**New York Cotton**  
New York, Jan. 4.—The cotton market opened steady at a decline of 5 1/2 points under scattered liquidation and bear pressure inspired by disappointing Liverpool cables and yesterday's rumors that ginning for the period would amount to a little over 400,000 bales, although these still lack confirmation. Active positions sold off to a net loss of 10 1/2 points during the early trading but there was a good demand on the decline, partly from leading bulls. The market steadied consequently and rallied a point or two from the lowest during the middle of the morning.  
Trading became less active during the late forenoon and the market continued to fluctuate nervously within a range of 4 to 5 points with prices at mid-day showing a net loss of about 8 to 9 points. Offerings seemed to increase on slight rallies while there were evidences of renewed bull support on the dips.  
Spot quiet, middling uplands 15c. nominal.  
The market showed even greater nervousness during the afternoon and prices gradually eased off to a net loss of about 17 1/2 points on the active months under scattering liquidation and local bear pressure.

**New York Stocks**  
New York, Jan. 4.—Yesterday's advance in the stock market resumed today. All the active issues showed fractional gains with a one point advance for International Harvester. There were fairly large sales of U. S. Steel at a slight gain over yesterday's close. In the special groups Wells Fargo Express was conspicuous for its gain of 4 points.  
Enough realizing followed the opening advance to offset the new buying induced by yesterday's show of strength. Union Pacific was freely offered but the recessions in the other active stocks were not significant and the market soon steadied. Quite a number of minor specialties were strong, Minneapolis, St. Paul & Sault Ste Marie and Delaware & Hudson rising 2 to 2 1/2.  
United States Steel overshadowed the rest of the list throughout the early session, the stock advancing to 74 1/2 on extensive transactions.  
In some quarters a bullish construction was attached to overnight developments in the affairs of the department but elsewhere the strength of the stock was ascribed to the belief that earnings for the fourth quarter of last year are likely to be in excess of recent estimates. The strength of Union Pacific, Reading and other market leaders, resulted from an admixture of short covering and outside demand. Commissioners reported a slight increase of public interest. Money opened easy and the market for bonds was an active and broad one.  
Room traders stopper bidding up the market soon after midday and speculation became quiet. Prices, however, were maintained at about the high level of the forenoon, many issues showing advances of a point or over.  
The market closed weak and hesitating.  
Late profit taking, a resumption of short selling on the theory that the advance had proceeded far enough for the time and a jump in call money to 6 per cent combined to give them a set back in the final hour, when most of the early gains were lost and some declines were scored. Operations fell off to a marked extent toward the close.

**New Orleans Cotton**  
New Orleans, La., Jan. 4.—Cotton futures opened steady at a decline of 1 to 9 points on poor cables. The market was not affected in the least by the cold wave over the cotton belt because there is no cotton in the fields, little cotton left to be moved to gins or even to be moved from the gins to marketing points. The rains and cold were generally regarded as favorable for the new crop since they will "put season into the ground." Offerings were not heavy in the early trading and a moderate demand from covering shorts steadied the market.  
At the end of the first half hour of business prices were 4 to 5 points down.  
Reports of heavy ginning of frisky cotton from bolls that were only partly opened or less that were "threshed" were received by many from the interior and were taken by the bears as confirmation of the rumor that returns from the gins during the period ending with the last day of December will be large. This talk against prices and in spite of Northern public messages from both England and Germany prices sagged until at noon they were 11 to 12 points under yesterday's close.  
In the afternoon session prices weakened under general selling. The trading months were sent to a level 17 to 18 points under yesterday's close.  
At 2 o'clock prices were 13 to 14 points down.  
**Open New Orleans Futures.**  
New Orleans, Jan. 4.—Cotton futures opened steady, January 1482; February 1491-1493; March 15.07; May 15.29 asked; July 15.40-15.41; August 14.94 asked.

**London Stocks**  
London, Jan. 4.—Only a small business was done in American securities during the forenoon. Price changes ranged from 1 1/4 above to 1 1/4 below yesterday's New York closing.  
Prices sagged in the early afternoon but Wall Street bought moderately in the late trading and the market hardened and closed steady.  
**Close: New York Money.**  
New York, Jan. 4.—Close: Prime mercantile paper 4 1/2 to 5 per cent; sterling exchange firm with actual business in bankers' bills at 48.25-48.35 for 60-day bills and at 45.25 for demand; commercial bills 48 1/2-49 1/2; Bar silver 54 5/8; Mexican dollars 45; government bonds, steady; railroad bonds firm.  
**To Be Montgomery's Big Day.**  
Montgomery, Ala., Jan. 4.—A parade more than a mile in length, the presence of 30,000 or more visitors in the city, seven brass bands, a thousand cadets from various military schools of the state, 2,500 of the Alabama National Guard, 200 automobiles, the inaugural ball, the speech of the incoming governor and all of the traditional features of the inaugural day in Alabama will make January 16 one of the most memorable occasions known to Montgomarians.  
**Valuable Paintings Destroyed.**  
Little Rock, Ark., Jan. 4.—Property comprising an entire business block and valued at \$1,000,000 was destroyed by fire here yesterday, which originated in the Hollenber Musical Company's building. Two paintings, valued at \$60,000, "The Washington" and "Venue de Milo," also were destroyed. The burned buildings were owned by Governor Donaghey and others.

**Wife Murderer Captured.**  
By Associated Press.  
Atlanta, Ga., Jan. 4.—John Whitrow, a wife murderer from Fannin county, who was being held at the Fulton county jail, and who was one of the quintet to escape two days ago, was captured about noon today at Wesley Chapel, Ga., about 15 miles from Atlanta. He was taken in custody by two farmers who recognized him from a photograph published in the Atlanta papers. Three others of the gang also have been captured and returned to the jail.  
**Biograph's latest comedy picture, Amuse U today.**  
**KILL MORE THAN WILD BEASTS.**  
The number of people killed yearly by wild beasts don't approach the vast number killed by disease germs. No life is safe from their attacks. They're in air, water, dust, even food. But grand protection is afforded by Electric Bitters, which destroy and electrise these deadly disease germs from the system. That's why chills, fever and ague, all malarial and many blood diseases yield promptly to this wonderful blood purifier. Try them, and enjoy the glorious health and new strength they'll give you. Money back, not satisfied. Only 50c at W. L. Hand & Co's.

**Liverpool Cotton**

The sales of the day were 12,000 bales, of which 1,000 were for speculation and export and included 11,200 American. Receipts 100 bales, all American.

**Chicago Grain**  
Chicago, Jan. 4.—Favorable crop advices from Europe today took the buoyance out of the wheat market here. In France particularly the outlook was reported as more hopeful. Liverpool dispatches, moreover, told of a less persistent demand from the continent. Then, too, although it was denied that big local holders were unloading, there could be no doubt that considerable profit taking had been met with. Prices opened a shade to 3-8 lower, May starting at 98 3/8 to 5-8, a loss of a sixteenth to 1-4-28 and sending around 98 1-2.  
Confirmation of Argentine rains made corn easy. There was also a big increase reported in local contracts stocks. May opened unchanged to a shade off at 43 7/8-8 1/2 and sold at 43 7/8.  
The oats market, unlike other grain, was steady. Scarcely any business, however, developed. May started the same as last night at 34 1-4 and kept within a shade of that price.  
Selling by a leading Milwaukee packer weakened provisions. First transactions were unchanged to 5 cents down with May deliveries at 18.70 to 18.75 for pork; 10.15 for lard and 9.80 for ribs.
