

CAR LOAD GAS RANGES!

WE have just received a CAR LOAD of the finest GAS RANGES ever delivered in this city, and we respectfully invite the public to visit our display room that we may have the opportunity of explaining the many new features of the various types which we have just received.

Cooking with GAS is no longer a luxury, but a necessity, and is more economical than wood or coal. With the average family a saving of two hours time per day is effected by using a GAS RANGE. If you are not thoroughly satisfied as to the many advantages enjoyed by using GAS for Cooking purposes, ask your neighbor who has a Gas Range. She will gladly explain the many advantages.

Prices Run From \$15.00 to \$40.00.
They Are Sold on Easy Terms if Desired.
 (These Prices Are Guaranteed for Two Weeks Only)

Don't fail to see our display, 1st floor 4 Cs Building, 208 S. Tryon St. If not convenient for you to call in person, Phone 490 and we will send a representative to see you.

Charlotte Gas & Electric Company

CONFERENCE OF EDUCATION TO OPEN SOON

Following is the program of the fourteenth conference for education in the South, Jacksonville, Fla., April 19, 20, 21. The theme of this conference is the better adaptation of education to life, and especially to the rural life of the Southern states. All who are interested in the improvement of economic and social conditions of this section through any of the means of education are cordially invited.

The railroads of the Southeastern Passenger Association have made special rates. Tickets on sale April 17 and 18 and for trains scheduled to reach Jacksonville before noon, April 19; all tickets good to return until midnight April 30.

Program of General Meetings.
 Wednesday, April 19, 10 a. m.—Address of welcome by Hon. Albert W. Glechrist, governor of Florida; Hon. William M. Holloway, state superintendent of public instruction of Florida; Hon. W. S. Jordan, mayor of Jacksonville; Hon. Francis P. Conway, president board of trade, Jacksonville.

General subject: Redirection of education for rural communities.

- 1—The adaptation of education to rural life in Denmark. Hon. Maurice Francis Egan, United States minister to Denmark.
- 2—Adaptation of education to life in Switzerland. Dr. Paul Ritter, Swiss minister to the United States.
- 3—The reconstruction of the one-room rural school. Miss Jessie Fields, superintendent of schools, Page county, Iowa.

Wednesday, April 19, 8 p. m.—Annual address of the president, Mr. Robert C. Ogden. General subject: Rural co-operation.

- 1—The cooperative movement in Denmark and the benefit derived therefrom by the United States—Count Moltke, Danish minister to the United States.
- 2—The movement for rural co-operation in Ireland—Dr. Hollis B. Frissell, principal of Hampton Institute, Hampton, Va.
- 3—The beginnings of rural co-operation in America—Dr. John Lee Coulter, of the University of Minnesota, and the department of agriculture of the federal census bureau.

Thursday, April 20, 10 a. m.

- 1—Annual meeting of the Superintendents' Association of the Southern states. Reports of progress within the year. Hon. J. Y. Joyner, superintendent of public instruction of North Carolina, presiding.
- 2—The educational campaign in Florida—Mr. W. M. Lynch, professor of secondary education, University of Florida.
- 3—Annual meeting of school improvement workers. Report of progress in school improvement—Mrs. E. E. Thomas, of Alabama, presiding.

Thursday, April 20, 8 p. m.

General subject: Redirection of education for rural communities—continued.

- 1—Education of the negro in the country—Dr. J. H. Dillard, general agent of the Jeanes and Slater funds, New Orleans, La.
- 2—The folk high schools and rural life of the Scandinavian countries—Dr. John Christian Bay, librarian John Crear Library, Chicago, Ill.
- 3—Results of the application of newer ideals in education (illustrated)—Mr. O. H. Benson, United States department of agriculture, formerly superintendent of schools of Wright county, Iowa.
- 4—Relation of our forests to wealth and life (illustrated)—Mr. Don Carlos Ellis, chief of education, United States forest service.

Friday, April 20, 10 a. m.

General subject: The Rural School and Rural Sanitation.

- 1—The rural school an essential factor in sanitary progress—Dr. Allen W. Freeman, Virginia department of health.
- 2—The child in the making—Dr. J. N. Hurty, health commissioner for the state of Indiana.
- 3—Progress of sanitation in Florida—Dr. Hiram Byrd, Florida department of health.
- 4—The church for the working farmer—Dr. Warren H. Wilson, superintendent department of Church and Country Life, Presbyterian Board of Home Missions.

Friday, April 21, 8 p. m.

- 1—The need for a higher standard of education for young men entering business in the South—Mr. Harry Hodgson, Athens, Ga.
- 2—Some lessons from the Orient—Mr. Clarence Poe, editor of Progressive Farmer, Raleigh, N. C.
- 3—The school and civic righteousness—Judge Andrew J. Cobb, Georgia.
- 4—Some national aspects of Southern education—Dr. Elmer Ellsworth Brown, United States commissioner of education.

Special Meetings and Round Table Conferences.

In connection with the conference annual meetings will be held of the following associations: State superintendents of public instruction, professors of secondary education, state supervisors of elementary schools, state supervisors of school improvement work, Southern Association of College Women.

Round table conferences, led by prominent educators of the Southern states, will be held on the following subjects: Education for larger productivity, education for better living, the high school and its relation to life, the elementary school and its better adaptation to life, school and civic improvement, rural co-operation, the education of the negro, the country church, the press and its relation to educational progress.

A Worthy Object Of Benevolence

A man died three weeks ago of tuberculosis. He left a widow with 5 children, two girls aged 15 and 13 and three boys aged 11, 9 and 2. The health of the family is wretched. The oldest girl has tuberculosis and has been taken out of the mill on the order of the physician. The second girl has likewise been taken out of the mill and is in danger of the same disease. The three boys are all under a physician's care.

The physician has advised the mother to take the family to the country. She has found a house rent free, with wood free, and free pasturage. She has a cow and neighbors have donated chickens. The family will thus have milk and eggs so much needed in treatment of tuberculosis. They will have an abundance of farm work when cotton chopping begins, but have no means of support until that time and cannot go before June 1st unless assistance is extended to them. Four or \$5 per week for eight weeks will be needed. This amount will enable the family to go to the country immediately and will probably save the life of the oldest child. The mother is a strong woman and can support the family after work begins. The anti-tuberculosis committee of the Associated Charities has taken the matter up and asks for assistance for the family. Believing that there will be a response to this request the family has been told to prepare immediately for moving as the case is urgent. Send subscriptions to the Associated Charities, city hall, or telephone general secretary, L. B. Myers, office phone 1592, home phone 2236-J.

WARNING TO RAILROAD MEN.

Look out for severe and even dangerous kidney and bladder trouble resulting from years of railroad work. Geo. E. Bell, 639 Third St., Fort Wayne, Ind., was many years a conductor on the Nickel Plate. He says: "Twenty years of railroad work left my kidneys in terrible condition. There was a continual pain across my back and hips and my kidneys gave me much distress, and the action of my bladder was frequent and most painful. I got a supply of Foley's Pills and the first bottle made a wonderful improvement and four bottles cured me completely. Since being cured I have recommended Foley's Kidney Pills to many of my friends." Bowden Drug Store on North Square.

Elect Right Kind of Officers.

To the Friends of Temperance and Good Government:

The fact that North Carolina now has written upon her statute books laws, which prohibit the manufacture and sale of liquor, lays the responsibility upon citizens and officers in every community to execute these laws. Let no one believe for one minute that the lawless liquor traffic has a conscience that will lead them voluntarily to obey. The experience of all law-abiding communities teach us that it is necessary to use the strong arm of the law and compel obedience. The way the average citizen in our country enforces law is by electing officers, who stand for enforcement, and just at this time, I want to emphasize the necessity of citizens using their franchise in the election of the right sort of officers. It is not enough that we have good laws, we must have faithful and efficient officers to make these laws effective, and the making of the officer lies with citizens.

During this spring many towns and cities will be electing their officers, and now is the time for our temperance forces to be at work. See now that such men are nominated and elected as will guarantee the execution of law. It is the duty of every citizen to give some time and attention to the matter of civil government, and it shows a lack of patriotism, if not selfishness, for men to be so wrapped up in personal or business affairs that they will not give some thought to the selection and election of men, who are to manage their local government.

If the enforcement of the prohibition law in your community is not what it ought to be, see that you use your influence to secure officers who will make it good and then give them your full support as they make an honest effort to be true to their official trust.

R. L. DAVIS,
 Supt. N. C. Anti-Saloon League, Wilson, N. C.

Two Men Convicted.—Atlanta, Ga., March 30.—Claude O'Shields and Claude Seals, convicted yesterday of holding up a jeweler last winter, were sentenced today to twenty years in the state penitentiary. They made appeals for mercy but the judge said he owed it to society to give them long terms.

Ed Regutti, an alleged accomplice, will be tried next month.

Randleman Mills Sold.

(From Greensboro Telegram.)

Yesterday at noon at Randleman the properties of the Randleman Manufacturing Company, bankrupt, and the Naomi Falls Manufacturing Company, bankrupt, were sold by order of the bankruptcy court to the highest bidder the sale to be subject to the confirmation of the court. F. H. Fries, of Winston-Salem, was trustee for the former and T. A. Hunter, of Greensboro, was trustee for the latter. Both properties were purchased by Capt. J. E. Gilmer, of Winston-Salem, in price paid aggregating \$215,500.

The Randleman Manufacturing Company was bonded for \$115,000 and the purchase price was \$59,500 above bonds making a total of \$174,500. The bidders were H. E. Fries and Capt. Gilmer, both of Winston-Salem. This plant has 11,000 spindles and 500 looms. The Naomi Manufacturing Company was bonded for \$41,000, including a small bonded indebtedness hanging over the plant. This plant has in operation 6,000 spindles and over 60 looms. The bidders were Capt. Gilmer and Lawrence Hoyt, of Burlington.

Both plants have been in operation under the direction of the trustees since being placed in bankruptcy court and the new owner, Capt. Gilmer will continue operations, taking over the

A LARGE CONTRACT.

What R. H. Jordan & Co. Want Every Person in Charlotte to Know.

When R. H. Jordan & Co. the leading package of Dr. Howard's specific for the cure of constipation and dyspepsia at half price, and guaranteed to return the money if it did not cure, they bought it probable from their confidence with other medicines for these diseases that they would have a good many packages returned. But although they have sold hundreds of bottles, not one has been brought back.

To those suffering with diarrhea, headache, poor digestion, constipation and nervousness, Dr. Howard's specific offers quick relief. It is unobtainable to all who feel uncomfortable after their eating, and is today the popular dinner pill in all the large cities.

—There was no meeting of the city executive board last night, for the reason that there was nothing of pressing importance to be considered just now.

Danderine

Grows Hair and we can PROVE IT!

DANDERINE is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them. Its coloring, stimulating and life-producing properties cause the hair to grow abundantly, long, strong and beautiful. It once imparts a sparkling brilliancy and velvet softness to the hair, and a few weeks' use will cause new hair to sprout all over the scalp. Use it every day for a short time, after which two or three times a week will be sufficient to complete whatever growth you desire.

A lady from St. Paul writes in substance, as follows: "When I began using Danderine my hair would not come to my shoulders and soon it fell away below my shoulders."

Another from Newark, N. J., "I have been using Danderine regularly. When I first started to use it, my hair was falling out very fast. Now I have the most beautiful long and thick hair that anyone would wish to have."

NOW at all druggists in three sizes, 25c, 50c and \$1.00 per bottle.

Danderine enjoys a greater sale than any other one preparation regardless of kind or brand, and has a much greater sale than all of the other hair preparations in the world combined.

Free! To show how quickly Danderine acts, we will send a complimentary sample free by return mail to anyone who sends us five cent postage. Write to: KNOWLTON DANDERINE CO., Chicago, Ill.

with their name and address and five cent postage stamps to pay postage.
