SPINNERS GIVE THE LOCALS ANOTHER SHOW

Special to The News.
Greenville, S. C., May 26.—Another cog in the baseball machinery of Charlotte slipped yesterday and the Hornets took another dash toward the cellar. The visitors again played in their usual listless, lifeless style and the locals were not long in taking advantage of it. The visitors work had but one redeeming feature and that was the work of Malcolmson behind the bat, his work being gilt-edge. The visiting fielders did not play their usual good game, although they took in several difficult chances.

This was the first day for the locals and about 1,200 people were present. A band lent gaiety to the occasion and the pennant which the Spinners won was raised, both teams participating.

TWINS POUND VICKERY AND WIN EASILY

Special to The News.
Winston-Salem, N. C., May 26.—The locals pounded Vickery for 17 hits for a total of 34 bases and easily defeated Spartanburg, 12 to 2. Swindell was master of the situation and allowed the Red Sox only five hits. Five home runs were made, four of them by the locals and one by the visitors. O'Halloran was the particular star, getting a total of 10 bases himself, Winston tried out their new catcher and he certainly proved a great addition to the team. His work could have hardly been improved on. Gates' fielding was about the only redeeming feature of the whole proceedings, which was very uninteresting, owing to the one-sided score. It was simply a walk-over for the Twins and the Red Sox were unable to even make it interesting.

FOLEY'S KIDNEY CURE ACTED QUICKLY.

M. N. George, Irondale, Ala., was bothered with kidney trouble for many years. "I doctored and tried kidney medicines without material benefit, in fact, kept getting worse. I was persuaded to try Foley's Kidney Cure, and before taking it three days I could feel its beneficial effects. The pain left my back, my kidney action cleared up, and I am so much better I do not hesitate to recommend Foley's Kidney Cure to all sufferers." Bowen Drug Store on North Square.

Thirty Four Cars Ready For Race

Indianapolis, Ind., May 27.—Thirty-four racing cars what qualified in elimination trials yesterday for the Memorial Day 500-mile race at the Indianapolis speedway are to be weighed in today and certificates issued to their drivers. Ten other cars are to be tested next Monday as to whether they are capable of the required speed of 75 miles an hour. It is not expected that any of them will fail.

The drivers used every available moment on the speedway today trying out their engines and testing the speed and endurance of the cars. The track will be closed tomorrow, when it is to be thoroughly cleaned of oil and dust. On Monday morning the remaining elimination trials are to be held and Bob Burman will dash for records in the Blitzen Benz.

At noon the track will be cleared and the cars will be hauled from it until they are called to line up for the start of the race Tuesday morning. An army of mechanics and tire men were busy in the long line of repair pits today. The helpers were drilled in the details of their duties and preparations were made to place each tool where it could be easily reached up by the car mechanics when the cars had trouble and stopped for hasty remedy.

Ad Wolgast A Heavy Favorite

San Francisco, May 27.—Ad Wolgast, lightweight champion, will be a heavy favorite this afternoon when he steps through the ropes at the Eighth street arena to defend his title against Frankie Burns, of Oakland. Odds of 10 to 4 are freely offered against Burns and many wagers have been made at even money that Wolgast will stop Burns within eight rounds.

The fact that he is the short-end in the betting does not seem to worry Burns and he believes that his strength and stamina, coupled with a slight advantage in weight, height and reach will more than counterbalance the champions greater experience and generalship.

The terms of the match call for 133 pounds ringside and both boys are well within that weight. Burns will have an advantage of two or three pounds when they enter the ring, as Wolgast will fight at about 130 pounds. Both are in splendid condition.

Referee Jack Welsh will call the fighters to the corner of the ring at 3 o'clock. George Harting has been selected as timekeeper. Owen Moran, who will meet the winner here on July 4, will be at the ring.

Not Civil But Criminal.
Mr. Wickersham makes charges against the so-called lumber trust if true warrant the imprisonment of every person responsible for this conspiracy in restraint of trade. But instead of bringing criminal proceedings the attorney general resorts to civil proceedings, naming ten trade organizations and over 150 individuals as defendants. Apparently the department of justice is seeking further information as to what the supreme court means by "reasonable" restraint of trade.

The habit of regarding the Sherman law as a civil statute is responsible for a great deal of misapprehension as to the meaning of the supreme court's decision. Most of this misapprehension disappears if we treat the act as a criminal statute, which it is. If justice can be trusted to decide whether a killing is premeditated murder or manslaughter or justifiable homicide they can be trusted to decide whether a restraint of trade is reasonable or unreasonable, whether it is merely a technical restraint or whether it works an actual public injury in one way or another.

In presenting the opinion of the court in the Standard Oil case the chief justice said the purpose of the Sherman law was to prevent wrongful acts. It should not be difficult for a jury to determine whether a restraint of trade is wrongful or not. That is a mere matter of evidence.

If the government will enforce the Sherman act as a criminal statute there need be no anxiety about the decision of the supreme court. Guilt is personal and must always be personal.—New York World.

Mammoth Peace Jubilee.
Atlanta, Ga., May 27.—Emblematic of universal peace toward which the nations of the world are trending and toward the consummation of which Atlanta is contributing with a mammoth peace jubilee to be held tomorrow afternoon, 25,000 white badges will be distributed on the streets of Atlanta today and 20,000 have already been donated to the public school children of this city.

The jubilee tomorrow afternoon promises to mark an epoch in the South in the movement for universal peace.

Locusts Are Due.
Washington, May 27.—Seventeen-year old locusts are said to be due to ravage vegetation in the eastern States this summer. The vanguard of the invaders is reported to have appeared in Alexandria county, Va., and the prediction is made that within a week or so the "plague" will be common.

SPEAK TO ME

I don't care who you are—what you do—where you live—nor what your family history—I love to speak to people, and love for people to speak to me. There's nothing "biggity" or "stuck-up" about me—I would rather be known as the busiest young man in Charlotte on speaking terms with everybody, than to be the richest "old grouchy" in the city—for I know I can make all the money I will ever need if people will "SPEAK TO ME". Furthermore, I am not candidate for any public office, and never expect to be—and if I ever own an automobile, or a "flying machine"—I never expect to ride too fast to "speak to people" I know.

Give me your business—My time is my own—have horse and buggy and go anywhere—anytime—day or night—to act as Notary.

Especially for the Home

The Parlor Baby Grand Knabe PIANO

is designed for home—it is neither too large nor too small, but just right for the cozy little homes of today.

There may be other pianos of this size—but they are not The Knabe—and to own a Knabe means to own The World's Best Piano

The superiority of The Knabe is peculiarly marked in its exquisitely superb tone—there is in it that which thrills the hearer, and has the power to move to tears or laughter. The artistic design and fine finish of the

KNABE PARLOR GRAND PIANO

make it a most desirable instrument for the home.

What more could you ask, except, perhaps, the matter of terms, and these you can make to suit yourself.

Quit Taking Chances with Water

RIGHT now, wherever you live, your water supply has filth pumped into it through one pipe, while through another pipe it is pumped out for you to drink. If you use wells you are probably getting worse stuff. Water causes more sickness than anything else. It gives typhoid needlessly to 250,000 full grown Americans and kills 370,000 babies less than five years old every year. Pittsburg pulled its typhoid record way down by purifying its water supply. Germans have reduced their infant death rate more by care of water than by care of milk. You can have good water if you want it. You are taking big chances now. An article in Pearson's Magazine now on sale shows how you can easily purify your home supply. Read it. It is important to your health.

INTERESTING GAME OF BALL AT DAVIDSON ON MONDAY.

Davidson, N. C., May 27.—There will be an interesting game of ball on Davidson athletic field next Monday afternoon when the seniors cross bats with a team from the faculty. The seniors will present a rather formidable team. The personnel of the faculty team is not definitely decided yet. The game is arousing much interest and enthusiasm. It will be called at 3:30 p. m.
