

Late Sporting News

NI-NEWS OF SPORTS

By Terry Cleaton.

Mr. Speng, the clever catcher who is to be with the Hornets this year, has been indisposed for a few days. He says he ate some dead toad and received ptomaine poison. He's all right, now, however. (Sporting editor of this paper had the same trouble. Misery loves company.)

Jim Kelly, that Irishman down in Anderson, is one of the best press agents in the business. What he doesn't know about handing out the probable stuff isn't worth knowing at all.

They do say that Billy LaVal is a real scoundrel. He has had his system pumped chock full of Erkline lore. All right, Billy, a Hornet is going to inject some sowing-up virus in your veins yet.

The Greensboro Record says that "Baseball Ball is Rolling Some". Did anybody ever see a baseball that wasn't a ball? I inquires to know. Man who wrote that head couldn't think of a word to fit in any just robed anything out that was round. Baseball Ball! Yow!

Charles A. Glancey, he who is to guide the Twins along the troublesome route this year, is anchored in Winston. Like a good little manager, he has predicted the Twins will win all the games with a real good team. All right, Clarence, but Lave Cross will have some say about that matter.

Cut out the American League schedule, printed in today's News, and paste it in your hat. Then you won't have to ask so many questions during the summer.

Lots of difference between the Major Leagues and the Minor Leagues. Now in the American League the schedule had been sent all over the country and every newspaper office had it in type long before yesterday. The schedule of the Carolina Association is such a mysterious thing, though that it can't be given out until the very day upon which it is adopted.

Looks now as though the lovers of the wrestling game will have another chance to see a good match here. Promoters are busy with letters and some clever men are to be brought here.

Ad. Wolgast is fact slipping away from the searchlights. Knockout Brown handed him some punches recently that took all the value away from Ad., so far as publicity counts.

Lave will be here in about two weeks and maybe then we'll have some real news about these Hornets. Let's hope so, at least.

Hey, you amateurs, what's wrong? Come on with your blinups and general conversation about your teams.

Racing in California Comes To End

By Associated Press. San Francisco, Feb. 15.—Racing in California will come to an end today when the new anti-gambling law goes into effect. It is expected that one of the largest crowds that ever saw racing here will be in attendance to get what many think will be a final glimpse of the sport.

It is said in some quarters that there will be a meeting at Oakland next fall. Racing men have been advised, it is said, that the new gambling law is unconstitutional. A test case, so the plan goes, will be tried as soon as the legislature adjourns, to prove that the law will not stand.

President Williams of the California jockey club, it is asserted, does not want to make a test now for fear that in case of victory the legislature will pass a new law in which no flaws could be picked.

National League Magnates Meet

By Associated Press. New York, Feb. 15.—Although talk of possible friction has been plentiful, no outward manifestation of trouble in the national league had been noted when the magnates of the pioneer baseball organization assembled today for the second day's session of the schedule meeting. Adoption of the schedule, the chief business of the meeting here, was left over until today. Everything pointed to its being accepted by the league as it was prepared and submitted by the committee.

Arthur Devlin Starts Tact. By Associated Press. Chicago, Feb. 15.—Arthur Devlin, veteran third baseman of the New York Nationals, who has been wintering in Chicago and incidentally holding a position with the Chicago Railways Company, will start east today to join Manager McGraw and other ball players booked to start from New York February 22 for Marlin, Texas.

Samuel Hatch Promoted. By Associated Press. Chicago, Feb. 15.—Samuel G. Hatch, general passenger agent of the Illinois Central Railroad, has been promoted to the position of passenger traffic manager. Mr. Hatch succeeds Albert H. Hanson, who retired from the service of the company early in the year under the pension rules after continuous service since 1869.

Opposition Of Parcels Post

By Associated Press.

Nashville, Tenn., Feb. 15.—The chairman of the executive committee of the convention of Southern Merchants to be held in Nashville February 28 to crystallize sentiment in opposition to parcels posts, announces that the commercial bodies of the South are lining up solidly in support of the movement. During the past three days active campaigns have been started by commercial bodies of the following cities: Augusta, Ga., Austin, Tex., Little Rock, Ark., Chattanooga, Tenn., Frankfort, Ky., and Fort Smith, Arkansas.

Many trade journals are supporting the movement and eight of the most influential journals published in New York, Chicago and St. Louis have announced that they will send representatives to Nashville.

The chairman received letters of appreciation yesterday from Governor Wilson of New Jersey; Governor Harmon of Ohio; Governor Cruise of Oklahoma; Governor Colquitt, of Texas, and Governor Noel, of Mississippi.

Secret Service Men Make Arrests

By Associated Press.

Lexington, Ky., Feb. 15.—Secret service officials in Washington today were notified by Federal officers in this section of the arrest near Somerset, Ky., of Joseph Coffey and Thomas Bell, believed by the authorities to be members of a gang of counterfeiters who have been issuing spurious money from a retreat in the mountains of southern Kentucky.

According to reports from Somerset, moulds for coins were found in an apparently abandoned house and evidences that paper money had been manufactured also were discovered.

Information that reached here is that the gang has operated extensively in Kentucky and adjoining states. Federal officers believe that the capture of the two men may soon lead to other arrests.

N. C. PRODUCTS BENEFITED

(Compiled by JOHN NORRIS.)

Cotton Seed Oil. will enter Canada from the United States free of duty under the pending reciprocity legislation. It is at present taxed by Canada at the rate of 17 1/2 per cent ad valorem. The value of Canada's concession of free cotton seed oil may be measured by the fact that in the calendar years 1910 we exported to Canada \$1,111,443 of cotton seed oil, on which she collected approximately \$195,000 in duties. The concession is of interest to North Carolina since the manufacture of cotton seed oil, etc., ranks among her leading half-dozen industries, according to the United States census of manufactures of 1905; which states North Carolina's output of the oil at 6,269,062 gallons, valued at \$1,690,350.

Fresh Vegetables and Fruits are made free by Canada under the agreement, when imported from the United States. Her rate upon potatoes has been 20 cents per bushel, and upon most other vegetables 30 per cent ad valorem. Upon fresh fruits her general rate has been 2 cents per pound, apples being taxed 40 cents per barrel. During the year ended on March 31st, 1910, the United States shipped to Canada fresh fruits and vegetables aggregating \$2,137,000 in value, which were taxed more than \$500,000 by Canada. The removal of all restrictive duties by Canada on this class of imports offers a large opportunity for North Carolina's early potatoes and garden or orchard produce. North Carolina produced \$1,498,000 of potatoes during the calendar year, 1909.

Oysters in Any State will be admitted by Canada free of duty when from this country. Heretofore canned oysters have been taxed 3 cents per package when in pint tins, and 5 cents per package when in quart tins; and these rates have been well-nigh prohibitive. North Carolina put up \$177,000 worth of canned oysters in 1905.

Peanuts. are to enter Canada from the United States at one-fourth of the present duties of unshelled or at one-third of the present duties if shelled. Canada imported about \$85,000 of unshelled peanuts from the United States in the year ended March 31st, 1910, and about \$41,000 of shelled peanuts. She collected approximately \$40,000 more in duties on this characteristic North Carolina product than if the pending reciprocity had been in force. In place of 2 cents per pound on unshelled peanuts Canada will levy only one-half a cent per pound, and in place of 3 cents per pound on shelled peanuts she will levy but 1 cent per pound.

Farm Wagons from the United States will be admitted into Canada at a reduction of 10 per cent from her former rate, which was one-fourth of the value of the wagon. During Canadian fiscal year 1910 Canada purchased \$218,000 worth of farm wagons from the United States. North Carolina might compete for a portion of this business, inasmuch as her manufacturers of wagons and carriages in 1905 were valued at \$2,304,000.

Snyder, head of a store manufacturing corporation at Massillon, Ohio, was fatally injured last night by an automobile which ran over her as she was crossing a street. Her skull was fractured. She is 39 years old.

ATTACK LIKE TIGERS

In fighting to keep the blood pure the white corpuscles attack disease germs like tigers. But often germs multiply so fast the little fighters are overcome. Then see pimples, boils, zema, salt-rheum and sores multiply and strength and appetite fall. This condition demands Electric Bitters to regulate stomach, liver and kidneys and to expel poisons from the blood. "They are the best blood purifier," writes C. T. Budahn, of Tracy, Cal. "I have ever found." They make rich, red blood, strong nerves and build up your health. Try them. 50c at W. L. Hand & Co's.
