vegetation. It goes right to the roots, invigorates and strengthens them. Its exhilarating, stimulating and life-producing properties cause the hair to grow abundantly long, strong and beautiful. It at once imparts a sparkling brilliancy and velvety softness to the hair, and a few weeks use will cause new hair to sprout all over the scalp. Use it every day for a short time, after which two or three times a week will be sufficient to complete whatever growth you

A lady from St. Paul writes in substance, as follows: "When I began using Danderine my hair would not come to my shoulders and now it is away below my hips. Another from Newark, N. J. "I have been using Dauderine regu-larly. When I first started to use it I had very little hair, now I have the most beautiful long and thick hair anyone would want to have."

NOW at all druggists in three sizes, 25c, 50c and \$1.00 per bottle.

The Commercial Bank, which two ears ago bought the old express office corner, from the Carson estate, for the purpose of erecting a handsome building thereon for the bank's use, as stated at the time of purchase of the lot, will begin to tear down and build greater, within a fortnight's time.

This fact was made known day before yesterday. The bank property has a frontage on Tryon of 36 feet, and extended back on Fourth street for 135 feet. The purchase price was \$45,000. The building to be erected by the bank will cost \$150,000 or more. A building committee, consisting of Messrs. D. H. Anderson, chairman; W. S. Alexander and P. M. Brown has been appointed. This committee will go to New York and other cities to inspect the latest bank buildings and will fashion the Commercial's new home after the best designs they find. No drawings will be made, or architect decided upon, until the building committee, as named, makes its trip of inspection. The building will be a skyscraer; possibly of ten stories. The bank will occupy the entire

ower floor. The upper floors will be equipped for office and general business urposes. From the basement to the roof the building will be elegantly equiped. There will be none handsomer in the South. The site of the building is one of historic interest in Charlotte, as the marker on the sidewalk testifies. Chadbourn, N. C.-In a letter from this place, Mrs. M. D. McPherson says:
"I suffered five years with awful pains They grew worse, till I would often faint. I could not walk at all, for two or three days at a time, and had an awand backache. I could not do anything I gave up, and thought I would die but my husband said, 'Let's try Car An dui.' So I began and the first bottle helped me, and I could do my cooking, and by the time the third bottle was used, I could do all my work. "The Cardui home treatment will do

more than you recommend it to do. All the people around said I would die, but thanks to Cardui, I was relieved. Cardui is composed of gentle-acting,

herb ingredients. Its action is mild and as have many of the powerful drugs sometimes recommended. No other medicine or tonic has ex-

actly the same results as Cardui. No other medicine or tonic has exactly the same results as Cardui. No other has the record of 50 years of successful treatment of cases of womanly weakness and disease. Suppose you try it.

S.S.S.

CURES OLD SORES

truthfulness and common sense. Based upon these two facts we hope to make this short talk of special interest to all persons who are afflicted with an old sore or chronic ulcer. If in presenting the merits of S.S.S. as a cure for these troubles, our line of reasoning appeals to you, it will be an easy matter to prove the truthfulness of our statements by sending you a free book containing many testimonials from persons in every part of the country who have been cured of an old sore or chronic ulcer by the use of S. S. S.

Whenever a sore or ulcer becomes chronic or refuses to heal, it is because of bad blood; the healing qualities of the circulation have been weakened by impurities or poisons in this vital fluid.

The blood is the great source of nourishment for all flesh tissues. As it constantly circulates throughout the system it carries the necessary nutrient properties to every portion of the body. It is because of this continual replenishment that the flesh remains firm and healthy and free from disease. Since the blood exercises such an important and necessary function we can easily understand why impurities or poisons in this vital fluid so often infect and disease the flesh at some particular spot, and by continually discharging impurities into it cause the formation of old sores or chronic ulcers.

Every symptom of an old sore suggests diseased blood. The inflammation, discharge, discolored flesh, and the fact that external applications never have any curative effect on these places, show that deep down in the circulation there is a morbid cause that prevents the place from healing. But more convincing proof that bad blood is responsible for old sores is furnished by the fact that even removing every visible trace of the ulcer

by surgical operation, does not cure. THEY ALWAYS RETURN. Only by cleansing the blood of the poisonous cause can an old sore be cured. S. S. S. heals them by going down into the circulation and removing the cause from the blood. When this has been done there is no longer left any inflammatory impurity or infectious matter to irritate the place, and nature causes the natural and permanent healing of the ulcer. When .S.S. has purified the blood and the place is once more nourished with pure, rich blood, then every symptom disappears, and

We knew of no cause for these old sores so concluded they were due to bad blood. We both used S. S. S. and it cured as sound and well. This was some years ago but neither of us have ever had any signs of a return of the sore. I cheerfully recommend S. S. S. as a cure for Old Sores. G. W. LOGAN, Taylor, Texas. it is not a surface cure, but the place is firmly and solidly healed from the bottom to the outer skin. S. S. S. is recognized as the greatest of
