

### Amusements

**"Jolly" John Larkins.**  
The singing and comedy work of "Jolly" John Larkins has always been a source of unbounded delight to American theatre-goers since he first discovered his marvelous voice and comedy ability. It means a lot, therefore, to say that he has never done better work than in the new big musical comedy, "Royal Sam," which will be presented at the Academy of Music tomorrow afternoon and night.

Nevertheless, Managers Morrow and Mindlin are making this seemingly extravagant claim for "Jolly" John. Another claim of the managers is that Larkins has been surrounded by one of the most excellent singing companies of principals and chorus that were ever brought together in this country, and they will be seen here just as they appeared during their New York run. "Jolly" John Larkins has just finished a four years' contract as co-star with Black Patti.

**"The Echo."**  
There happened to be a billposters' strike in Boston recently and in consequence the lithographs advertising several theatrical attractions in that city were not on the billboards in sufficient numbers to please the various managements. The men whose duty it was to put the posters up would not touch the paste brushes unless their hours were shortened and their wages increased.

Some of the shows submitted to the neglect, but not so "The Echo," the big musical comedy success of the New York Globe Theatre which comes to the Academy of Music, Saturday matinee and night, with an exceptionally large company of capable players and a huge singing and dancing contingent. This company numbers several suffragettes in its cast. When these ladies heard of the advertising predicament in which their pet attraction was plunged, the lines handed about their fair, young mouths, hats, pins, and sleeves were rolled up until the dimples of fair white arms laughed right out in the faces of the stubborn men who refused to put their pictures on the brick walls and billboards which adorn the city's thoroughfares.

And so, with paste-brush and paste-bucket, the feminine members of "The Echo" company started out to do their own posting. Several boards were covered before Miss Blanche Deyo and Mr. Frank Woods, the leading members of the cast, called a halt and escorted the suffragettes back to the theatre in time for a matinee.

Seats for "The Echo" are now on sale at Hawley's.

**"The Chocolate Soldier."**  
Brimming with melody and effervescent with the satiric humor of George Bernard Shaw, "The Chocolate Sol-

dier" will be presented at the Academy of Music next Monday evening by the Whitney Opera Company, including an orchestra of 25 players. The entertainment has been uniformly brilliant and successful on both sides of the Atlantic. It is now in its second year in London. The opera has sent out widening ripples of harmony and theatre-goers are agog to see this work of Oscar Straus as accompanist to the brilliant story of George Bernard Shaw.

In the language of the trained musician, "The Chocolate Soldier" is made up of tricky music whose note effects and tone themes change so rapidly to fit the humorous and warmly sentimental scenes that he who knows little of music can laugh and revel in the melody; but the student sits in delight and amazement at the mystery of artistic brilliance on the part of Oscar Straus. The work is epoch-making in bringing to the great favor of the theatre-goer a true opera bouffe in which music tells the story as well as does the dialogue, in which every member of the cast is funny some of the time, though there is no special comedian, and in which a full story is told without interrupted horse-play of any kind.

The influence of the work is already to be seen in the new opera from London, Vienna and our American opera-makers.

A young Swiss gentleman forced into the Serbian army takes refuge in the house of a Bulgarian colonel, and captivates his wife, her young cousin and also her daughter. The latter is engaged to a Bulgarian major who poses as a hero. The Swiss chap is an engaging fellow whose diet has been restricted to chocolate drops, but he is very vigorous in his love making and creates no end of complications. The bogus Bulgarian hero is finally exposed and the Chocolate Soldier wins the hand of the Bulgarian maid after the difficulties have been ironed out. It develops that the real hero is the son of the leading hotel man in Switzerland and able to overcome all the terrors of housekeeping. The production is opera bouffe of a very high class with frequent humorous and sarcastic allusions.

Grace Drew and Leila Hughes in the prima donna roles of Nadina; Janita Fletcher, the rollicking Mascha; Lucille Saunders as Aurelia; Osborne Clemson, rapidly assuming the proportions of a "matinee idol" in the impressive moods of femininity; Arthur Burckley, the bombastic Alexius; Edmund Mulcahy as Col. Popoff and Nelson Riley as Capt. Massakoff, head a cast famous for almost equal excellence in all its roles.

The advance sale of seats will start tomorrow at the theatre box office at 10 o'clock sharp. Mail orders must be accompanied by money orders, payable to John L. Crovo, manager of Academy of Music, Charlotte.

### ENTERTAIN AL. FIELDS.

Atlanta, Sept. 28.—The Shriners of Atlanta have taken possession of the new Atlanta theatre for tonight when Al G. Fields, the minstrel man, will give his first performance of a three-days entertainment here.

The coming of Al G. Fields to Atlanta is something of a personal event, for Mr. Field has many warm friends among local professional and business men, who delight to entertain him as well as to be entertained by him.

### ONE FIGHT AT POLLS.

Atlanta, Sept. 28.—Only one person during yesterday's election, and that was not very bloody, Attorney Charles T. Hopkins, who had been called a liar in a newspaper card written by W. C. Puckett, slapped Puckett's face in the presence of 100 or more voters. The incident ended there.

### THE TEST OF MERIT.

Charlotte People are Given Convincing Proof.  
No better test of any article can be made than the test of time and this is particularly true of a kidney medicine. Doan's Kidney Pills have stood this test and stood it well. What better proof of the merits of this remedy could you demand, than the statement of a Charlotte resident who has been cured and has stayed cured?

Read the following:  
J. W. Deaton, R. F. D. No. 5, Charlotte, N. C., says: "I was troubled by lumbago for a number of years and there were times when I was so lame that I could not do my work. I had sharp pains through my kidneys, was C. Wright, of Newnan, suggesting that at the coming gubernatorial primary the people be given an opportunity to express their preference for a democratic candidate, and that the Georgia delegation to the national democratic convention be instructed to abide by the wishes of the people thereby expressed."

Senator Harris is an enthusiastic Woodrow Wilson man, and believes the people of Georgia share his views, but that is neither here nor there. He wants the views expressed, whether they are for Wilson or Judson Harmon or whomsoever.

If Senator Harris' views are adopted by the state committee Georgia will have the interesting spectacle, in all probability, of a warm campaign conducted this fall in Georgia alone, by the friends of Harmon and Wilson on behalf of their respective candidacy for the presidency. If things get hot it might even be possible that one or both of those gentlemen would be invited to speak in Georgia.

Senator Harris' letter has just been sent to Chairman Wright, and no reply has yet been received.

### FRENCH SERVANTS FOR SOUTH.

Atlanta, Sept. 28.—The declaration of the New York World that Southern women are beginning to import French servants to take the place of negro maids and cooks around the house is corroborated by investigation into Atlanta conditions.

### NEW STATE SCHOOL AUDITOR.

Atlanta, Sept. 28.—C. C. Buchanan, whom the new state board of education has selected as state school auditor under the new law will enter upon his actual duties next Monday morning, as will the three rural school supervisors chosen at the first meeting of the board over which Governor Hoke Smith presided.

### Trinity Busy With New Work

Special to The News.  
Trinity College, Durham, N. C., Sept. 28.—With appropriate exercises the Ninety-Ninth Society, otherwise known as the scholarship fraternity of the college, held their annual initiations Monday night in their hall in the Epworth building. Eleven men were admitted into the organization, and from the size of this number may be judged the excellent standing of the students of the class of 1913, from whose ranks came the greater part of the new men. The 9019 Society admits no member who does not attain unto a certain high degree of excellence in their studies, and it is one of the oldest organizations in the college.

The Debate Council of Trinity College met for the first time this year Monday afternoon and organized for the year. This body, which has in charge the general debating interests of the college, is composed of Professors Boyd, Flowers, and Glasson, and two representatives from each of the two literary societies of the college.

The first big athletic rally of the year was held in Craven Hall Tuesday night. The meeting was called for the purpose of stimulating a much greater interest in the athletic sports that will come this fall, such as tennis, basketball, and the track work. Enthusiastic speeches were made by many of the students representing all the various phases of sports conducted at Trinity college.

### Georgia Tech Campus Alive

Atlanta, Sept. 28.—The campus of the Georgia school of Technology is one of the busiest places in Atlanta, and the enrollment of students this year is greater than ever before in the history of the institution. When the opening exercises were concluded last week it was found that there was room for the accommodation of only six more freshmen, and now the school is filled to its capacity.

Part of the new shop building is already in use, and numerous other improvements are visible on the campus.

### HAS MILLIONS OF FRIENDS.

How would you like to number your friends by millions as Bucklen's Arnica Salve does! Its astounding cures in the past forty years have made them. It's the best salve in the world for sores, ulcers, eczema, burns, boils, scalds, cuts, corns, sore eyes, sprains, swellings, bruises, cold sores. Has no equal for piles. 25c. at W. L. Hand & Co.

### The Jim-Jams

The young lady was painting—sunset, red, with blue streaks and green dots.

The old rustic—at a respectful distance—was watching.

"Ah," said the female artist, looking up, suddenly, and pretending she hadn't known he was there all the time, "perhaps to you, too, Nature has opened her sky-pictures page by page? Have you seen the lambent flame of dawn, leaping across the livid east; the red-stained sulphurous islets floating in the lakes of fire in the west; the ragged clouds at midnight, black as a raven's wing, blotting out the shuddering moon?"

"No, mum," replied the rustic, shortly, "not since I give up drink."

That reminds us what Goldsmith said, in "The Vicar of Wakefield," "That the concatenation of self-interest proceeding in a reciprocal duplicate ratio naturally produced a problematical diabolism."

All of which means that the place to buy your insurance is, headquarters, for the article.

### Afraid of Ghosts

Many people are afraid of ghosts. Few people are afraid of germs. Yet the ghost is a fancy and the germ is a fact. If the germ could be magnified to a size equal to its terrors it would appear more terrible than any fire-breathing dragon. Germs can't be avoided. They are in the air we breathe, the water we drink.

The germ can only prosper when the condition of the system gives it free scope to establish itself and develop. When there is a deficiency of vital force, languor, restlessness, a sallow check, a hollow eye, when the appetite is poor and the sleep is broken, it is time to guard against the germ. You can fortify the body against all germs by the use of Dr. Pierce's Golden Medical Discovery. It increases the vital power, cleanses the system of clogging impurities, enriches the blood, puts the stomach and organs of digestion and nutrition in working condition, so that the germ finds no weak or tainted spot in which to breed.

"Golden Medical Discovery" contains no alcohol, whisky or habit-forming drugs. All its ingredients printed on its outside wrapper. It is not a secret nostrum but a medicine of known composition and with a record of 40 years of cures. Accept no substitute—there is nothing "just as good." Ask your neighbors.

### Unique Plan For Ga. Voters

Atlanta, Sept. 28.—A unique plan has been suggested to let the people of Georgia vote this fall in their choice for democratic president of the United States. People in other states will not be voting on a new president until 1912.

Senator William J. Harris, of Cedar-town has written the chairman of the state executive committee, Hon. Wm. C. Wright, of Newnan, suggesting that at the coming gubernatorial primary the people be given an opportunity to express their preference for a democratic candidate, and that the Georgia delegation to the national democratic convention be instructed to abide by the wishes of the people thereby expressed.

Senator Harris is an enthusiastic Woodrow Wilson man, and believes the people of Georgia share his views, but that is neither here nor there. He wants the views expressed, whether they are for Wilson or Judson Harmon or whomsoever.

If Senator Harris' views are adopted by the state committee Georgia will have the interesting spectacle, in all probability, of a warm campaign conducted this fall in Georgia alone, by the friends of Harmon and Wilson on behalf of their respective candidacy for the presidency. If things get hot it might even be possible that one or both of those gentlemen would be invited to speak in Georgia.
