

List Of Entries In Pony Contest To Be Printed To-morrow

Watch tomorrow's News for the list of the contestants who have entered the pony contest and you will see how many have entered the contest and what they have done so far. From now on the list of standings will be published every other day and a little later on, every day.

It is not yet too late to enter the contest, and we welcome all who want to enter. The more the merrier. If there are others who want to enter they had best not delay too long as they may be missing opportunities that might have made it possible for them to have been winners.

With the close of school this week, something new is sure to start. The boys and girls will then have more time to go after subscriptions and coupons and every one in the city and surrounding territory will have to do their part. The youthful collectors are already going out after them and many a one has had to come across. The older people are interested too. They of course cannot enter but they are strongly enlisted in the support of their favorites and will work hard to help them win. Fathers, mothers, older brothers and sisters and all the rest of them will have to be busy and a lively race it will be before the contest is over.

The ones who are making the showing are going after the subscriptions. They soon count up into thousands of votes and are so easily secured, with just a little effort. All the coupons count and will help to win but subscriptions count so much faster. Make up your mind to get a few every day and then do it and

you will be on top at the end of the race.

RULES.

1. The nomination blank counts 1,000 votes, when filed out and sent in to The News office, but can only be counted once by any one contestant.
2. A new subscriber is one who is not taking the paper at the time the contest started. Twice as many votes are allowed on new subscribers as on old. We expect a square deal from all contestants in regard to the difference between new and old subscribers. In turning in subscriptions be sure to state which they are. Any subscriptions turned in as new, when they are not, will be thrown out.
3. Coupon votes clipped from the paper must be voted before the expiration date printed on each.
4. On all subscriptions turned in a special ballot will be given the contestant, which can be voted at any time before the close of the contest, except that no contestant will be allowed, in any one day, to vote over 5,000 ahead of the leader of the day before. All ballots over and above that amount must be held in reserve. Starting with the last week of the contest this rule will be withdrawn and the regular vote cast at will.
5. Any white boy or girl under 18 years of age is eligible to enter the contest, barring, of course, members of the immediate family of employees of The News.
6. All decisions from time to time and any disagreements which might come up, will be settled finally by The News, and we reserve the right to make any new rules at any time during the contest that we deem necessary to the protection of all concerned.

Governor Donoghue Welcomes Veterans

Woodrow Wilson in San Francisco

San Francisco, Cal., May 16.—"It is an encouraging sign when I can attack certain things before the men who do those things and not only not be put out of the room, but receive general applause."

When Dr. Woodrow Wilson, governor of New Jersey, made the foregoing statement here last night, as the guest of the Yale, Harvard and Princeton clubs of San Francisco, in an impromptu address in which he attacked political corruption, his hearers laughed and applauded.

"The debate as to whether things are wrong is settled," he said. "Things are wrong. Now we must get up a debate on how to get them righted."

"Money is at the bottom of all the misrepresentation. Not money put into hands—not bribery. That's old fashioned and crude. But it is accomplished by warning men that if they don't do as they are told they can't get money for their business. The man who does not do as he is told is not invited to play; he becomes not only a political but a social outcast."

Dandruff, Falling Hair Stopped

Harmless, Old-Fashioned Remedy Brings Back Color to Gray Hair and Makes It Grow.

How many old fashioned remedies are being used, which goes to show that it is hard to improve some of our grandmothers' old-time, tried remedies. For instance, for keeping the hair dark, soft and glossy nothing equals our grandmothers' "sage tea." Although by the addition of sulphur and other ingredients, this old-fashioned brew has been made more effective as a scalp tonic and color restorer.

Nowadays, when our hair comes out or gets faded or gray, instead of going to the garden or garret for herbs and making the "tea" ourselves, we simply go to the nearest drug store and ask for a bottle of Wyeth's Sage and Sulphur Hair Remedy.

Druggists are authorized to sell it under guarantee that the money will be refunded if it fails to do exactly as represented.

This preparation is offered to the public at fifty cents a bottle, and is recommended and sold by all druggists.

Memorial To Queen Victoria

London, May 16.—The great marble memorial to Queen Victoria, fronted by a statue of the late queen and surmounted by a gilded winged victory, on the steps before Buckingham palace, was unveiled today by Victoria's grandson, King George V.

The ceremony was conducted at noon in the presence of Emperor William and other descendants of the queen, numerous members of the British and German royal families, including Empress Auguste Victoria and Princess Louise, members of the cabinet, colonial representatives and many other prominent persons.

King George delivered a speech in eulogy of Victoria, describing the monument as "the tribute of races" and legends more various in character and circumstance than have ever been combined before upon a common purpose."

Terrible Picture Of Suffering

A Terrible Picture of Suffering, Drawn by Mrs. McElroy, of Clinton, Ky. Points its own Moral

Clinton, Ky.—"I was a sufferer for six years from female troubles. I could not eat and could not stand on my feet, without suffering great pain.

"I tried three of the best doctors in the state of Kentucky and they said I was in a critical condition and going down hill.

"I had lost all hope of ever being better. I was so weak I had to be helped up and down. I had neuralgia, dragging sensations and such awful burning, low down in my right side, I could hardly bear it.

"After using Cardui, for one week I found I was getting better, so I continued to take it and in four months time I felt better than I had in six years.

"I advise all suffering women to take Cardui. I got more benefit from \$3 worth of Cardui than from \$100 worth of doctors' medicines."

The only way you can get the benefit of the genuine Cardui herbs, is by buying a bottle of Cardui, at your druggist's. He does not keep the crude drug, as it is not in the pharmacopoeia.

Fifty years of proof, of its merit, in actual practice, has convinced us, and those who have tested it, of the value of Cardui, in female weakness and disease.

Why not test it for yourself?

To Investigate Steel Trust

Washington, May 16.—An investigation of the U. S. Steel Corporation was ordered by the house today when it passed the Stanley resolution providing for such an inquiry. The resolution was adopted without opposition, following a short debate. A committee of nine members, to be elected by the house, will be authorized to conduct the investigation.

MUCH PROPERTY IS INVOLVED.

El Paso, Texas, May 16.—To decide the ownership between nations of seven million dollars worth of property now on the American side of the Rio Grande, in the southern section of El Paso, an international commission met here yesterday.

The land is known as the Chamical strip and jurisdiction is held by the United States, but Mexico lays claim to it on the ground the river changed from its original course in 1852 by evulsion and that the property thus thrown on the American side is Mexican territory.

The property is about five blocks wide and two blocks long in the southern part of the city.

Will Not Appeal.

Springfield, Ill., May 16.—The Illinois senate practically decided today not to appeal on the decision of Judge Adler J. Pettit, of Chicago, freeing Edward Tilden, the packer, and bankers W. Cummings and George M. Benedict on writs of habeas corpus.

This is a Good Chance to Get a Home

But like all really good opportunities it will go quickly, so if you want a good home at a bargain, come to see us at once. The house is a fine Modern Cottage, of six large, light rooms, all fresh and in nice condition. The house is comparatively new, has just been painted and is in perfect condition. It possesses many beauties and conveniences that make for home comforts and should be appreciated. The lot is a good one, in a good section of East Ninth street. If it were not necessary to sell this at once it would bring much more than our price, \$2,750. Two thousand dollars can be paid on easy terms.

ON TO THE JOB

There is a recent ruling among attorneys for Building & Loan Associations whereby a Notary Public who is a stockholder in the association will not be permitted to act as Notary on deeds of trust, and such papers that go into the association.

In order to make myself acceptable to all Building & Loans, as a Notary Public, I have recently disposed of all my stock in the Mechanics Perpetual, the Charlotte B. & L., and all other Building & Loan Associations in Charlotte. I don't care who you are—what you do—where you live—I will go anywhere in Mecklenburg County any time to act as Notary, and if you give me your business you have positive assurance that I am qualified by law to act. "Ruling or no ruling" I am always "on to the job" when it comes to Notary Public Business. Don't forget the name—either—JONES—The Public Notary.

"Let's Do It Now, Bill"

We've been reading that fellow Keesler's ads and endorsing his views of the simple, the practical, the happy life, for many moons, but we've taken no shares. We're not practical. We don't follow his advice, and how can we be benefited if we fail to take hold? We surely can't expect him to serve us strawberries and cream (out of season, at that) and require him to push the luscious berries down our parched throats with a golden spoon.

"THAT'S RIGHT, NANCY, OLD GIRL,

We sure have delayed the game, and if we don't start, we'll soon be so far behind the procession there'll be no catching up. Our friends have taken up his proposition, and they're doing well, there's no denying that fact. You know, Nancy, I haven't exactly liked Keesler's politics, and somehow or other, he says such plain things some times, they kinder get next to one's hide, suppose we try the other fellow."

SEE HERE NOW, BILL,

you are supposed to be my husband, but my daddy said you were no account when I married you, and he was mighty near right. My daddy was a Republican and you was a Democrat. Keesler's one of those South Carolina Democrats, but he has no politics in business, and if there's one man in town who has no favorites in business, and they're doing well, there's no denying that fact. Answer that, will you? Trouble is he's told you about your neglect of home, your "social club" habits, your whiskey drinking, your debts you don't try to pay—that's what gets next to your hide. Now, we'll take those shares with Keesler, or you can take your carpet bag (that's about all you've got here) and clean out. I'm tired supporting a worthless bum. Get up and dust, now. You've driven me to a stand, and with the aid of the Mutual I'll win out yet."
