#### South Atlantic Wants Charlotte

We are glad that the papers around the South Atlantic League circuit have taken up our case in our behalf. President Joyner was considering taking in Dublin with a population of less than 6,000 people and also Brunswick with only 10,000 people, in it. That Charlotte could put out a better attendance than either of these could easily be seen when it is remembered that Charlotte has 34,000 people and is a great base ball town. Charlotte has been looking and wanting a berth in the South Atlantic or some faster company sents itself we should not cast it

"CHARLOTTE IS LOGICAL TOWN

To Succeed Augusta in Sally League -Dublin is Too Small a Place "A movement has been started and is being agitated strongly for the admission of Charlotte to the South Atlantic league. If this desired result could be accomplished, allowing Charlotte to replace Augusta, it would leave the league fully as

strong as it is with the present Tourist club in this circuit. The North Carolina city has always patronized the national game liberally and it is only natural to suppose that this interest will be greatly enhanced by its entrance into the South Atlantic, a league of higher class than the Carolina Association.

"It is understood that the fans of Charlotte are anxious to see their city represented in the Sally league. Furthermore, sufficient pressure can be brought to bear upon the association officials by which Charlotte will be allowed to cut loose from the Class D circuit.

"President Joyner has announced Dublin, Ga., of Brunswick will take welfare of the league is considered at all by the magnates representing the various clubs comprising the South Atlantic circuit, a little figuring should convince them that they are making a great mistake in admitting cities the size of these. Alvillage of that size is sufficient for a Class C league.

There is no doubt in anybody's mind but that Charlotte would sup ceeding one hundred and fifty thousport a team in the South Atlantic and that an average attendance of 1,000 would be furnished. Charlotte has long needed the South Atlantic and now the South Atlantic needs Charlotte. Charlotte is 7 times as large as Brunswick while it is 10 purpose (a) of purchasing land for times and ratified this the 3d day of times as large as Dublin and it is schools and of building school houses March, 1911. an undisputed fact that Charlotte for the graded schools of the city, and could put out a better attendance than either of these.
