the past few years, scores of diseases have been traced to germ attacks. They were thought to be due to other causes when old-time remedies were made. Can you not see why you don't get well, if you treat a germ disease with remedies that can't kill germs?

The remedy of to-day is Liquozone, and the first bottle is free. Its power is best told by a test. We ask you to try it, as millions have done, and learn what it means to you. Learn what this gas-made germicide can do.

What Liquozone Is.

The virtues of Liquozone are derived solely from gases. The formula is sent to each user. The process of making requires large apparatus, and from 8 to 14 days' time. It is directed by chemists of the highest class. The object is to so fix and combine the gases as to carry into the system a powerful tonic-germicide.

Contact with Liquozone kills any form of disease germ, because germs are of vegetable origin. Yet to the body Liquozone is not only harmless, but helpful in the extreme. That is its main distinction. Common germicides are poison when taken internally. That is why medicine has been so helpless in a germ disease. Liquozone is exhilarating, vitalizing, purifying; yet no disease germ can exist in it.

We purchased the American rights to Liquozone after thousands of tests had

been made with it. Its power had been proved, again and again, in the most difficult germ diseases. Then we offered to supply the first bottle free in every disease that required it. And over one million dollars have been spent to announce and fulfill this offer.

The result is that 11,000,000 bottles have been used, mostly in the past two years. Today there are countless cured ones, scattered everywhere, to tell what Liquozone has done.

But so many others need it that this offer is published still. In late years, science has traced scores of diseases to germ attacks. Old remedies do not apply to them. We wish to show those sick ones—at our cost—what Liquozone can do.

Where It Applies.

These are the diseases in which Liquozone has been most employed. In these it has earned its widest reputation. In all of these troubles we supply the first bottle free. And in all—no matter how difficult—we offer each user a two months' further test without the risk of a penny.

- Asthma, Anemia, Gonorrhea, Gleet, Hay Fever, Indigestion, La Grippe, Leucorrhea, Malaria, Neuralgia, Piles, Quinsy, Rheumatism, Scrofula, Syphilis, Skin Diseases, Tuberculosis, Tumors, Ulcers, Fever, Gail Sores, Goitre, Gout, Gonorrhoea, Gleet, Hay Fever, Indigestion, La Grippe, Leucorrhea, Malaria, Neuralgia, Piles, Quinsy, Rheumatism, Scrofula, Syphilis, Skin Diseases, Tuberculosis, Tumors, Ulcers, Fever, Gail Sores.

Also most forms of the following: Kidney Troubles, Liver Troubles, Stomach Troubles, Women's Diseases, Fever, Inflammation or catarrh—impure or poisoned blood—usually indicate a germ attack. In nervous debility Liquozone acts as a vitalizer, accomplishing remarkable results.

50c. Bottle Free.

If you need Liquozone, and have never tried it, please send us this coupon. We will then mail you an order on a local druggist for a full-size bottle, and will pay the druggist's cost. This is our free gift, made to convince you; to let the product itself show you what it can do. In justice to yourself, please accept it today, for it places you under no obligations whatever. Liquozone costs 50c. and \$1.
