

BOOZE OR MEDICINE?

Which will you have? If a woman suffering from one of the delicate ailments peculiar to your sex it will be well for you to know that Dr. Pierce's Favorite Prescription is the only remedy advised for such maladies which is absolutely free from intoxicating liquors and all other harmful agents. The good you feel from its use is not the delusive exhilaration from a tipping beverage, from which the system reacts into a worse condition than before. It may be a little slower in manifesting its effects, but its invigorating action, but its benefits are none the less superior, and best of all, they are lasting. It's an honest medicine—not a beverage.

"I have been taking your medicine for the last three weeks and can say I am gaining strength," writes Mrs. Seneth Kimy, of 605 West Madison Street, Mount Pleasant, Iowa. "I have been having very poor health all winter. I doctored with our family doctor but was relieved only while taking the medicine. I took Dr. Pierce's medicine several years ago. I knew it was good for any one suffering with female troubles. I have taken only one bottle and am gaining strength very fast. I could not get to sleep when I began taking the 'Favorite Prescription.' Heats troubled me and I had cold and numb spells till my heart would almost stop. I have had one child since first taking your medicine. If I continue with your treatment my health will be cured."

Every suffering woman in this land should write to Dr. Pierce and learn how certain he can help her to health and strength. It costs nothing to write and receive entirely free the advice of one of the most experienced physicians in this country. His great thousand-page book, the Common Sense Medical Adviser, in stiff paper covers, for 21 one-cent stamps the bare cost of mailing; or send 51 stamps for cloth bound. Address Dr. R. V. NEW BERN NEWS.

Governor Glenn Delivered Two Addresses.—Emphasized Temperance and Law Enforcement.—His Speech Special to The News.

New Bern, Feb. 20.—Governor Glenn delivered two strong addresses in the Methodist church here yesterday afternoon and last night.

At the afternoon service, which was opened with prayer by Rev. John J. Douglass, pastor of the Baptist Tabernacle, Hon. D. L. Ward, a prominent lawyer of this city, introduced the distinguished speaker to the great audience which had assembled to greet him.

Governor Glenn, after briefly stating the object of his visit, went at once to the heart of his subject—Temperance and Law Enforcement.

He explained in striking language how as Governor, he had visited the various State institutions and found that strong drink had sent them the majority of their unfortunate and unhappy inmates. Sixty per cent. of the inmates of the asylum were there because of the influence of intoxicants, acting either directly or indirectly.

"I have not always been a teetotaler," he exclaimed, dramatically, "but I am now. And so help me God, I shall continue." He also discussed the important question from the viewpoint of the practical man of affairs. He showed clearly, convincingly how liquor hurt business. He revealed in simple, unanswerable logic the folly of the business man who voted for license.

He answered the argument of those who claim that liquor lightens taxes by pointing to New Bern, Goldsboro and Charlotte as examples of low taxation, saying that the rate of taxation in Wilmington, which has saloons, was considerable higher. He gave State statistics as to the consumption of liquor, showing that North Carolina consumed yearly ten million dollars worth of it. This money spent in the proper manner would keep the State in excellent order and decrease expenses.

Answering the argument of those who claim that prohibition doesn't prohibit, he said that it would prohibit far more perfectly if officers of the law would do their duty. He declared it to be the duty of the sheriff to make investigation into city affairs. He scored weak-kneed officers, saying that the trouble with many of them was that they were finding "blind tigers" too frequently as patrons.

In thrilling language he declared his uncompromising hostility to the liquor traffic, come what might to him in the way of threats and warning and intimations that he would be retired to the ranks of private life.

North Carolina, should, he declared, receive the best of his effort to develop her manhood and preserve the purity of her womanhood.

His address at night was on the order of a sermon and was made specially to young men. A large audience was present. The Governor was at his best. He made a powerful appeal for purity, thrift and industry. He called upon the young men to show themselves worthy of the responsibility of citizenship. In brief, his appearance before the New Bern people was a high call to higher things, religiously, industrially and politically.

FRAZIER APTMENT, IS STILL IN DOUBT

Movements of Prominent Republican Leaders in N. C. The Mysterious Baby Left in Greensboro Now has a Protector. It is Named Sir Walter Raleigh.

Special to The News. Greensboro, N. C., Feb. 20.—Marshal James M. Millikan and Deputy Marshals Bailey and Chandy leave tonight for Asheville, where Federal Court begins tomorrow, with Judge Edmund Waddill presiding.

State Chairman Thomas S. Rollins and ex-Senator Marion Butler were here yesterday and last night. They are presumably looking into matters connected with the Industrial News, of which corporation Mr. Rollins is president and Mr. Butler is a director and a large stockholder, if not the controlling spirit. Mr. R. D. Douglas, editor-in-chief of the paper, it is predicted, will yet be postmaster here. The friends of Mr. Frazier, whose name was sent to the Senate several weeks ago by the President, and the dismay of the "organization" and despair of other aspirants, are somewhat downcast at the failure of any action in the matter at Washington yesterday.

From the latest report, Mr. B. F. Sprinkle, of Reidsville, who was convicted some years ago in the Federal Court in the celebrated Young, Sprinkle and Angle trial, of defrauding the government as a distiller, will have to serve his sentence in the Atlanta penitentiary.

It was reported here Saturday afternoon that a colored woman four miles east of the city, had given birth to a child with claws and wings resembling the devil, and that it was a judgment sent on her for telling a man who wanted to sell her a Bible that she had as soon buy a devil or a little rather than a hundred dollars of people visited the house, but no one seems to have seen the child.

Greensboro Lodge of Elks had a notable banquet last night at Clegg's Hotel, covers being laid for 150, and there was not a vacant place. Exalted Ruler David Dreyfus acted as toastmaster, and the several responses were full of philosophy, fun or pathos as the speaker demanded. The lodge has added 100 to its membership since January, and has become so popular the initiation fee has been raised from \$15 to \$25.

An involuntary petition in bankruptcy was filed in the United States Court before Judge Boyd here this afternoon, by the Centaur Knitting Company, of Salisbury. The matter was referred to Major J. E. Alexander, of Winston-Salem, referee in bankruptcy, and the hearing will take place February 28 before Judge Boyd here. Col. Westcott Roberson, of High Point, represented the creditors.

INTERSTATE HEADQUARTERS.

An Article of Interest in Charleston Paper About The Committee's Work From This Point.

The Sunday Charleston News contains a special communication sent out from Charlotte about the work of the interstate committee of the Y. M. C. A. at this point, which will prove interesting reading. There is besides an excellent likeness of Prof. George B. Hanna in connection with the story, and also a long list of reports of the work in the Palmetto state for the past few years.

The special sent out from Charlotte contains the following information: The supervision and extension of the Young Men's Christian Association movement in South Carolina is committee of the Young Men's Christian Association of the Carolinas, a federation of the Association of the two States. The headquarters of the committee is in Charlotte, Prof. George B. Hanna, of Charlotte, is the chairman, and Dr. D. B. Johnson, of Rock Hill, the vice chairman for South Carolina. Mr. George Stephens, of Charlotte, is the treasurer. The South Carolina Associations are represented by nineteen business and professional men living in various parts of the State, six of them in Charleston.

The committee employs two field secretaries, Mr. G. C. Huntington, Charlotte, N. C., and Mr. A. C. Bridgman, Chester, S. C. These secretaries are wholly occupied in visiting prominent students, railroad, army and mill Associations, counselling and directing new organizations and building campaigns, holding young men's Sundays, arranging for the annual Interstate Convention, conducting institutes and conferences, securing secretaries for the local work and raising funds for both State and local work and buildings. An office clerk and stenographer is also employed, who keeps the office records and accounts and assists in the correspondence conducted with the local and international work.

The committee has a force of sixty-five corresponding members located in many towns in South Carolina, who keep the central office informed of the removals of young men, with a view to introducing them to new friends and the church of their choice in their new location.

The committee, through its representatives, is carefully fostering the development of the movement in South Carolina. Experience has proven positively that it is not wise to organize city and town associations except when a suitable building can be erected with out debt and funds secured by membership fees, subscriptions and income from the building to support a trained secretary. The first Association among cotton mill employees in this country was organized last year at Monaghan Mills, Greenville. The management erected a large and well-equipped building for the Association and a successful work is being conducted. Other mills are contemplating like organizations and there is every reason to expect a rapid growth in this direction. The committee is finding great difficulty in securing young men of the necessary ability, training and experience to become secretaries. A capable man for the secretaryship is absolutely essential to success.

The character of the work conducted by these associations to-day is commending it to all people interested in the welfare of young men and boys. The aim of the work as an auxiliary of the Church is more clearly defined and the methods which are successfully used are better understood.

INSISTS ON STAYING IN JAIL.

Charged With Libel, Says Constitution Guarantees Free Speech and Will Fight.

William Simon, a merchant of Tarrytown, is "jail" at White Plains, N. Y., and wants to stay there. He was arrested a few days ago charged with criminal libel in displaying placards in his windows, and two friends called at the jail yesterday to furnish bail for him.

"No, I don't want any bail; I want to stay here," said Simon. Even the pleas of his daughter could not move him.

"I won't satisfy the authorities by accepting bail," he said; "I intend to stay right here and fight. I believe the Constitution of the United States gives every man free speech, and I have committed no illegal act."

Simon was arrested on complaint of John W. Free, a real estate agent, and Frank V. Millard, a lawyer. Thew said Simon attacked them maliciously through the placards which he placed in his windows every day. One day he displayed a cake, with a sign reading: "To be awarded to the biggest crook by popular vote." One day he displayed a placard calling District Attorney Young the "persecuting attorney." All of the placards were brought to the attention of the Grand Jury and Simon was indicted.—N. Y. World.

BERLIN DOCTORS STARVE.

Hundreds Do Not Make More Than \$4 Per Week.

Berlin, Feb. 20.—Some remarkable figures, demonstrating the overcrowded state of the medical profession in Berlin, have been officially published. They show the incomes earned by doctors practicing in the German capital and its vicinity. There are 247 medicals with incomes of less than \$25.

EX-SPEAKER D. B. HENDERSON, WHO IS VERY ILL AT HIS HOME IN IOWA.

HON. C. T. SHIVELEY.

Supreme Chancellor, K. of P. and His Daughter in Charlotte.

Charlotte is honored in the presence here today of Hon. Charles T. Shiveley, of Indiana, Supreme Chancellor and the most prominent Pythian in the United States. He, accompanied by his daughter, Miss Mary Shiveley, arrived in the city yesterday and are guests at the home of Mr. and Mrs. Thomas S. Franklin, on East Avenue. In compliment to them the Charlotte lodges, Knights of Pythias, are giving an elaborate reception at the Southern Manufacturers Club. The event is one of unusual interest as this is the first visit of a Supreme Chancellor to Charlotte in several years and especially so in view of the fact that Charlotte is the only city in North Carolina or its immediate section that has the distinction of a visit and the pleasure of entertaining so prominent a man.

Among the prominent out-of-town Pythians here to meet Mr. Shiveley and his daughter, are Grand Chancellor A. S. Barnard, of Asheville; Grand Vice Chancellor, W. W. Wilson, of Raleigh; Grand Keeper of R. and S. H. T. Hollowell, of Goldsboro, and G. H. Royster, of the Endowment Rank.

Mr. Shiveley will make an address this evening before a union meeting of the Charlotte lodges, visiting Pythians included, after which the meeting will adjourn into a social session and smoker.

Not Going to Asheville.

Mr. Jake Newell grabbed his grip this morning and made off toward the Southern passenger station. "Going to Asheville?" asked The News man. "No; to Concord," replied Mr. Newell. "Why, I thought nothing would keep you from joining the gay throng up in the Mountain City about now." "No; I am just going over to Concord and will be gone until Thursday. That's all I am in a hurry about."

Mrs. Seawell Much Better.

Mrs. Luke Seawell, who has been a patient at St. Peter's Hospital for the past three weeks, was removed to her home on West Trade street yesterday afternoon. Mrs. Seawell's many friends will be delighted to learn that she is steadily improving and that she will soon be herself again.

20th May On Sunday.

While many may have looked it up, still there are quite a number that will be surprised to know that the 20th of May comes on Sunday this year. The celebration will probably be the 17th, 18th and 19th; this is the usual thing when Mecklenburg's great day falls on Sunday.

When a school teacher tells a mother how beautiful her children are you can never make her believe she isn't a good teacher.

SURPRISED DOCTOR.

Illustrating the Effect of Food.

The remarkable adaptability of Grape-Nuts food to stomachs so disordered that they will reject everything else, is illustrated by the case of Mrs. H. of Racine, Wisconsin. "Two years ago," she says, "I was attacked by a stomach trouble so serious that for a long time I could not take much of any sort of food. Even the various kinds prescribed by the doctor produced most acute pain. "We then got some Grape-Nuts food, and you may imagine my surprise and delight when I found that I could eat it with a relish and without the slightest distress. "When the doctor heard of it he told me to take several small portions each day, because he feared I would grow tired of it as I had all other food. "But to my astonishment (and that of everybody else, I did not tire of Grape-Nuts, and became better day by day, till, after some weeks, my stomach entirely recovered and I was able to eat anything my appetite craved. "My nerves, which had become so weakened that I feared I would become insane, were also restored by Grape-Nuts food in connection with Postum Coffee which has become our table beverage. I appreciate most gratefully and thankfully the good part that your food preparations have done me, and shall be glad to answer any letters inquiring as to my experience." Name given by Postum Co., Battle Creek, Mich.
