## FOR THE WOMAN OF FASHION

### The New Simple Dress.

—It's new.  
—And it's simple.  
—It's a "slip-on."  
—There are no hooks and eyes.  
—There are no buttons and button-holes.  
—It is just slipped on in a jiffy over the head.  
—If this makes it too low, a little gumpie may bring it higher.  
—The fullness around the waist is caught in by a sash, or a cord.  
—Talk about simplicity. We may yet come to twisting a scarf jauntily about us when we dress.

### NEW HAIR BUCKLE.

The question of what is the correct ornament to wear in the present style of coiffure is day by day becoming more and more perplexing.  
The choice has certainly never been more varied than it is at the present moment. Everything from ribbon and tulle bands to whole caps made of pearls, of semi-precious stones, of a lattice-work of gold or silver cord or lace effects, skillfully made of ribbon flowers, are to be bought on all sides. One shop is scoring a success by the display of some particularly beautiful Juliet caps, made of iridescent beads, which are very effective, and which have the merit of being far from expensive.  
Other popular ornaments are big tortoise-shell butterflies, which are worn as a slide, the hair being threaded through the wings under the body. Large carved tortoise-shell buckles are also very smart when worn with a band of hair passed over the middle bar. These buckles are being used for day and evening wear.

### NEW SUEDE MILLINERY.

Perhaps the most popular form of millinery for traveling and outing purposes are those smart little round hats of suede.  
They are simply trimmed with a strap and buckle, which are fashioned in colored suede in such colors as cinnamon, champagne, cerise, royal blue, myrtle green, mole gray, saxe blue, purple or other varying shades. Being very soft, they are ideal for motoring and can be worn with serge or cotton frocks for country use.  
Several women have bought them to wear with white linen and serge frocks, adopting the idea of wearing suede shoes to match, and carrying on en tout cas a like color finished with a suede-covered handle.—Philadelphia Record.

### MR. AND MRS. BRYANT HAVING FINE TRIP.

Mr. and Mrs. C. B. Bryant are having a delightful trip through the west. Their first stop was in Cincinnati, where they spent a day. From there they went to Chicago, then to St. Paul, and from there to Yellowstone Park, stopping at the Hot Springs Hotel. They reached the park August 2, and start on their trip through that wonderful place the following day. The altitude is very nearly 8,000 feet. The hotel where they are stopping is steam heated and winter clothes are in order.

### PLEASURE TRIP NORTH.

Mr. and Mrs. Paul R. Rhodes and son, Master George Nicholson Rhodes, have gone North on an extensive trip. They will stop in New York, Troy and Saratoga, returning home about the first of September.

### LITTLE FOLKS AT KANUGA.

The little folks at Kanuga are having their share of fun. Amongst the pleasures of last week was the following, noted in the Daily Herald, of Hendersonville:  
"Mr. John M. Scott, of Charlotte, tendered the children at Kanuga, a tacky party on Saturday night in honor of Miss Annie Tallaferro. The little folks dressed in all sorts of ridiculous costumes, assembled in the ball room, where a mock wedding reception was held for the imaginary bride and groom, Miss Tallaferro and Mr. Neil Overmyer. The bride carried a large carrot bouquet and her bridesmaids, Misses Cecilia McKenzie, Ellen White and Mary Rogers Gibbon, carried cabbages. The groom wore the conventional black with adornments of all sorts and colors, and each performed the part assigned in a very creditable manner. After the wedding reception, the grand march took place and then the Virginia reel was danced, in which Mr. Scott and a number of town folk entered, much to the amusement of the little folks. At 9 o'clock Mr. Scott invited the crowd to the large dining room, where an abundance of ice cream and cake gratified the childish appetite. All are loud in their praise of Mr. Scott and are looking forward to another like function to be given soon. Among those present were Marion Robertson, Jenks Robertson, William Reede, Mayo Reede, Virginia Campbell, Virginia Ryder, Ellen White, Elizabeth White, Sidney White, Maude White, Annie Tallaferro, Julia Scott, Calvine Scott, Howard Conway, Clark Smith, Cecilia McKenzie, Mary McKenzie, Virginia McKenzie, Margaret Smith, Corine Gibbon, Mary Rogers Gibbon, Louise Gibbons, and others.

C., the superb decorations and the finest dancing floor in the state.

Alexander, one of the socially prominent and certainly entirely charming ladies of Charlotte, and by Mrs. Moise DeLeon, of Atlanta, well known in the upper circles of the "Gait City."

Among the out-of-town guests at the ball were the following: Mrs. Marion Coles, Jacksonville; Mrs. John Ceates, Jr., Columbia; Miss Minta Jones, Charlotte; Miss Felicia Chisholm, Charleston; Miss Bayne, Winston-Salem; the Misses LaPlace, New Orleans; Mrs. Burke, Jacksonville, Fla.; Miss Amy Fitzsimmons, Charlotte; Mr. and Mrs. D. ## \$15 For Assault With A Pistol

Chief Engineer of Standard Ice & Fuel Co. Pays That Amount for Assault on Reese Brown, Colored Employee—J. James was not Jesse James.

Mr. W. P. Hegeden, chief engineer at the Standard Ice & Fuel Company, was fined \$15 and the costs this morning for assault on Reese Brown, a colored employe of the company, early Saturday morning. The negro had been paid off and told by Mr. Hegeden to leave the premises because he was interfering with the work of the other hands. The negro threw two pieces of iron at Mr. Hegeden and the latter shot twice to frighten the negro, both ball striking the wall some distance from him. He told the negro he would shoot next time to hit, but about that time several other negroes led Brown away.

J. James, a young white man, figured in court this morning. It was not stated whether he was related to a family of the same name who used to raise considerable sand, or worse, in and around Jackson county, Mo.; but the question suggested itself when the defendant was charged with carrying a pistol and firing it within the city limits. The defendant, however, little resemblance of the accredited likeness of the aforementioned Missouri and was decidedly docile in appearance. He stated further that he did not habitually carry pistols and "just happened to be" carrying one when he pulled out his handkerchief. This caused the pistol to fall out of his pocket onto the pavement, causing it to explode. He was fined \$20 for carrying concealed weapons and the costs for firing a pistol within the city limits.

### Wrong House.

"Say, boss, I worked off some of that cold-storage butter today," said the new clerk, with an air of one who expected a compliment.

"Indeed? Well, that's good? Who drew the prize?" said the pleased grocer, for it was getting to be a difficult thing to do.

"Why, I sent it to Mrs. Hash around on Broad street."

"Oh, thunder guns!" exclaimed the grocer, his tone changed and his face drawn in a pucker. "Why, you blam-ed idiot, I board at that woman's house!"

## CHARLOTTEANS IN SERIOUS AUTO ACCIDENT

News today from Mrs. Fred White and Mrs. T. B. Whitted, who were painfully hurt in an auto accident which occurred Saturday afternoon on the Asheville road near Hendersonville, was to the effect that both were resting comfortably. The news of the accident created keen interest and concern in Charlotte for both Mrs. White and Mrs. Whitted are prominent socially and beloved. That they were not more seriously hurt was almost a miracle. The Daily Herald, of Hendersonville, gives the following account of the accident:

"A serious accident occurred on the Asheville road this (Saturday) morning when an automobile containing five passengers, guests of Kanuga Lake Club, turned turtle on the side of the road just beyond the Mud Creek bridge near Hillgirt, and pinned two of the passengers under the car until assistance arrived. Two of the ladies in the car were seriously hurt. Had there not been a ditch under the overturned car with all probabilities there would have been several lives lost.

"The powerful White steamer car driven by Mr. Fred H. White, of Charlotte containing five passengers including Mrs. White, Mr. and Mrs. J. B. Whitted, of Charlotte, and Mrs. S. H. Norcombe, of Columbia, was turned completely over. Mrs. Norcombe jumped just before the accident and was not hurt. Mrs. White received a broken collar bone and other bruises. Mrs. Whitted was seriously hurt. The two gentlemen were not injured except for a sprained foot of Mr. White.

"The cause of the accident is said to have been on account of the skidding of the heavily weighted car upon the newly built road. The car had just gone over the Mud Creek bridge and while running on the side of the road jilted to one side and turtled. Lucky for the passengers that there was a ditch about three feet deep over which the car fell, leaving open space for the passengers to get out. Two of the passengers were caught under the car and could not be removed until assistance arrived.

"The first to find the unfortunate ones was a party of ladies in a car belonging to Mr. T. D. Maybanks, of Alabama, who is a guest with his family at the Kentucky home. The only man in this car was the colored chauffeur, William Ramsey, who immediately rendered valuable assistance to the injured persons and aided in dragging from under the car those who were caught fast.

"The passengers of the wrecked car were put in Mr. Maybanks car and brought to Kanuga Club as fast as the 70 horse power National could travel and there they received all possible medical attention.

"A telephone message received from Kanuga just before going to press stated that the injured parties were resting well.

Mrs. White had been recently recovered from a spell of sickness, and had gone to Kanuga to recuperate.

Mr. White and Mr. Whitted compose the well known firm of Whitted & White, of this city.

Later—News just received from Kanuga states that Mrs. Whitted is able to be up, but that Mrs. White is confined to her room. Mrs. Whitted's shoulder was sprained.

Mrs. White's arm was broken, and her nervous system sustained a great shock. The accident occurred at 11 o'clock Saturday morning.

Proof.  
"Estheticism is a relative term, don't you think?"  
"Oh, yes. In the middle ages taking a bath was considered highly esthetic."  
"Does your heart tell you that she is the only girl in the world for you?"  
"I can't answer for my heart, but all my creditors seem to think so."
