Death of Mrs. Thompson of Paw Creek

Estimated Woman of the County Passed Away at Her Home Yesterday After Long Illness—Funeral This Morning at Williams Chapel.

Mrs. Mary E. Thompson died yesterday at her home in Paw Creek township as a result of typhoid fever complicated with a stomach trouble of long standing...

Mrs. Thompson is survived by the following children: Mrs. Nellie McClinton, of Salisbury; Mrs. Maggie McClinton, of Paw Creek; Mr. Robt. Thompson, of Columbia, S. C.; and Mr. Adam Thompson, of the county.

The funeral was conducted from Williams Memorial church this morning at 11 o'clock by the pastor.

Policeman Eskridge Able to Be Out Again

Special Policeman J. R. Eskridge, who has been in the Presbyterian hospital nearly three weeks as the result of a pistol wound received from a negro on an excursion from Catawba to Charlotte, has sufficiently improved to be on the streets again...

ITCHING IRRITATION.

Worst Form of Skin Trouble Quickly Cured by Inexpensive Treatment.

When you suffer with any skin trouble even though the itching seems unbearable, do not think that it is necessary to use some disgusting greasy ointment. Try Hokara, a pure and simple skin food that is guaranteed to contain no grease or acids...

Not only are minor skin troubles like pimples, blackheads, acne, barber's itch, etc., quickly cured but the worst ulcers or cases of salt rheum or eczema are cleansed and healed by this wonderful skin food.

In order that any one may try Hokara at small expense R. H. Jordan & Co. are selling a liberal sized jar at 25c and in addition guarantee to refund the money if the treatment does not do all that is claimed for it.

Southern To Have Connecting Track

In order to facilitate the handling of freight trains into and out of Charlotte, the Southern Railway is constructing a connection track between the Winston-Salem division main line and the north end of the freight yard at Air Line Junction.

This improvement will greatly reduce the mileage made by the Winston-Salem division freight trains into and out of the Air Line Junction yard as well as the switching service in the Charlotte yard...

At present Winston-Salem division trains enter Charlotte near the passenger station and are then handled by switch engine about one and a half miles to Air Line Junction yard.

The old or present connection will be maintained for use of Winston-Salem division passenger trains into and out of Charlotte. The work of building the track will be pushed to completion as fast as possible.

Humane Society Thinks of Animals

The Charlotte Humane Association urges the public not to neglect watering their livestock, and also smaller animals, chickens, etc., during the present water famine.

Through the kindness of Mr. Probert of the Y. M. C. A., who stands ever ready to serve the needs of the public, water is being given free of charge to animals from the well of the Y. M. C. A.

People in the out-lying districts of the city who have wells, are asked to place tubs of water in an accessible place, for passing animals, during the next few days, and in this way alleviate much suffering.

Acme Co. Hauling Water For Work

The Acme Plumbing Company, rather than suspend operations, is hauling water to complete its contract with the city for paving East Fifth street to College and College street to East Trade, verifying the adage that where there is the will there is the way.

Old Guard is Dead.

By Associated Press. Washington, July 29.—Martin O'Brien, for 18 years one of the guards at the White House and for the last ten years known as the president's body guard, being stationed on the second floor of the executive mansion just outside of the president's suite, died here last night of heart failure.

Charlotte The Distributing Point

A special representative of the Studebaker Corporation of Detroit, Mich., Mr. Lafayette Markle, spent yesterday in Charlotte conferring with Mr. Armistead Burwell, Jr., local agent for the E. M. F. and Flanders machines, which are made by the Studebaker Company.

Heretofore the nearest distributing point to Charlotte has been Washington, D. C., and as the Studebaker machines have been popular in this section, buyers have experienced some delay in getting their orders filled.

Oppose Protective Committees.

By Associated Press. St. Louis, July 29.—The organization in New York by holders of bonds and preferred stock of the American Tobacco Company of protective committees is opposed by certain St. Louis representatives of the tobacco company.

"I am satisfied the so-called protective committee has no authority from the board of directors. It may be they are planning to oppose the plan of reorganization which the officers are working on for submission to the federal court."

Speaker and Interpreter.

Charlie Shukers, the new member of the state board of control, addressed the students of the deaf and dumb school at Olathe the other day. The interpreter didn't treat Shukers as he did Henry J. Allen, a former member of the board, when he made a speech.

"Yes, they enjoyed it very much," replied the interpreter.

"But I wish you would explain why they frequently applauded at inopportune times," said Henry.

"That's easy," replied the interpreter. "You made one speech and I delivered them another."

A Significant Notice.

Richard Croker, the day of his departure for his Irish home, said to a New York reporter, according to the Washington Star:

"It is the desire for freedom that sends so many Americans and so many millions of dollars abroad every June. The Puritanical laws of America enslave us. These laws, with their total misconception of freedom and of enjoyment, are well exemplified in a notice board I once saw in a New England park. This board said:

"Pleasure Grounds. Notice—These grounds are for pleasure only. No games or play allowed."

The Peril Proven.

The Oriental peril is a real peril, but it menaces our national honor in an unexpected way.

Already the Japs have crossed the sea, disembarked on the Pacific coast and marched inland as far as Salt Lake City; already they have fought a battle and won a victory.

The baseball nine of Waseda University walloped the team of the University of Utah—6 to 4.—Boston Globe.

A Deduction.

"Say, Pa., said little Johnny, after an hour or two of deep reflection, 'if I put a lemon and some sugar in a pill o' water would that be lemonade?'"

"Yes, my son, yes—of course it would," replied Mr. Squiggles from behind his newspaper.

"Well, then," continued Johnny, edging toward the door, "if that's the case, I suppose if I put a piece of artillery and some gunpowder in a barrel of water it would be a cannonade, wouldn't it?"—Harper's Weekly.

The Bond Question, Fellow Citizens

is of vast moment, but if you neglect your household; if you permit Susan and innocent little Dorothy, who meet "Daddy" with kisses and caresses, the elixir of life, if you allow these sources of your joy and happiness to suffer, to shed one unnecessary tear, to live in daily fear of your sickness or death whereby they would be thrown upon the cold charity of the world; then it makes but little difference to you whether we have water, streets, school houses or auditorium.
