New Bern, N. C., April 12.-Captain H. P. Dortch, of Goldsboro, soliciting agent for the A. & N. C. The Secretary of State Grants Charter passenger traffic is largest during the Crime Committed 14 Years Ago summer season when the Atlantic Hotel at Morehead City is open.

The base ball craze has struck New Bern. The shouts of enthusiastic players can be heard every afternoon in the vicinity of the park.

Quite a number of prisoners wil be sent to the penitentiary and the roads at this term of court. Judge Long is rapidly clearing up the docket. He is making a most favorable impression, being learned, and painstaking in the administration of justice, dealing it out with an even hand.

The shad season is nearing a close

The fish have been very scarce, prices ranging unusually high. In fact, the fish business has been practically a failure this season. With the opening of spring it is expected that the catch will be considerably larger. Mr. C. L.
