BRIEFS

The United States assay office on West Trade street is being treated to a new coat of paint and otherwise repaired.

Tom Hege is back from Spartanburg, Greenville, S. C., etc. He will be with Harry Link, jr., till Monday then he will go to Fayetteville to locate.

Mr. M. J. O'Brien, of New York, president of the Southern Express Company, was here yesterday on a business trip. He was accompanied by his nephew, Mr. Mark J. O'Brien, assistant to the president.

Card of Thanks. During the burning of my home yesterday my friends and neighbors, as well as many who were until then strangers to me came to my assistance and at risk to themselves worked heroically to save my property.

Mr. J. G. Burrell, who happened to be near, came with his men and wagon and moved much of my furniture to a place of safety.

Since the fire every home in the neighborhood has been thrown open to myself and family and I have received so much of sympathy, kindness and help that I find in it sweet compensation for my loss and I will never cease to remember with gratitude and affection those who have been my real friends in need.

MRS. D. P. HUNTER.

FOOD FOR A YEAR

Meats..... 300 lbs. Milk..... 240 cts. Butter..... 100 lbs. Eggs..... 27 doz. Vegetables..... 500 lbs.

This represents a fair ration for a man for one year. But some people eat and eat and yet grow thinner. This means a defective digestion and unsuitable food. A one-dollar bottle of

Scott's Emulsion

equals in nourishing properties ten pounds of meat. Your physician can tell you how it does it.

Send this advertisement, together with name of paper in which it appears, your address and four cents to cover postage, and we will send you a "Complete Handy Atlas of the World" by SCOTT & BOWNE, 409 Pearl Street, New York

MASONIC BAZAAR PONY.

Only 46 Inches High and is a Genuine Shetland.

The pony and cart to be given to the most popular boy or girl by the Masonic Bazaar, arrived last night and will, no doubt, prove a big drawing card for the bazaar. From those who have seen him they say he is one of the prettiest ponies that has ever been in Charlotte. "Prince" is his name, just five years old, and as gentle as a lamb. A four years' old child can ride him, and he drives either single or double, will eat out of your hand and is unusually smart for a pony. He is a genuine Shetland, and is just 46 inches in height. As soon as his cart, donated by Messrs. James and George Wadsworth, arrives, he will be on exhibition daily on the streets.

The Alamo benefit performance given last night for the Masonic bazaar, proved to be a big success in every way and all who attended were well pleased and enjoyed the show. The violin solos rendered by Mr. Don Richardson, were unusually fine, and of the order that called for four and five encores after each solo. Mr. Richardson responded each time, and showed his appreciation by playing in unusually fine form.

Contributions continue to arrive daily, and the following has been added to the already large list: E. Weatherly, Faison, N. C., 2 cases baking powder; Martin K. Buger, Charleston, S. C., cash \$5.00; W. L. Hand & Co., 2 dozen Pine Tar Cough Syrup, one dozen Cold Cure; Wm. Wrigley, Jr. & Co., Chicago, Ill., 5 cases chewing gum; C. W. Antoine & Sons, Richmond, Va., 5 cases chewing gum; Austin Nichols & Co., New York, 1 case of corn, 1 case of maple syrup; the C. F. Sour Co., Richmond, Va., 1-2 gross large extracts, 1-2 gross small size extracts; the N. K. Fairbanks Co., Atlanta, 1 case S. M. soap, 3 cases of gold dust, 1 case glycerine tear soap, 1 case pumice soap; Robinson & Co., Richmond, 1 barrel apple cider, 2 gallons of cream.

GO WITH A RUSH. The demand for that wonderful Stomach, Liver and kidney cure, Dr. King's New Life Pills—is astounding. Woodall & Sheppard say they never saw the like. It because they never fail to cure Sour Stomach, Constipation, Indigestion, Biliousness, Jaundice, Sick Headache, Chills and Malaria. Only 25c.

Today's Markets

Hayward & Clark, Cotton Letter.

New Orleans, La., March 17.—Liverpool shrewdly anticipated than expected. Futures were about two pence higher than the spot, sales have increased rapidly since Monday totaling 12,000 today, and this shows that the trade wants it at these prices. A cable from Liverpool said: "More confidence, Manchester, think prices low enough."

Our market opened a little higher with a decided tendency to do better. The speculative interests here have never been large, and has been pretty well liquidated in the past four weeks, but there is no independent support in the south and any weakness in the other markets is only too readily followed. New York news said spot interests who made the advance have been selling lately thereby giving the bear side courage, and political news from Europe intimidates buyers. Yet these prices are reasonable, and new crop news is anything but satisfactory. The coming census report unless it should be surprisingly large, appears to be discounted by the break in the market. The trade expects around 13,000,000 bales, commercial bales, including linters which would be an addition of 600,000 to 700,000 bales to the ginmings of January 16th, then reported as 12,666,000 bales. The addition last year was 920,000, and in 1907 it was 1,300,000 bales. The reason for expecting a small addition this year is that the late ginning reports confirmed the argument of a rapidly gathered and ginned crop. On account of the heavy weight of bales this season, the census figures giving the equivalent in 500 pound bales may be rather large. There is some what more demand for spots here today and holders are decidedly firmer.

SPRING OPENING

Offers special opportunities to those who desire high salaried office positions where the chances for promotion are limited only by industry and ability. Would you like to command a large salary? Would you like to be a successful business man? Stop to consider that all our great financiers and captains of industry began life as office employees. This gave them an opportunity to show their real worth. Grover Cleveland started life as a bookkeeper; President William H. Taft, as a stenographer. Nothing brings to young men or women such uniform, satisfactory results as a thorough course in business. Competent bookkeepers and stenographers of both sexes are always in demand at good salaries.
