Mrs. Murphy's Brother Dies in Ga.

The funeral of Mr. David H. Dougherty, brother of Mrs. J. E. Murphy, of this city, was held in Atlanta, Ga., yesterday. Mrs. Murphy left Monday to be in attendance.

For many years Mr. Dougherty resided in Charlotte, where he engaged in business with his sister's husband. The following clipping is from the Atlanta Journal:

"The news of the death of Mr. David H. Dougherty will be received with profound sorrow, especially by the older residents of the city, among whom he lived and moved so prominently in the years gone by. Mr. Dougherty passed away Monday morning at his home, 853 West Peachtree, after an illness of many years. Death came to him about 7 o'clock in the morning.

"Mr. Dougherty was 80 years old, and although he was born and reared in Tennessee, he came early in life to Atlanta and had been identified with the city ever since. As a member of the wholesale dry goods firm of Dougherty & Silvey, he held prominent place in the city's business world for many years. About 30 years ago he left the wholesale business to establish the firm of D. H. Dougherty & Co., dry goods retailers, which later became Dougherty & Murphy and for years was one of the South's leading merchants.

"All who were in former days associated with Mr. Dougherty in business, church, or social life, will recall the character and forceful personality which stamped his actions at all times. Living in a very unassuming style since his retirement from business, he drew his intimate friends still closer to him and gained many others everywhere he moved, to all of whom the news of his death will come as a great shock.

"Many years ago the residence of Mr. Dougherty was the elegant mansion standing at the southeast corner of Baker and Peachtree streets, which was built especially for Mr. Dougherty. About 15 years ago he sold it to the Colonial Club, which later disposed of it to Dr. J. R. Hopkins, its present owner.

"Mr. Dougherty was a Mason. He fought through the war in the Confederate army, attaining the rank of captain. About two years ago he was in a street car accident, and from the injuries and shock received he had been an invalid ever since, and it is believed to have eventually caused his death.

"Surviving Mr. Dougherty are two daughters, Miss Odesa Dougherty and Mrs. W. J. Davis; one son, D. H. Dougherty, Jr., and one sister, Mrs. John Silvey.

"The funeral will be held Tuesday afternoon at 3 o'clock from the First Methodist church, Rev. S. P. Wiggins officiating, and the interment will be in West View cemetery.

Flynn Elliott Wins 14 Prizes

Flynn Elliott, the poultry "doctor" of The News' Poultry Department, made an altogether creditable record of winning at the Appalachian Exposition Poultry Show now in progress in Knoxville. Mr. Elliott entered 14 birds, including several varieties of bantams, white crested ducks, fawn and white Indian runner ducks, etc. On the latter he won second and third prizes. On the former birds he won in all five firsts, winning fourteen prizes of some description on fourteen entries.

Mr. Elliott is one of the best known breeders in the state. He "grows" everything from pheasants to White Holland turkeys and Endon geese, pigeons, peafowls, white guineas, muscovy ducks and other somewhat rare birds are found on his place near the city.

Mr. Elliott wires The News that there were 2,000 birds entered at the show, and competition was keen in certain lines, particularly in white Indian runner ducks.

J. C. Patton, whose birds were wholly out of condition, won two prizes, fourth drake and fifth duck on three entries of White Runners in the hot competition ever recorded at a poultry show.

U. R. Fisel was there with forty White Runners and other well-known breeders were hotly contesting for prizes. Ballard won first and second duck in fawn and white.

Capt. Tom Rowland, Messrs. Atwell, Simmons and others are among visitors to the show from this section.

Weather All Over the South.
Kentucky: Probably fair tonight and Thursday; cooler Thursday and Tennessee: Fair tonight and Thursday.
Alabama, Georgia, Mississippi, North and South Carolina: Generally fair to night and Thursday; light variable winds.
Florida: Probably fair in north, showers in south and central portions tonight or Thursday; light to moderate winds.

THE MID-WEEK FOOTBALL IS LOSING FAVOR

New York, Sept. 27.—That mid-week football games are rapidly losing favor among the colleges is shown by the small number of contests scheduled for today as compared with the lists of the corresponding Wednesday in previous years.

Tendency among football officials is to cut down the schedules as much as possible the belief being general that too great a tax has been placed on the average eleven by the hard playing programs.

Harvard has entirely eliminated the Wednesday game while Yale and Cornell has retained only one and Princeton and Pennsylvania two.

Today's program will serve as a test of the early season ability of Yale, Cornell, Dartmouth and Case. Each of the quartet has a comparatively easy opponent, Yale meeting Wesleyan, Cornell having Alleghany as a foe and Dartmouth and Carlisle facing Norwich and Muhlenberg respectively.

Alumni Secures Prof. Noble For an Address

The committee appointed at the last meeting of the Mecklenburg alumni of the University of North Carolina, to make plans for the annual banquet on October 12, which is University Day, announces that it has secured the services of Prof. Marcus Cicero Stephens Noble, head of the University department of pedagogy, to be present and make an address.

The banquet will be served at the Southern Manufacturers' Club. A special effort is being made to have a large attendance of the alumni, since the banquet will be made the occasion of raising Charlotte's part of the expenses of the recently organized State Alumni Association. It is not necessary to hold a degree from the University to be eligible to the banquet. Every former student is counted an alumnus.

In addition to this address of the guest of honor, brief speeches will be made by the local alumni.

IMPORTANT RULING ON GRANITE RATES.

Washington, Sept. 26.—Permission was granted today by the interstate commerce commission to the Charles & Northwestern Carolina Railway and other lines to establish on granite and stone from Spartanburg, S. C., to all destinations except those in South Carolina lower rates than are in effect to intermediate points. Large quarries have been opened at Spartanburg. The railroad's application to make lower rates was granted to insure parity of rates between Spartanburg and other Southern producing points.

Crews From Seven States.
eBy Associated Press.
New York, Sept. 27.—Crews representing seven states will compete on the Hudson river here Saturday in the second annual regatta of the national naval militia. Ohio, South Carolina, Michigan, Maryland, New Jersey, Massachusetts and New York are the states represented in the list of entries.

Great interest centers in the race of 10-oared cutters over a two-mile course. The trophy is a silver cup which must be won three times for permanent possession. Last year Ohio was victorious after a hard struggle with South Carolina. The latter state is expected to carry off again the six-oared boat race, which it won by a big margin last year.

The many friends of Mr. J. O. Ross, who underwent an operation yesterday at the Charlotte Sanatorium, will be glad to know that he is getting along nicely.

FINAL GAMES IN FIGHT FOR BIG PENNANT

Chicago, Ill., Sept. 27.—With the New York baseball team far in the lead for the National League pennant, a series of four games that may determine if it does not definitely decide the league championship was scheduled to begin here this afternoon between the Eastern team and Chicago. As a result of yesterday's double-header with Chicago divided with Boston, the Western contenders for the title was 53 points behind the leaders, who did not play yesterday. The standing at the beginning of the present series was:

Club	Won	Lost	P.C.
New York	90	48	.562
Chicago	85	53	.594

If New York wins all four games of the series with Chicago, Manager McGraw and his men will have the pennant won.

The Eastern players who arrived yesterday from Cincinnati and rested for the crucial contest, do not say that they will accomplish this but they believe that if they can win at least half of the games, they will virtually grasp victory.

New York at the beginning of the Chicago series had 16 games to play to finish the season while Chicago had only 11. The Chicago players are not exceedingly hopeful; for, to defeat New York they will have to win all 11 games unless New York should lose more than nine of its 16.

ABUSE OF INTOXICANTS AT COLLEGE FUNCTIONS.

By Associated Press.
Lincoln, Neb., Sept. 27.—Decrying the abuse of intoxicants at university social functions, Chancellor Avery at the convocation of the University of Nebraska declared he agreed with R. T. Crane, of Chicago, as to intemperance in educational institutions.

President Taft has said he regarded Mr. Crane's criticism as too severe.

"Mr. Crane has written some things that demand more than a passing glance," said Chancellor Avery. "It is true that student life is everywhere characterized by some undesirable features and always will be, since education cannot well be deferred until the student has become as staid as his parents."

"Mental intemperance is an even greater evil. The nation, it seems to me, is just recovering from a great mental debauch. Reckless denunciation of patriotic and conscientious men, yellowness in magazines and other publications have disgraced our era. Fortunately we are now entering a calm and safer period.

"Those unspeakable conditions which Mr. Crane describes as existing in some institution, overdrown though I think they are, are largely due to the presence of idle rich whose influence everywhere is restrictive to scholarship."

SALE OF PROPERTY OF CAROLINA ASBESTOS MANUFACTURING CO.

Pursuant to and under the authority of an order of the Superior Court of Guilford County in the civil action entitled R. G. Glenn et al vs. CAROLINA ASBESTOS MANUFACTURING COMPANY, the undersigned, as receiver of said Carolina Asbestos Manufacturing Company, will, at 12:00 o'clock M., of Monday, the 16th day of October, 1911, at 14 1/2 East Fourth Street, in the City of Charlotte, N. C., offer for sale at public auction to the highest bidder for cash the property and assets of said Carolina Asbestos Manufacturing Company, consisting of one hand saw, two six gallon oil cans, one wheelbarrow, shafting, pulleys, one grinder, one mixer, kilns, etc., as also bills and accounts receivable, said articles of property having been heretofore used by said Carolina Asbestos Manufacturing Company in the manufacture and preparation of pipe covering.

Will Advertise For The Machinery

Water Commissioners Instruct Engineer Gilbert White to Advertise for Bids for Necessary Machinery for Water Works Plant.

At a meeting of the city board of water commissioners last night Mr. Gilbert White, engineer in charge of the construction of the water works system to Catawba, was instructed to insert advertisements in the leading engineering journals of the country, as well as in local papers, calling for bids for the machinery to be used in the new water works plant at Catawba.

Among other journals which will contain the advertisements are the Engineering News, The Manufacturers Record and Engineering and Contracting.

A certified check for the machinery, to accompany the bids, is to be 10 per cent of the amount of the bid. If the bid includes the laying of the pipe the check is to be \$5,000.

These bids are to be in the hands of Engineer White by October 1st on that date.

The cost of purchasing the machinery and laying about ten miles of piping will approximate \$150,000. The machinery will include two pumps, driven by electric motors, and having a daily capacity of 5,000,000 gallons; also an auxiliary steam pump with a daily capacity of 3,000,000 gallons, which is to be used in case of emergency.

The advertisements will specify that the piping shall be laid at an actual depth of 2 1/2 feet. The contract for the required piping was let some time ago and the first assignment will arrive Oct. 17. Work will then be started toward laying the pipes.
