SENSATIONS SPRUNG IN LORIMER CASE

Washington, July 22.—New York Central influence cropped out in the Lorimer investigation today and the name of W. C. Brown, president of that road, was brought in as one of the men approached by Hines, who "put Lorimer over" to bring influence to bear in favor of Lorimer when his seat was in peril at the last session of congress. Senator Elihu Root's name also cropped out, though Root was one of the men who voted against the retention of Lorimer.

The committee was only in session a short time, adjournment being taken to permit the members to vote on the reciprocity question.

Hines was recalled to the witness stand by his counsel, Attorney Haney to explain a certain telegram presented to the committee yesterday.

The telegram was sent from Chicago by C. F. Wiche, secretary of the Edward Hines Lumber Company, to Hines in New York, February 17, 1911, Attorney Marble, representing the committee, was curious to know why Hines was in New York.

Hines said he went to see some men. He didn't want to disclose their names, but finally mentioned that he saw President Brown, who had known Lorimer for twenty years. Then Hines admitted that he suggested to Brown it would be a nice thing if he talked to the senators, such of them as he knew, about the excellence of Lirorim as a senator.

Chicago Attorney Will Locate In Charlotte

Mr. John B. Dandridge, a prominent attorney of Chicago, is in the city visiting his brother, Mr. S. W. Dandridge. He visited in Charlotte some months ago and was so favorably impressed with Charlotte and the surrounding country that he has decided to locate here and will become a member of the S. W. Dandridge Real Estate and Insurance Company.

Mr. Dandridge is a native of Tennessee, but has been practicing law in Chicago for 15 years. He will probably not join the local company in an active capacity before autumn and will spend a part of the interim in West Texas, where he will dispose of some Texas real estate in order to invest in Charlotte real estate.

QUEEN TO BECOME MOTHER. Madrid, July 22.—It is officially announced that the stork is expected to pay another visit to Queen Victoria about December 15.

MAN CHARGED WITH GOBEL MURDER DEAD

Morganton, Ky., July 22.—Harlan Whitaker, aged 51, arrested in 1900 and tried for complicity in the assassination of Senator William Gobel, was found dead in a cornfield eight miles southwest of here today. He was lying face downward, the condition of the body indicating he had died some hours before. Heart disease was the cause of his death.

The rumor that Whitaker had been assassinated caused a considerable stir throughout Butler county before the true facts surrounding his death became known. Senator Gobel, when assassinated was a democratic aspirant for the governorship. Whitaker's trial resulted in his being released from prison after a few years, but it is thought his incarceration undermined his health. He was one of the first of the so-called "mountain men" to be arrested in connection with the crime.

L. S. ROCHELLE GOT SENTENCE OF SIX MONTHS

Durham, July 22.—L. S. Rochelle, father-in-law of B. L. Duke, the millionaire American Tobacco Company magnate, was this afternoon sentenced to a term of six months in the Durham county prison for violating the North Carolina prohibition law by retailing whiskey.

Rochelle claimed to be conducting a feed and grocery store, but a raid of the place by the police disclosed the presence of several hundred gallons of whiskey. Every effort was made to have the sentence changed to a fine, which the defendants son-in-law would have paid but the judge refused and Rochelle was sentenced along with a number of negro tiger proprietors.

Lewis Says P. O. Officials Had Conspired to Hurt Him

Washington, July 22.—Postmaster General Hitchcock was called upon today by the house committee on postal expenditures to submit original copies of all records and stenographic notes bearing on the controversy between the department and the Lewis Publishing Company of University City. E. G. Lewis, president of the company, declared today that post-office officials had plotted to injure his business.

INSANE MAN SHOT PEOPLE ON OPEN CAR

Adams, Mass., July 22.—A young woman and a man were shot and instantly killed, five more women were dangerously wounded and many more men, women and children who filled a big open electric car, were terrorized this afternoon by Pablo Palloa, an insane mill worker who poured ten shots into the helpless passengers, while the car raced along at a thirty mile speed.

The tragedy took place between this city and North Adams. The dead are: MISS MARTHA ESLER, 22 years old, a mill worker of Adams. G. E. HOYT, motorman, 44 years old, of Pittsfield.

The wounded: Mrs. F. L. A. Hall, shot through the right shoulder. Miss Selina Esler, a sister of the young woman who was killed, shot in the right leg. Mrs. Alice Bryant, of Cheshire, Shea, a school teacher, shot in the head. Miss Catherine Shea, a school teacher, shot in the head. Miss Victoria Sovie, of Adams, shot in the left leg.

INDICATIONS POINT TO A DEAD LOCK

Washington, July 22.—Indications tonight point to a deadlock on wool revision, which now takes legislative precedence. The I. N. S. correspondent is informed that an informal conference of senate democrats was held at which eighteen senators agreed to stand firmly for the wool schedule which passed the House.

A vote is to be taken on this schedule next Thursday. Its defeat is certain. It has been the hope of the democrats and insurgents, however, that they would be able to get together on a compromise that could be sent to conference. These eighteen senators, however, it is understood, will decline any compromise and will insist upon acceptance of the Underwood schedule. In this event a deadlock will ensue which will defer all further tariff legislation until the regular session, which meets in December.

McCoy and Lieb could not come to an understanding about who was boss of that thing so McCoy got mad and left the diamond—at the suggestion of his honor.

Building Permits Issued Yesterday

Closing the week's list of building permits are the following: Mr. D. H. Anderson is to build an addition to the building occupied by the Ben-Vonde Co., 14 feet wide and 40 feet long, and two stories. Cost \$1,000. Overcash & Propst are the contractors. The 4C's will erect two dwellings on Worthington avenue, Dilworth. Mr. R. M. Usher is the contractor. The cost of each house will be \$2,500.

Mr. A. F. Mosteller will build a \$700 addition to his house on East Fourth street. Mr. H. E. Garrison is the builder.

CHIP DIAMONDS.

Four for the week's meanderings.

Three from Greensboro was the surprise of the week.

Leibrich was off on balls and strikes in a glaring manner.

Ginger was still lacking and the affair was far from the standard set by the Hornets in the first part of the week.

Hankie pitched a wonderful game and did not allow the visitors to reach second but twice.

He allowed only four hits and no two came in the same inning.

The errors of his team-mates got him in bad to start out with and he worked at a disadvantage throughout the game.

Big, loose jointed Childers laid up again' one of Hankie's twisters that sailed to the far corner of the lot and looked good for a count, but the fast work of McMillan kept the lumbering citizen on second.

Swindell swallowed another dose of the medicine that the Hornets handed to him on his last appearance here, yesterday in Greensboro.

What do you know of Greensboro routing that Twindell bunch three times in the same place?

The days of miracles are still in vogue.

Maybe the vacation of Goughin had something to do with it.

DENIES BREAKING A SKULL.

Pottsville, Pa., July 22.—William Devlin, a hotel keeper of Cumbola, is in jail here, charged with being responsible for the death of Simon Zipkus, who died at the Pottsville Hospital Wednesday night. It is charged that Zipkus and a party of friends refused to pay for a round of drinks, and Devlin threw them out with such force as to break Zipkus' skull. Devlin denies his part in the affair. Zipkus claims the dead man crushed his skull accidentally by falling.

Mile of Interurban Track is Finished

The close of the week found one mile of interurban track completed beyond Hoskins. It is thought that by the end of this week a two-mile stretch will have been completed. The track from Hoskins, westward and riverward, is a single track. The Seaboard locomotive, which as noted Friday, was brought into play that day hauling material over the connecting line between the interurban and the Seaboard line, was a material help as the material was delivered to the track laying force with no delay.

RETURNED FROM THE BEACH

Mr. and Mrs. W. L. Bruns and children have just returned from Wrightsville Beach where they have been spending two weeks.

GOES TO MOUNTAINS NEXT.

Mr. J. C. Burroughs is looking splendidly since his return from Wrightsville where he spent five weeks at the Oceanic hotel. He says the hotel is well kept by Mr. Charles E. Hooper.

The next trip Mr. Burroughs will make will be to Montreat.

Where There

(Continued from page one.)

"It would also be the best thing for Louisiana," he said. "The planters down there are antiquated, use ancient methods and machinery and are not scientific farmers. The reduction in the tariff would wake them up and modernize them like it did Hawaii."

Mr. Spreckles said that the refiners and planters, both beet and cane sugar in this country would compete with the world without a tariff.

Wind Up Affairs of Croggy Company

Special to The News.

Asheville, July 22.—In the circuit court of the United States for the western district of North Carolina, Judge James E. Boyd has made allowances to the attorneys and others who have been engaged in winding up the affairs of the Graggy Lumber Company, bankrupt, the property of which was sold by order of the court several weeks ago. Judge Boyd heard discussion concerning these allowances Wednesday. The allowances are somewhat larger than those recommended by Referee in Bankruptcy Thomas Merrimon & Merrimon, \$300; Mark W. Brown, \$300; Adams & Adams, \$250; Bourne, Parker & Morrison, \$200; W. D. Turner, of Statesville, special master, \$275; F. W. Thomas, as special master, \$100; S. F. Chapman, receiver, \$150; Erwin Sluder, receiver, \$150; as trustee, D. S. Hildebrand affairs of the bankruptcy were wound up there remained in the hands of the trustee for expenses and allowances the sum of about \$5,000.

Chief Christenbury Sick.

Chief of Police T. M. Christenbury is ill at his home, No. 1005 North Church street. He has been unwell for some time with jaundice and is confined to bed. Desk Sergeants Scullion and Barnhardt are in charge at the station during the chief's absence, the former in daytime, the latter at night.

The premium list of the Mecklenburg Fair Association has been issued. The dates of the fair will be October 24, 25, 26 and 27. The books can be found at the drug stores, fire stations and grocery stores.

Picnic Called Off.

The picnic which the Woodmen of the World intended having on August 1st, has been called off, says Mr. J. K. Alexander.

THE WEATHER

Washington, July 22.—Forecast for Sunday and Monday: North Carolina, probably fair Sunday and Monday. South Carolina, fair Sunday and Monday, except probably showers in extreme southern portion.

Tax Assessments In Caldwell

Special to The News.

Lenoir, July 22.—The tax assessors of this county have just completed their work and the total valuation of taxable property, real and personal in Caldwell county has been assessed at \$3,558,918, an increase over the assessment for 1910 of 18 per cent. At the increased assessment it is hoped by the county commissioners that the tax levy for the county can be reduced this year. The county is about out of debt, as there is only an indebtedness of about \$6,000 outstanding at present and it will take about this amount to run the county until the taxes for 1911 have been collected, making an indebtedness of about \$10,000. At the present rate, in another year the county will be practically out of debt.
