It recommends also amendments to the charters of the Statesville Air Line Railway and the Wilkesboro-Jefferson Turnpike to safeguard the state's interest in these roads and that investigation be made of the Turnpike Co. at once.
The message through the report of the board of internal improvements represented that the state's interest in the North Carolina Railroad is not in the best possible condition, but expressed a doubt of its being possible, for the general assembly to do anything to improve the matter under the lease conditions to the Southern. The state's interest in other roads were represented to be in very satisfactory condition.
The report represented the state institutions not to be in wholly satisfactory condition and it was recommended that help be needed for new buildings be investigated. Also that the state tuberculosis hospital receive the most liberal support possible and that the state school for the blind be removed from its present location to more ample grounds without the corporate limits of Raleigh. The report also urged the enlargement of the state institutions.

Men Wanted

There's the sign that's getting to be a common thing in America. Corporations are retiring men at 50. They are not hiring any over 40. A balded man often looks 10 years older than he is. A man with gray hair always does. It is important nowadays that a man look as young as he is; it is vastly important that a man having a family dependent upon him should take care of his hair.
If you have dandruff—get rid of it by killing the germs.
If your hair is falling out—stop it.
If your hair is turning gray—don't waste any time.
There is one sure remedy that will cure these misfortunes and aid you to remain young.
Parisian Sage, the great Hair Restorer, is guaranteed to permanently remove dandruff in two weeks, or your money back.
Parisian Sage stops falling hair—it prevents the hair from turning gray. Parisian Sage is sold and rigidly guaranteed by R. H. Jordan & Co., and druggists everywhere. Price 50 cents a large bottle.

HEATED CHASE AFTER SMUGGLING CRAFT.

By Associated Press.
Los Angeles, Cal., Jan. 21.—A chase after a smuggling craft, believed to be heavily laden with contraband Chinese and opium, is proceeding in southern California waters. The United States revenue cutters Bear and Orient are patrolling the coast in expectation of encountering the vessel.
Every immigration officer in this part of the state has been detailed to watch some isolated port where the smugglers may try to land.
The Bear, it is understood, sighted the smuggler between San Diego and San Pedro on Thursday night. The revenue cutter gave pursuit, but the smuggler craft made out to sea and was lost to sight in the darkness. The smuggler is said to be a very fast vessel and the men aboard her heavily armed.
Mrs. Muggins—"Don't you ever try to save any money?"
Mr. Muggins—"Sure. I saved \$4 today. Borrowed struck me for five, and I only let him have one."

I want to know one thing of you: Does your rather unique style of advertising pay? O, I know people read them. My wife and children look for your changes first thing every day. In fact, I've got in the habit myself, but does it bring you business?"

LISTEN TO THAT, NOW, JOHNNY JONES,
and break out crying. There are but three elements in successful advertising, viz: securing attention; having SOMETHING to offer; telling the truth about it. I've never knowingly misrepresented my offerings, and I never tender that in which I haven't the utmost confidence. As to getting attention and securing business: with but one head, two hands, and a pair of clumsy feet, I don't see how I can do much more than at present. I work day and night and have two practical helpers, the latest tools, up-to-date systems, and still I'm sawing wood when I should be sleeping.
