W. A. PINKERTON

W. A. Pinkerton, the well known American detective, who has recently arrived in London for the coronation. Pinkerton declares he is merely on a pleasure trip, but is obviously professional subterfuge as since his arrival he has been in constant communication with the home office, which bears the responsibility for the King's safety. There is no doubt that Pinkerton will aid Scotland Yard and the police to keep out of London all anarchists and dangerous criminals.

Rheumatism Yields to MILAM

Former U. S. Postmaster Recommends Milam.

Gentlemen:—My niece suffered for many years with a trouble pronounced by her physicians as Uric Acid Rheumatism, and although he treated her she never obtained relief.
Being well acquainted with MILAM and knowing it had been used successfully very frequently in similar cases, I determined to put her on it. She took six bottles with the happiest results. I regard her as being entirely relieved, and will always take pleasure in recommending it for Uric Acid troubles.
Yours truly, C. T. BARKDALE
Danville, Va., July 18, 1910.

Spent \$3,000 on Rheumatism.

Norfolk, Va., July 23, 1910.
About five weeks ago I was induced to take Milam for a trouble pronounced by my physicians as Rheumatism. I had spent over \$3,000 for all known remedies and tried many doctors, went to Hot Springs, but received no benefit whatever. For fifteen years I have been a sufferer, each spring I have been in bed and incapacitated for work until the spring, which I am glad to say, I have been attending to my business, feel fine, splendid appetite, and feel confident that it will be cured from Rheumatism.
I wish to say that Milam has done all you claim it will do in my case so far, and I look forward to a speedy recovery, and would not take five times the amount of the price of the medicine for what it has done for me so far.
Yours very truly, C. E. WADSWORTH
Business, Cor. Church and Lee Streets

Rheumatism Entirely Gone.

I was a great sufferer from Rheumatism and decided to try MILAM. I bought six bottles, and am now on my fourth bottle. I can truly say that I have never taken a medicine that has done me as much good. My Rheumatism is entirely gone, my appetite good—in fact, I have now lost so well in a long time, I would not take \$50.00 for the good your medicine has done me, but in order to be sure that the trouble is entirely eradicated, I will take the two remaining bottles.
I voluntarily give this testimonial and cheerfully recommend Milam to anyone suffering from Rheumatism.
(Signed) ALBERT McBRIDE, Danville, Va.

Cobb Sets Standard For All New Ball Players

Ever since Ty Cobb has demonstrated that he is the greatest ball player the game has ever developed, a much higher standard is being asked of the young players who come into fast company. Every player, almost, is compared with the mighty Cobb, and naturally loses in comparison. There are not apt to be any more Cobbs for 571 years, and the sooner the club owners realize this fact and will be satisfied with developing players of much ability the better they will be off.

Simply because a player is not in Cobb's class does not mean that he cannot be a valuable man for the team. Cobb should be eliminated from all comparisons. The club which turns down youngsters simply because they do not show the making of a player of the caliber of the Tiger, is going to have a hard time building up a ball team.

A club like Washington, for instance, cannot be too particular in its selection of material. It must take long chances, for it must be remembered that regardless of what happens, it can be no worse off than it is. Twenty ball players may have to be purchased before one is found who will furnish the link that is now missing to make the team a winner, and judged on recent performance, McAleer needs more than one link to complete his chain.—Grille, in Washington Star.

If McInnis Makes Good
Little Jack McInnis, the boy who is scarcely out of his teens, is playing first base for the Philadelphia Athletics, champions of the baseball universe. What's more, Jack is doing a good job of first base playing. This may not mean much to the general run of fans, but to Clevelanders it may mean a new manager in the person of Capt. Harry Davis of the Athletics.

When the story went the rounds last fall that Harry Davis was to become manager of the Naps, Connie Mack, boss of the world's champs, said that he wanted to see Davis advance and would be glad to help him land a permanent position such as the managerial job of the Naps gave promise of being, but he added that he would not part with Davis until he found a man to fill his shoes.

Has Connie found the right man in little Jack McInnis? It would seem so. Jack has been playing first base for the Athletics in the last four games. He has been at bat 11 times and made 5 hits. Twenty-three put-outs and one assist are credited to him. As for errors, he knows naught of them.
McInnis is too valuable a man to keep on the bench. Nobody realizes this more than Connie Mack. Little Jack leads the American league in batting, with an average of .439, making 47 hits in 107 times at bat. This includes Jack's games at first and short.

There is little likelihood of Davis breaking into the Athletics' line-up if McInnis continues at first base as he has started. Captain Harry is getting a little too old to be in harness day after day. With McInnis at first, Connie Mack has the youngest infield ever put into the fray by a major league club. McInnis is not yet 21. Collins has not reached 23, while Baker and Barry have a few months to go until they are 24. What's more to the point, Connie also has the fastest fielding, best fielding, best hitting and fastest base running infield quartet to be found anywhere.

DAT TERBASCO KID.
A Smoketown Ballad.
Dey talks about dat Mistah Cobb, An' all dat he can do,
Dey say dat Larry is de King, Ah doan', say it ain't true,
Dey both on 'em got de goods, To dem ah tips mah "lid",
But Ah luvz dat little "Jeu" at third, Dat sweet "Terbasco Kid".

Ah luvz to see him on de line, Ah never see him finch,
Dey may be big as "all out doahs", He doan' gib dem an inch,
Dey can't scare him a lil' bit, Wats moah, dey never did,
Dey's down an' out when dey mix wid Dat sweet Terbasco Kid,

It is quite natural that when a girl has good points the fellows should get stuck on her.
Love at first sight may sometimes be merely a blind.

COBB BATTED ONE HUNDRED HITS IN 1911

By Associated Press.
Chicago, Ill., June 19.—Ty Cobb, of the Detroit American League club, is the first major league player to drive out one hundred hits in the 1911 season. His century hit came in the ninth inning of yesterday's game with Chicago in Detroit. Not satisfied with gaining this distinction for the day, he raised his total to 101 with another safety in the ninth.
Batting is not the only division where Cobb led. His 20 doubles, 20 triples and eight home runs make him the chief of sluggers; his 30 steals put him at the head of base stealers, and his record of 59 runs in 55 games has his opponents beaten by a wide margin. The following table shows Cobb's work so far this season:
Games 55; at bat 228; runs, 59; base hits, 101; 2-base hits, 20; 3-base hits, 20; home runs, 8; stolen bases, 30; sacrifice hits, 51; total bases, 151, average .442.

SEEKING ANOTHER KNAPP.

Bob Gilks, Cleveland scout, is in Texas in search of a second Cotton Knapp. Bob says he can't tip his hand at this time, but says that he'll make the baseball public sit up and take notice before long.
It was in Texas that Gilks located Jack Adams, who is destined some day to become a big league backstop, and Cotton Knapp, who is starting at short for New Orleans.
Gilks says of Knapp: "He is the greatest chap I ever saw. Next to Lajole, Cotton is the best man in the business for touching runners going down to second."

Columbus Won 1st Half By Big Margin

With Record of Forty-Five Games Won Against Twenty One Lost, Sally Season's First Half Closes.

Special to The News.
Atlanta, Ga., June 19.—With a record of 45 games won and 21 lost the Columbus team won the pennant in the South Atlantic League for the first season, which ended with Saturday's games. It was one of the prettiest races seen in the Sally League in a long time, and until last week it was not definitely settled as to who should win the pennant, and even then it was possible for the Columbus team to be beaten and lose out. The second season of the year will start today, and the original schedule will be played out as had been arranged for a one-season year. Albany won second place, with Macon and Columbia in third and fourth, respectively.

The winner of the first season pennant will meet the winner of the second season pennant to decide the championship of the league. It is probable that the winners of the Southern League pennant will play the South Atlantic League for the championship of Dixie.

The Lively Ball.

What makes the fielders run so fast?
The lively ball, the lively ball.
What makes the Boston Club run last?
The lively ball, the lively ball.
What makes the pitchers pant and blow?
The lively ball, the lively ball.
What makes the base hit column grow?
The lively ball, the lively ball.
What makes the swatter the whole show?
Why nothing but the lively ball.
What makes the fielders' tongues hang out?
The lively ball, the lively ball.
What makes the rooters rave and shout?
The lively ball, the lively ball.
What makes out suppers all so late,
The patient weary housewife wait,
Until the clock shows half-past eight?
Why nothing but the lively ball.
Teacher (severely)—Do you know what becomes of boys who run away from school every afternoon to play ball?
Small Truant—Some of 'em get into the big leagues.

Taking It For Granted.
Sam Blythe, whose political stories have gained him an extensive clientele of readers, found in his mail the other day a letter from a friend in the West, with whom he had passed a few pleasant hours in Washington around the holidays. The letter was a lengthy one, and dealt with all sorts of subjects. After having appended the usual "Yours truly," the writer added a postscript. It read: Sam, are you still on the water wagon? Neither am I.—Argonaut.

Tombstones never seem to blush for the lies they tell.

Nursery Refrigerators

The best thing for the baby keeps milk and food cold and wholesome and keeps ice conveniently for the sick.
A small pocket Spirit Lamp. Most convenient to take to summer resorts where you may need hot water or cook small things for yourself or baby.
We have had a large trade this season on Odorless Refrigerators. The reason is that we have the best on the market.
One lady told us that her Ice lasted longer in the Odorless than in any other Refrigerator she had ever used. She was much pleased at the way it saved both provisions and ice.
We keep constantly on hand a large stock of Peerless and White Mountain Ice Cream Freezers. They rank at the head of the list of Freezers.
3000 feet of Garden Hose. Save your grass, your flowers and your gardens by securing 25, 50, 75 or 100 feet of good Hose, then get busy on your lawns and gardens.
We have three different styles of Lawn Sprinklers. You can attach Hose and it will sprinkle your lawn while you wait.
