

After Brief Time

Continued from Page One.

McEvoy's bar, drinking beer "on either Wednesday, Thursday or Friday night before the murder.

On cross-examination the witness was asked if it was not Saturday night but he said he didn't work that night. John Britton corroborated McEvoy's testimony declaring he saw Paul and Henry at the bar on Thursday night before the murder. He said he thought they had a machine outside and came between 8 and 9 o'clock.

Counsel for the prosecution at 11:15 o'clock asked for ten minutes adjournment to arrange for the bringing of some witnesses.

Other Witnesses. By previous arrangement the defense was permitted to bring in the testimony of John D. Blair, when it could be gotten and the witness appeared after the interruption of 10 minutes asked by the prosecution. Blair was one of the boys who came from a dance at Bon Air on the night of the murder. He corroborated Kestler's testimony that it was he who took the boys saw with a woman on the running board of a machine that had stopped on the road.

James Rafter, a night watchman on Mayo's bridge, relieved by Paul Beattie at 7 o'clock every morning, testified that on the Sunday morning when E. H. Nebitt said he saw Paul with a gun in the cement house he saw no gun there.

"If it was there I would have seen the gun," said Rafter.

"Did you see Paul when he came to work?"

"Yes."

"Did he have a shotgun, or any other kind of gun?"

"No."

"The gun could have been hidden in the cement house, couldn't it?" asked Mr. Smith, on cross-examination.

"I suppose so."

E. J. Houchens, father-in-law of Paul Beattie, said he saw the later going to work on the Sunday morning in question and that he carried no gun.

W. H. Lewis said he was at the bridge on Sunday morning, saw E. H. Nebitt come and go during the whole time did not see Paul with any gun.

Nunnally Talks. Walter Nunnally said that while Nebitt was at the bridge Paul was not in the cement house where Nebitt alleged that he saw him handling a gun.

George D. Talley corroborated Nunnally's testimony.

Crowder Also. H. H. Crowder also declared he was at the bridge during the entire period while Nebitt stopped on the bridge and that Paul neither visited the cement house nor carried a shotgun.

Sharp Testifies. William Sharp testified that Nebitt did not know Paul Beattie when he saw him because a few days ago in the court house yard he had asked him to point out Paul to him.

Coroner Loving. Coroner J. G. Loving was next asked if he had a conversation on the Thursday after the murder with Henry Beattie in the presence of several detectives in which the prisoner is alleged to have denied that he sent Beulah Binford any money for furniture.

The defense objected. Prosecutor Wendenburg said his purpose was to impeach and discredit the veracity of the prisoner as he yesterday denied having the conversation in question.

Judge Watson declared the question collateral and ruled it out.

Dr. Loving then was asked if it was possible for a dead body such as Mrs. Beattie's to set up on a seat so that it would not fall down. The defense objected but the court ruled that the question was one of common knowledge and could not be settled any better by expert testimony. Coroner Loving was then excused.

Mrs. Nolan On. Mrs. F. B. Nolan, who lives next door to Paul Beattie, testified that she saw him come home with a machine with another man on the Thursday night before the murder. The porch of their home adjoins, she said, and Paul had her "good evening" when he entered the gate.

Luncheon at 1:10. Court recessed for luncheon at 1:10 just before Mr. Wendenburg announced that Mrs. Paul Beattie would be the next witness.

Beulah May Not Be Called. Asked whether Beulah Binford would be put on the stand Prosecutor Wendenburg, during the recess of court today said:

"We are well aware that Beulah and Henry have been in communication while she has been in jail and we hesitate to put her on the stand because we know she will try to help out the prisoner. If she denies the various things about which we would want her to testify she would no longer become our witness and we would not be able to cross-examine her. On the other hand the defense, on its direct examination of her in such event would be able practically to fashion her testimony to suit their case."

"Will she go on this stand at all, do you think?" he was asked.

"Certainly, we shall not ask her to testify unless our case appears desperately bad, when it is clear that she does not know what the intention of the defense is."

Mr. Wendenburg also declared that there was some chance that both the rebuttal by the prosecution and the sur-rebuttal by the defense would be concluded today.

The argument concerning instructions to the jury to be followed by the argument by the argument proper of counsel, he said, might begin tomorrow.

THE CAUSE OF ECZEMA

is germ life that burrows under and feeds on the skin. The way to cure ECZEMA is to remove the cause by washing away with a clean, penetrating liquid, the germ life and poisons that cause the trouble.

Facts About Motherhood

The experience of Motherhood is a trying one to most women and marks distinctly an epoch in their lives. Not one woman in a hundred is prepared or understands how to properly care for herself. Of course, nearly every woman nowadays has medical treatment at the time of child-birth, but many approach the experience with an organism unfitted for the trial of strength, and when the strain is over, her system has received a shock from which it is hard to recover.

Following right upon this comes the nervous strain of caring for the child, and a distinct change in the mother results.

There is nothing more charming than a happy and healthy mother of children, and indeed child-birth under right conditions need be no hazard to health or beauty. The unexplainable things that, with all the evidence of shattered nerves and broken health resulting from an unprepared condition, women will persist in going blindly to the trial.

It isn't as though the experience came upon them unawares. They have ample time in which to prepare, but they, for the most part, trust to chance and pay the penalty.

In many homes once childless there are now children because of the fact that Lydia E. Pinkham's Vegetable Compound makes women normal, healthy, and strong.

Any woman who would like special advice in regard to this matter is cordially invited to write to Mrs. Pinkham at Lynn, Mass. Her letter will be held in strict confidence.

Henry Rises Early. Chesterfield C. H., Va., Sept. 5.—Again today Henry Clay Beattie, Jr., indicted for the murder of his wife, rose with the dawn and leaning on the window of his cheerless cell studied carefully the typewritten record of his testimony at the coroner's inquest and prepared for a second day's struggle with the cross-examination of Prosecutor L. O. Wendenburg.

In an effort to conclude the trial as early as possible, Judge Watson, who announced that he was "anxious to bring the trial to a close," ordered court to convene at 9:30 o'clock instead of an hour later as usual. The cross-examination of the prisoner when dusk interrupted its progress yesterday had reached a point where Prosecutor Wendenburg had touched upon Henry's alleged intimacy with his cousin Paul before the murder, his relations with Beulah Binford as the supposed motive for the crime and the preliminary details of the homicide itself. Today the prosecutor was ready to renew his fusillade of questions upon that portion of the story of the accused which the latter claims to have told to various people immediately after he reached the Owen home in South Richmond with his dead wife.

"I think Beattie stood up well under the cross-examination of yesterday," said Harry M. Smith, Jr., one of the lawyers for the defendant, "and he has certainly made a good witness for himself."

The prosecution, taking an opposite view, is of the opinion that the accused admitted enough upon the witness stand yesterday to make it possible for them to introduce in rebuttal many new witnesses to controvert certain important points of his testimony.

Messrs. W. C. Dowd, Jr., Clyde Smith, Howard Huntley, Farris Smith, and Eugene Springer left this morning for Wake Forest to enter or re-enter college.

KILLED COMPANION OF A DAY'S HUNT. Wilmington, Sept. 5.—Another murder was committed last night at 8:30 o'clock near the city limits when Jim Wilson, colored, shot and killed Walter Henry, also colored. Wilson made his escape, but a search is being made for him both by city and county officers. The negroes were out hunting together during the day, returning early in the evening. They were playing with each other out in front of the house of one of the two when they became involved in a quarrel, ending in the killing of Henry.

Bad Taste in the Mouth. Dizziness, and a general "no account" feeling is a sure sign of a torpid liver. The remedy is Simmons Red Z Liver Regulator (The Powder Form).

It exercises its greatest restorative effect in the liver, yet it is effective in the stomach and bowels. Indigestion, constipation and their attendant evils disappear before its powerful, regulating influence. Try its wholesome purifying properties. It will give you a good appetite, sound digestion and make you feel well.

Sold by Dealers Price, Large Package, \$1.00 Ask for the genuine with the Red Z on the label. If you cannot get it, remit us, we will send it by mail, postpaid. Simmons Red Z Liver Regulator is also put up in liquid form for those who prefer it. Price \$1.00 per bottle. Look for the Red Z label.

Veterans to Meet in Council Room. The veterans will meet Saturday in the city council room, as they are temporarily in session. They will have an abiding place in the Modern Women's hall, over Hand's drug store. As they have not yet moved their belongings to this hall, they will meet in the council room.

Mr. Gresham To Enter Baptist Ministry. Mr. Richard Gresham, son of Mr. and Mrs. C. Gresham, formerly of Henderson, where he is now in charge of a church. Mr. Gresham has been spending the summer in the mountains. He decided to enter to the ministry of the Baptist church, giving up a position which he held as principal of a school, to do so. Mr. Gresham has many friends here who will be interested to hear of his change of career.

Mr. J. Robert Ross, son of Mr. J. C. H. Ross, of Fort Mill, S. C., returned today to Chapel Hill to begin his school year at the University.

STATISTICAL REPORT OF COUNTY SCHOOLS

One of the matters that came up for consideration at the regular meeting of the county board of education yesterday was the request from the county board of health, which met with the school board that the county physician be required to visit each school in the county once a year at least and report his findings to the board of education. His report will include a statement of the sanitary conditions of the schools and grounds and the general condition of the health of every student. He will retain a copy of his report of every school and will from these reports make an annual report on the health condition of the schools to the board of education.

Statistical Report. The annual statistical report of Supt. R. J. Cochran on school conditions was also made to the board. The financial report was not quite ready for submission, but will be ready in a few days.

The following are some of the facts found in the report: The total value of rural school property in the county for white schools is \$80,593; for colored, \$10,525. The number of rural school houses for whites in the county is 69, for blacks, 55. The number of schools built during the year were, for whites 7, for blacks 3. Total cost of new school buildings this year for whites, \$4,785; for blacks, \$1,250. Old houses repaired number 2 for whites and 2 for blacks. The number of rural school houses furnished with patent desks during the year were 46. The number furnished with home-made desks were 58; 23 for white schools and 23 for colored schools. There are 71 white school districts in the county and 53 colored districts. There are 26 white school districts having a school census of less than 60, and 15 colored districts having less than 25. There are 37 white districts having only 1 teacher, and 23 colored districts having two or more teachers. There are 35 white schools teaching high school subjects. There are 5 white schools and 40 colored schools where only the first four grades are taught. The average number of school days in all schools, counting each teacher a separate school, is 125 for whites and 84 for blacks. The average number of days in local tax districts is 150. The total number of libraries in rural schools is 35. The total number of libraries being used are 23. There were 4 new libraries established during the year. There are 27 special tax districts in the county, 2 having been established this year. The total rural school census for the county is 6,739; for the city it is 5,846, while the total city and county school census is 12,585. The rural enrollment is 5,613, while the rural average is 4,199. The number of male teachers employed in the rural schools is 22; females, 92. The first grade teachers employed in the county number 99, of whom 23 are male and 76 are female.

The rural census for colored schools is 5,450, while for city colored schools it is 3,242. The total rural enrollment for colored schools is 2,889.

As to Special Tax. Prof. R. J. Cochran and the board of education made the request that the school committees in the various special tax districts come to the county courthouse as soon as convenient and make personal examination of tax returns in their respective districts to see whether the special is properly levied on all who should pay it. Last year and years previous great discrepancies have existed between the amount of tax levied in certain districts and what should have been paid. These discrepancies have been noted in Steel Creek, Berryhill, Sharon and other townships.

Messrs. W. C. Dowd, Jr., Clyde Smith, Howard Huntley, Farris Smith, and Eugene Springer left this morning for Wake Forest to enter or re-enter college.

KILLED COMPANION OF A DAY'S HUNT. Wilmington, Sept. 5.—Another murder was committed last night at 8:30 o'clock near the city limits when Jim Wilson, colored, shot and killed Walter Henry, also colored. NEGRO AFFRAYISTS FINED \$50 EACH BY THE RECORDER

Two knife walders were fined \$50 each and the half the costs. These were Alexander Huey and John Crosby, and the affair, which they maintained to the very last was merely a friendly tussle between two friends, happened yesterday afternoon at the house of a colored woman named Gussie McKinney at the intersection of Palmer street and the railroad.

Officers Joe Orr and W. M. Pitts, of the police department, went to the scene in answer to a call and placed under arrest the occupant of the house, Gussie McKinney, Lum Phillips, another negro man, and the two participants in the affray. The wounded negroes, bleeding profusely, were brought to the station in the police patrol, where their wounds were dressed by Dr. Hawley. John Crosby had a deep flesh wound on the left arm, while Alexander Huey had two dangerous looking slashes on the left arm also, one above and one below the elbow.

Mr. Cliff Newell was attorney for the defendants and gave notice of appeal from the decision of the court, with the request that he be allowed to withdraw the appeal notice if he thought best on looking into the matter further.

Feminine knife artists also appeared in court this morning. They were Annie Wise and Bertha Richardson, the latter of whom had received a stab in the breast from Annie Wise on East Trade street about 9 o'clock. According to the statement of Annie Wise she passed the Richardson woman on this street when the latter followed and struck her. Then it was she used the knife. Judgment was suspended in the case of the Richardson woman, while Annie was fined \$25 and the costs.

A pretty lengthy list of drunks and disorderlies made a court of unusual length for a mid-week morning. Mr. Cliff Newell was the stellar attorney in the session of court, appearing in three separate cases.

MRS. BLAND GREATLY IMPROVED. Mrs. M. A. Bland and child will return tonight from Little Switzerland, where they have been spending the summer. Mrs. Bland's many friends will be glad to know that she has been greatly benefited by her stay in the mountains.

REUNION OF KIRBY FAMILY. Sunday last found a happy reunion of the Kirby family at the parental roof on North Graham street. Mr. and Mrs. M. F. Kirby, their daughters, Mary, Sarah and Hattie, one unmarried, Mr. Robin Kirby and three married sons, Messrs. M. F., Jr., W. J. and J. W., and their wives, met at Mr. Kirby's and spent the day together. Mr. M. F. Kirby, Jr., and wife, came from Gastonia for the day. Mr. W. J. Kirby and wife, and Mr. John W. Kirby and wife, the latter a bride, live here. A sumptuous dinner was served, and happy indeed was the home circle.

WITHIN A WEEK'S TIME. Mrs. and Mrs. Louis Asbury and baby, who are in Boston, with Mrs. Asbury's mother, Mrs. Crosby, will return to Charlotte within a week's time.

MRS. OATES' MOTHER TO LIVE HERE. Mrs. C. E. Thompson, mother of Mrs. J. M. Oates and Mrs. H. A. Murhill, and her son, who have been living in Statesville for some time, will spend the winter in Charlotte. They will live in the cottage now occupied by Mrs. Lydia H. Craig and her daughter, Mrs. Maude C. Matthews at 905 South College St. The latter will move elsewhere in the neighborhood.

MRS. CODDINGTON NEXT HOSTESS. Mrs. C. C. Coddington is to be this week's hostess to the Tuesday Bridge Club, entertaining the Club Thursday, instead of today. Mrs. Coddington is just home from Baltimore.

A DAY IN THE CITY. Mrs. J. P. Little and Miss Minnie Little, of Little's Mills, and Miss Rosa Everett of Rockingham, are guests at the Selwyn.

MISS GUDE LEAVES. Miss Julia Gude, of Atlanta, who has been the guest of her sister, Mrs. Isaac Harleman, has returned home. Miss Gude was one of the season's most popular visitors. She was guest of honor at a number of pretty affairs.

MR. AND MRS. WORLEY HAVE GUESTS. Mr. and Mrs. S. J. Worley, of No. 15 North McDowell street, will have as their guests for several weeks, their niece, Miss Ina Phillips, of Lexington, and nephew, Mr. Paul Smeltz, of Hopdale, Ill., both of whom will arrive tonight.

MISS CLINARD RETURNS. Miss Helen Clinard has returned from Ocean View, Va., where she spent the greater part of the summer, as the guests of Misses Rebecca and Priscilla Alden, of St. Louis.

TO COME FRIDAY. Mrs. Cameron Morrison, who is visiting in Rockingham and Wadesboro will be home by Friday.

BRIDGE CLUBS. Mrs. J. B. Spence will be hostess to the Friday Morning Bridge Club this week.

The Wednesday Bridge Club meets tomorrow with Mrs. Lottie Maffitt.

HAD BEEN DOCTORING A YEAR FOR ECZEMA

A Remarkable and Convincing Statement of the Success of Cuticura Soap and Ointment in the Treatment of the Pain, Itching and Burning of Eczema

"I, the undersigned, cannot give enough praise for at least a year for eczema on my foot. I had tried doctor after doctor all to no avail. When a young girl I sprained my ankle three different times, paying little or no attention to it until five years ago a small spot showed upon my left ankle. I was worried and sent for a doctor. He said it was eczema. He drew a small bone from the ankle about the size of a match and about an inch long. The small hole grew to about the size of an apple, and the eczema spread to the knee. The doctors never could heal the hole in the ankle. The whole foot ran water all the time.

"My husband and my sons were up night and day wheeling me from one room to another in the hope of giving me some relief. I would sit for hours at a time in front of the fireplace hoping for dry heat. The pain was so intense I was almost crazy, in fact, I would lose my reason for hours at a time. One day a friend of mine dropped in to see me. No more, he glanced at my foot than she exclaimed, 'Mrs. Finnegan, why in the world don't you try the Cuticura Remedies?' Being disgusted with the doctors and their medicines, and not being able to sleep at all, I decided to give the Cuticura Soap and Ointment a trial. After using them three days that night I slept as sound as a silver dollar for six long hours. I awoke in the morning with but very little pain, in fact, I thought I was in heaven. After using the Cuticura Remedies for three months I was perfectly restored to health, thanks to the Cuticura Soap and Ointment. I will be sixty-four years of age next birthday. My health is hearty and present." (Signed) Mrs. Julia Finnegan, 2233 Hebert St., St. Louis, Mo., Mar. 7, 11.

Cuticura Soap and Ointment are sold throughout the world. Send to Potter Drug & Chem. Corp., Dept. 12A, Boston, for free sample of each with 32-p. book on the skin.

Commissioners Appropriated \$900

County Commissioners at Yesterday Afternoon's Session Decided to Give \$900 Toward Paying a Commissioner of Agriculture for County.

The Mecklenburg county commissioners in their session of yesterday afternoon voted to appropriate \$900 to supplement the \$300 provided by the Rockefeller Foundation for a commissioner of Agriculture for Mecklenburg county. A committee from the Mecklenburg Farmers' Union, consisting of Messrs. W. S. Pharr, W. C. Cosby, J. E. Walker and T. M. McConnell, appeared before the board yesterday afternoon, as stated in yesterday's News, and asked for the appropriation. Mr. Clarence O. Kuester also spoke to the board in behalf of the appropriation.

This appropriation by the board is only for one year and is somewhat in the nature of an experiment, the board proposing to give the plan a fair chance to start and become permanent if it is found that the public meets the plan heartily and co-operates with the commissioners.

A delegation also appeared before the commissioners in the interest of a bridge which it is hoped to build across the Catawba river, connecting Mecklenburg and Lincoln counties. The first steps toward securing this bridge, which will be located somewhere near Beattie's ford and Graham's ferry, were taken some months ago, when a strong delegation representing upper Mecklenburg and the southern part of Lincoln county, appeared before the Mecklenburg commissioners with a request that Mecklenburg's commissioners take up the matter for consideration. The promoters also conferred with the commissioners of Lincoln county about a month ago and sought to secure their co-operation with the commissioners of Mecklenburg in erecting the bridge and sharing the expense.

Among the delegation which appeared before the Mecklenburg board yesterday afternoon in behalf of the bridge were Dr. Henry Louis Smith, of Davidson; Prof. Charles Grey, J. H. Weddington, C. J. Kuester, P. J. Stough, J. C. McNeely, W. T. Corwith and others. It is the desire of those interested to have a bridge something like that at Rozzelle's ferry, to be of steel and to cost about \$15,000. The bridge would be a great convenience to the townships in the northwestern part of the county and to the townships in Lincoln county on the opposite side of the river. There is a territory along the Catawba extending nearly 25 miles southward from the northern boundary of Mecklenburg that has no better means of communication with the Lincoln side than ferds and ferries.

The Mecklenburg commissioners expressed themselves as looking with favor on the proposition, but deferred taking any action in the matter until they could learn the minds of the Lincoln county commissioners on the subject.

Mr. Jamison to Build in Myers Park. Mr. J. M. Jamison has purchased two lots in Myers Park, consisting of about two acres facing on the Park and Providence road. Mr. Jamison expects to use the two lots for one building lot, on which he will erect a beautiful home. Mr. Jamison's lot is covered with large trees and is one of the many connecting home lots in Myers Park.

THE LAX-FOS WAY. If you had a medicine that would strengthen the liver, the stomach, the kidneys and the bowels, and at the same time make you strong with a systematic tonic, don't you believe you would soon be well?

That's "The Lax-Fos Way." We ask you to buy the first bottle on the money-back plan, and you will ask your druggist to sell you the second. It keeps your whole insides right. There is nothing else made like Lax-Fos. Remember the name—LAX-FOS.
