

ONLY ABOUT 30,000 WORKMEN JOINED IN GENERAL STRIKE

It is Thought that not Over 30,000 Men Went out at Noon To-day When General Strike Went into Effect. The Situation.

People Generally Favor Strike but Not Now. Horrible Manner in which Officers were Treated at Cronstadt. News from all Over Empire.

By Associated Press. St. Petersburg, Aug. 4.—The Novoye Vremya, the only unofficial paper to appear today, declares the nation seems determined to commit Harikari and reviews the bestiality of the mutineers at Cronstadt in their attacks upon the officers as showing what the country may expect if the mob gets the upperhand. The paper says the mutineers tied a rope with stone at one end around the neck of one of the officers and threw him into the lake where he was drowned; but in the face of another officer with the butt of a rifle and broke the legs of Mme. Jacobi, sister of Col. Alexanderoff, who threw herself between her brother and some sailors, while latter were forcing their way into their house, and stabbed her to death with bayonets. It turns out that the servants of Col. Alexanderoff and Capt. Vrichinsky delivered them up to the mutineers and those servants were among the murderers who were tried by drumhead court-martial and shot. When they were offered the services of the priest six of the men sentenced to death refused to accept the sacrament and only expressed repentance.

From personal talks with the workmen in different quarters of the city the Associated Press finds a strong sentiment in favor of a strike but the disposition to hang back until success is assured since it involves misery, privation and bloodshed, and in case of failure even worse conditions. So far as ascertainable the Revolutionists have no great supply of funds.

Thirty Thousand on Strike. Probably not more than 30,000 workmen went out when the general strike went officially into force at noon today.

NEW PRIMARY LAW.

Conditions Favorable To-Day for Good Test of the New Law. By Associated Press.

Chicago, Aug. 4.—Weather conditions which should insure a fair test of the new primary law prevailed at the opening of the polls. There is much uncertainty among even the most experienced party leaders as to the probable result of the vote. It is predicted that the Republican vote in Cook county will exceed that cast by the Democrats for the reason that there have been a number of factional contests in the ranks of the former party, and an especial effort has been made in such cases to get out a full vote. Every voter in the Republican, Democratic or Socialist ranks will vote directly for 15 party nominees—United States Senator and State and county officials, as well as for delegates to the party's six different conventions.
