## The Game Called In Greenville To Let Hornets Get Train

Special to The News.  
Greenville, N. C., July 13.—In order to allow both teams to catch a train the game here yesterday afternoon was called at the end of the eighth inning with matters standing at par, both teams having scored eight times. The locals hopped right on the offerings of Bauswine in the first session and scored five times. The big boy wasn't in fair form and never even resembled a pitcher, so Manager Cross, desiring to have something of the real order in the box dispatched Van Pelt to the mound. But for the third inning he got away nicely; in this inning he allowed three spinners to wind up the circuit on him. After this spasm he showed rare form and in the last three innings retired the locals in order.

The Hornets played up hill all the way, matters started out in the first inning with the score 5 to 1 against them. Up to the seventh the count was 8 to 1, but in this session the visitors made a desperate spurt for the game, but could only tie up matters by pushing over seven men.

In the first inning Outfielder Blackstone, of the local club, fractured and sprained his ankle so badly that he will be out of the game for the season. In a way of showing their appreciation of his hard work, the small crowd present took up a purse of \$10 to be presented to him.

Umpire Leibrich and Manager Cross were not feeling so very well and retired from the game. The ump's said that he had a bad case of the pip, which, as he said, was contagious, and, above all, affected his eyesight and thought it best that he retire to the club house, as he did not feel that he could do the masters of the mound full credit for their labors. Ridgeway and Hankie were placed on the job and officiated sympathetically. Manager Cross, in retiring, said that he was not feeling so well and that he thought that he had contracted the pip from the ump's and also thought it best to sojourn to the club house along with his brother of misery.

The official score:

## DRY AFFAIR IN SPARTANBURG

Special to The News.  
Spartanburg, S. C., July 13.—The game here yesterday afternoon was a rather dry affair, but for the masterly pitching of Swindell, who only allowed one extra man to face him in the first six innings of play, and the timely hitting of Shumaker, who twice drove in Clemens who walked as many times and was fetched around by the hits of the first sacker, for the only counts of the afternoon. But for this performance on the part of Shumaker the local twirler, Ferrell, would have probably carried the game into extra innings, as he pitched fine ball.

The locals made a spurt in the ninth that looked good to the local fans when Kipp was safe on an error by Clancy and Wagoner singled. The pair pulled the double steal but McCarthy struck out and Williams flew out to deep left.

## GREENSBORO WON EASY GAME

Special to The News.  
Greensboro, N. C., July 13.—Rickard, Doak and Stuart were there with the safe swats at same times and this, along with the superb pitching of Rube Eldridge gave an easy victory to the locals, by the score of 5 to 1.

Carroll, the local short fielder, and Fogarty, who played second for the visitors, performed in classy style.

Wolfe pitched good ball, except for two fateful innings, when the locals gave his twirling genius a set back by bumping him rather hard. The outstanding feature was the masterful menderings of the Rube in the box for the locals.

ARRIVED TOO LATE TO PREVENT TRAGEDY.  
By Associated Press.  
Chicago, July 13.—"If I had arrived an hour sooner I could have saved his life," sobbed Mrs. Murray Peters, of Camden, O., today in speaking of her husband, who committed suicide in a downtown hotel.

According to Mrs. Peters, her husband, who was a well-to-do merchant in the Ohio town, was hounded to death by gossip because he had twice testified against a friend's wife in a sensational divorce suit. He was severely criticised by his friends and neighbors. Rather than repeat the story a third time he fled and came to Chicago July 4.

Refuse Library Appropriation.  
By Associated Press.  
Pensacola, Fla., July 13.—By a six to three vote the city council last night refused to appropriate money for the maintenance of a Carnegie public library. The philanthropist had offered \$25,000 if Pensacola would raise one-tenth of that amount. The people turned down the proposition several weeks ago on a referendum vote.

The argument was advanced that Carnegie's money was "tainted."

## CHIP DIAMONDS.

"By Hen."

De did the next best thing anyway.

All the North Carolina teams delivered yesterday except the Hornets. They petered at the seventh mile post.

Bauswine seems to be one of these spasmodic twirlers. At times he appears to be the best what are, and again he appears to be the poorest what is.

The News correspondent at Greenville says Umpire Leibrich complained of having the "pip." Guess that must be a corn on the end of his tongue.

There might be reason enough for an umpire to retire of there is something wrong with his talking machine, but when an umpire retires because his eye sight isn't right in this league we fear there is something wrong.

Judging by recent experiences we are skeptical as to whether an umpire needs eyes at all in this company.

Baus and his "balloon" went up in the first.

Swindell just had to have that last game.

Immortal fame would have found a well deserved roosting place on the needle of Laval if he had but taken that last game.

That Swindell combination was too much for the Red Sox.

The sympathy of the entire circuit goes out to Blackstone in his misfortune.

He is a bully good fellow and every fan in the circuit admires his gentlemanliness on the field.

Bauswine also seems to have sprained something in that first inning.

Looks like his whole pitching apparatus suffered a fracture.

And through it all Cobb continues to burn 'em up.

In the game yesterday he stole second, third, and home.

The attendance in this league is factly on the wane. Reports from the various towns give anywhere from 175 to 200 per game as a grand total.

Why, not even a Peanut League could survive on such a diet!

If Winston would quit shooting the craps straight into the pocket of defeat the tale might be different.

Coming down to cold facts something should be done about that Swindell salary business.

That affidavit scare didn't seem to boost the attendance figures much.

Say, fans, take a peed at the two squibs from the Anderson Mail:

"Tom Fogarty is the best utility man in the world."

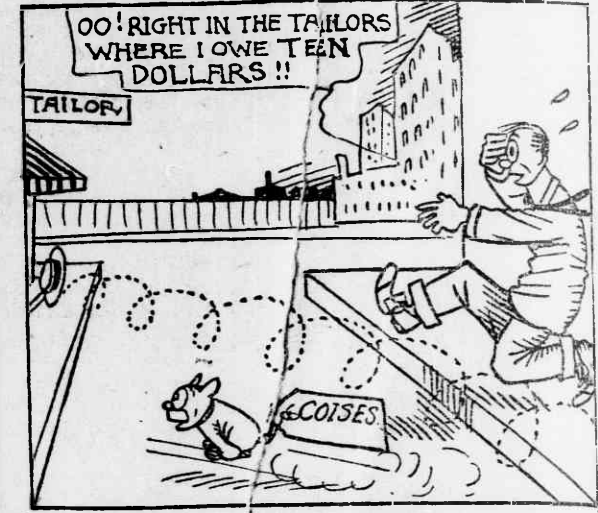

"Hays is the best in the world. Think of it, three hits!"

If they would grab a few others, that all-world team would be a boosting good advertisement for Anderson!

Charlote objects to having the charge flung at her management that a chap by the name of Aaronson ever played with the Hornets. What's in a name? That Hebrew is an outfielder and we doubt if Cross has anything in that chap's class.—Winston Salem Sentinel.

## Use Mud Turtles To Coax Rain

By Associated Press.  
Wetumka, Okla., July 13.—Creek Indians in this vicinity are resorting to ancient tribal customs in an attempt to obtain a rainfall.

One of their customs which has been widely followed in the last week, is to stake mud turtles on the edge of a stream just far enough away from the water so that it cannot reach it. It is the Indians' belief that the turtle, despairing of their attempts to reach the water, invoke the aid of the "Great Spirit" to send rain so that the stream will be raised and brought to them.

Since the turtles were first staked out several rains have fallen. The Indians believe their prayers are being answered and they are fastening up more turtles to pray for a still greater rainfall.

## HEARING CASE OF SPECIAL MASTER

Special to The News.  
Asheville, N. C., July 12.—Callan Roberts, who was recently appointed special master by Judge Pritchard in the case of Mamie Lindsay, administratrix, of P. A. Thomas vs. W. J. Thomas is today hearing evidence in the case which involves the settlement of the estate of P. A. Thomas. The plaintiff is represented by Jones & Jones and the defendant by H. B. Carlisle, of Spartanburg.

P. A. Thomas, who had married Lizzie Pressley, of this county, was killed about two years after marriage on the railroad. His father took out letters of administration and made a contract with the widow by which he was to pay her 10 per cent of the amount he might recover from the railroad. He received \$2,500 from the railroad company and the family of the widow who is now dead is suing to recover the money on account of her mental condition and on the ground that the contract was obtained through fraud.

## Thomasville To Have Station

Special to The News.  
Atlanta, Ga., July 13.—The Southern railway will erect a modern, pressed brick, tiled roof passenger station at Thomasville, N. C., the contracts for the construction of the building having been awarded to W. B. Barrow, of Raleigh, N. C., and the steam heating work to the American Machine and Manufacturing Company, at Charlotte, N. C.

The building will be 20 feet, 4 inches wide by 101 feet, 4 inches long with white waiting room 18x31 feet, colored waiting room 18x20 feet, baggage room 18x21 feet, ticket office 10 x12 feet, and telegraph office 12x12 feet.

The new building will be steam heated and equipped with sanitary toilet rooms. The improvement includes the construction of passenger platforms around the building.

To Probe Ice Company.  
By Associated Press.  
New York, July 13.—The district attorney and the city police today began investigations of the Knickerbocker Ice Company, which does by far the largest ice business here. The charge is that the so-called ice trust has withheld ice from independent dealers during the recent prolonged hot weather, in other words conducted its business in restraint of trade.

Ice riots in the tenement districts where during some of the hottest days the poor found it almost impossible to buy even the smallest quantities of ice desired for their humble needs, has attracted attention to the situation and spurred the authorities to quick action.

## Reform Atlanta Police Force

Atlanta, July 13.—In response to the piteous but at the same time dignified appeal of the respectable colored people of Atlanta, and in response to the complaint of many white citizens whose homes have been robbed, a city-wide agitation has been begun for the reform of the Atlanta city police department which, it is declared, is the poorest and most utterly inefficient with which any American city has ever been afflicted.

A cleaning out of the department is advocated not only by commission government adherents, but by many in the opposite camp. Murders have multiplied and crime has increased alarmingly for months past, while the police, seemingly weaker and weaker, or lazier and lazier, as some people charge, has done practically nothing, answering all criticisms by the phrase "We are doing the best we can."
