

The Capital City News Department

Special to The News. Raleigh, N. C., Sept. 2.—Arthur Williams, the Dare county man under sentence to one year in the penitentiary for seduction under promise of marriage, escapes the service of sentence and obtains from Governor Kitchen a pardon conditioned on his paying the girl he wronged \$500 and paying all the costs in the case. Furthermore, he must hereafter be of good behavior. He was 17 years old when the offense was committed and has since married another young woman. His father is a highly esteemed Dare county farmer and he put up a hard fight to save his son from the service of sentence. The Williams case was argued before the supreme court Tuesday and without waiting for decree of the court on the appeal, counsel carried their appeal to the governor for the pardon which was recommended by eleven of the jurors and a large number of citizens. Now the governor grants the pardon and this will suspend the proceedings in the supreme court. The young man is pledged to good behavior under the terms of the pardon. Governor Kitchen went Friday to Mount Pleasant, Nash county, to deliver an address for a big Confederate Veteran's picnic held there today. He will be in the executive office again Saturday.

Lenox Schools Will Open Soon

Special to The News. Raleigh, Sept. 2.—The Lenox public schools will open next Monday morning, September 4th, under the new superintendency of Prof. E. C. Ruffin, who was principal of Rich Square High School last year, but formerly of Whitakers, N. C. Prof. Ruffin comes to Lenox highly recommended as a school man and during his short stay among the people here has made many substantial friends. He is an A. B. graduate of the University of North Carolina and for the past three summers has attended the summer schools at Columbia University, fitting himself for his chosen profession. Gov. W. W. Kitchen has been invited to be present at the opening of the school and deliver an address on that occasion, but it is feared he will not have the time to accept the invitation. Today the teachers will meet at the school building to discuss various plans and methods for the year's work before them. Since the close of school in May there have been two new sanitary drinking fountains installed at the front door of the building.

PIMPLES ON FACE CAUSED GREAT DISFIGUREMENT

For Three Long Years, Suffered Great Deal. Cuticura Soap and Ointment Brought Marvelous Results. In Few Weeks Cured Completely.

"I was troubled with acne for three long years. My face was the only part affected, but it caused great disfigurement, also suffering and loss of sleep. At first there appeared red, hard pimples which later contained white matter. I suffered a great deal caused by the itching. I was in a state of perplexity when walking the streets or anywhere before the public. I used Remedies but they failed completely. I thought of giving up when nothing would help, but something told me to try the Cuticura Soap and Ointment. I sent for a Cuticura Soap and Ointment. Then I bought some Cuticura Soap and Ointment and by following the directions I was cured in a few days. I used Cuticura Soap for washing my face and applied the Cuticura Ointment morning and evening. This treatment brought marvelous results to me. I continued with it for a few weeks and was cured completely. I truly say that the Cuticura Remedies are not only all, but more than they claim to be." (Signed) G. Baumel, 1015 W. 20th Place, Chicago, Ill., May 1911.

For more than a generation Cuticura Remedies have afforded the most economical treatment for affections of the skin and scalp. A cake of Cuticura Soap (50c.) and a tin of Cuticura Ointment (50c.) are often sufficient. Although sold throughout the world, a liberal sample of each, with 25p. book on the skin, will be sent on application to Potter Drug & Chem. Corp., Dept. 28A, Boston.

Curious Fish Captured

Special to The News. Wilmington, Sept. 2.—Something of a curiosity in the fish line has been captured at Wrightsville beach. The fish or animal, which ever name it should be called, by its known as the sea horse. It bears a remarkable likeness to the horse in certain respects. The head particularly resembles that of a horse, having all the features of that faithful animal. The capture also has a deep broad breast like that of a horse with a curved back to correspond.

A man, woman and little child arrived in the city yesterday from Charlotte and upon their arrival here were immediately accosted by a police officer and warned not to indulge in the slick begging game they recently perpetrated in Charlotte. The ingenious manner in which they enlisted sympathy, and gathered in the charitable shekles was reported to the local police by the Queen City authorities, and their work here was stopped ere it was begun. It appears that they have a game of letting the woman take the poorly clothed and unhealthy looking baby and places of business and arouse sufficient sympathy by a tale of woe, to make an excellent living. It is not thought, that under the circumstances, they will remain here long.

Once in Forty Years. After a period of 40 years of absolute sobriety, William Doar, an aged colored man, was hauled into the recorder's court yesterday for being gloriously and hilariously drunk. In view of his past record the recorder suspended judgment.

Alleged Illicit Boozer. Mr. N. E. Gallagher, a white man of this city, was arrested here yesterday by Deputy Marshal Knox, under a warrant charging complicity in the illicit whiskey distillery affair, in which Mr. R. W. Roberts was arrested several days ago. The federal authorities are swooping things up down in this neck of the woods and will have several cases of alleged violations of the U. S. revenue laws to be heard at the next term of the U. S. district court.

THE HILLS Joy dwells amid the morning hills. Why must we seek the dreary plain To plod beneath the burning sun? Toward the far reaches of the main? Fair hills of youth, dear, happy hills, Oh, to be with you once again And not thus journeying on and on Toward the inevitable main! —Clifton Scollard.

S.S.S. NO HARMFUL MINERALS PURELY VEGETABLE. S.S.S. is the only remedy that can be used with perfect safety in the treatment of Contagious Blood Poison, and with the assurance that a lasting cure will result. There are certain mineral medicines which will temporarily remove the external symptoms of Contagious Blood Poison, but when the treatment is left off the disease always returns in worse form, and the delicate tissues of the stomach and bowels are usually injured by these strong minerals. S.S.S., made entirely of non-injurious roots, herbs and barks of recognized curative and tonic value, removes every particle of the virus from the circulation, and by enriching and strengthening the blood, cures the disease permanently. S.S.S. does not hide or cover up the symptoms, but removes them by first eliminating the cause. Home Treatment Book and any medical advice free. S.S.S. is sold at drug stores. Wasted. "It cost him \$10,000 a year to live," said Mr. Jones, referring to an acquaintance, and his companion, according to a writer in Life, asks, "Why does he spend his money so foolishly?" A Wise Boss "What are you taking vacation so early for?" "Well, you see, the baseball team will be out of town for a month now, and I want to be sure that my employees are looking after the business while I'm away."
