IN THE POPULAR "Elizabeth" Section of Charlotte

We have a limited number of acre garden tracts that we are offering at prices and on terms that make them the very best opportunities for investment possible, for people of moderate means.

A real estate savings investment is the best investment one can make when care is used in selecting a location for such investment. The suburbs of a growing city, and a prosperous city has proven time after time to be the very best place for such investments. The trend for suburban homes in this section has for some time been Elizabethward, and it would seem that investments made in this direction will surely reap rich returns.

These acreage tracts that we offer are part of the original "Elizabeth Acres" subdivision. For ideal location and elevation it is without a parallel in this vicinity.

We are advertising these tracts as garden tracts especially, because of the natural fertility of the soil, and the elevation of the land. Rich, dark clay loam that will hold every pound of fertilizer given it, and with attention should yield abundant returns.

An acre tract is also ample room for a chicken yard. There is a great demand for chickens and eggs in the local market. Ask the price of chickens and eggs at any market in Charlotte, and then ask the dealer where he gets his chickens and eggs that he offers for sale. You will find that many of them have purchased their poultry and eggs in other counties and sometimes you will find they came from other states.

Why not buy one of the acre tracts and engage in the poultry business? If you give it any attention it should give you nice profit every year.

Then again these tracts are within such close distance of the street car line. Eleven or twelve minutes is but a short walk and if you happen to own a horse, or a bicycle it means but a "jiffy" until you are home.

We have been talking about acre tracts, but now if you think your needs cannot be satisfied with one acre we can arrange to let you have five or possibly ten acres, which virtually means a plantation within the city limits.

Call at our office and we will take pleasure in showing you these garden tracts.

Dreadful Weakness

Could not Raise Head From Pillow, Says Jennie B. Kirby, of Valley Heights, Va., Till I Took Cardui

Valley Heights, Va.—"My family doctor," writes Jennie B. Kirby, "said I had change of life and I was sick in bed for about 9 months.

"I had a bad spell this spring and was so weak I couldn't raise my head off the pillow.

"I commenced to take Cardui in April and have now used three bottles. It does me so much good, I saw it was helping me before I had taken half the first bottle. Now I can work all day.

"I think Cardui is the best medicine in the world, for women who suffer from female troubles. I have not taken a dose of any medicine but Cardui for 9 months and am feeling very well."

No other medicine is needed, but Cardui, for weakness, loss of appetite, tired feeling, female pains and distress, etc.

However, if you are taking any other medicine, Cardui will not interfere with it, but rather help it.

As a general tonic, for weak women, you can get no medicine so good as Cardui, the woman's tonic.

To prevent unnecessary pains and misery, nothing that would take its place. No druggist keeps Cardui in bulk, for prescription purposes, but every druggist sells Cardui, in original bottles.

Try a bottle today.

Extensive Improvements on West Trade St.

Extensive improvements are under way in the second block of East Trade street on the two buildings formerly occupied by Mall's meat market and McKnight's restaurant. Mr. John B. Alexander is having the improvements made, which, when completed, will add two excellent and up-to-date stores to this section of the city.

The stores will be made about twice as deep as they are at present and new steel ceiling added. The whole interior will be worked over after the extension of space is made and new glass fronts placed. These improvements will make the place one of the most handsome in the block.

One of the buildings has already been leased to a firm in the city and the other will no doubt be taken soon.

McNEEL'S

To the Lover of Good Coffee: We wish to advise you that we have installed a new kind of Electric Coffee Mill. This mill is equipped with steel knives which cut the berry into practically uniform clean cut particles, instead of grinding and crushing it as by the old method. By this method the little oil cells remain unbroken and the coffee thus retains its fine aromatic flavor, in its full strength. And coffee cut in this way will make from 12 to 15 cups more of full strength coffee than will any coffee ground in the old way. We can cut it as fine as the finest sand and it will be free from that fine dust which is produced by the old way of grinding. Try a pound and see for yourself.
